DAVID H. YAMASAKI

Chief Executive Officer/Clerk
Superior Court of CA County of Santa Clara

BY M. Rowson DEPUTY

Case No.: 1-12-CV-226570

FIRST AMENDED COMPLAINT FOR
DECLARATORY AND INJUNCTIVE RELIEF
AND PETITION FOR WRIT OF
MANDATE/PROHIBITION OR OTHER
APPROPRIATE WRIT RELIEF

By this action, plaintiffs and petitioners, active and retired members of the 1975 Federated City Employees' Retirement Plan (Plan), seek injunctive, declaratory and writ relief to invalidate certain amendments to the San Jose City Charter as violations of their vested contract rights.

Plaintiffs and petitioners allege:

1 **PUBLIC EMPLOYEE PENSION RIGHTS ARE PROTECTED UNDER CALIFORNIA LAW**

2 1. Under California law, when a public entity creates a pension system, the
3 right to that pension vests when an employee commences employment. A pension
4 system may be modified prior to employee retirement for the limited purpose of
5 keeping the system flexible and to maintain the integrity of the system. Before
6 employee pension rights can be detrimentally affected, commensurate benefits must
7 be given the employee to prevent an unconstitutional impairment of pension
8 entitlements. When governmental action impairs vested pension rights, the courts are
9 required to enjoin such conduct.

10 2. Non-safety personnel employed by the City of San Jose since 1975 have
11 participated in the Plan provided under San Jose Municipal Code (SJMC), Chapter
12 3.28, §§ 3.28.10 et seq., a true and correct copy of the Plan is attached as Exhibit A. On
13 June 5, 2012, San Jose voters enacted Local Measure B, a true and correct copy of
14 which is attached as Exhibit B. It amends the City Charter to impose various changes
15 and limitations to Plan benefits for active and retired employees. These changes and
16 limitations unconstitutionally impair plaintiffs' and petitioners' vested contract rights.
17 These impairments include, but are not limited to: (a) eliminating disability retirement
18 benefits by redefining eligibility to require that an employee be unable to perform the
19 employee's job *and* "any other jobs described in the City's classification plan" because
20 of the employee's medical condition, even if no such jobs are available which the
21 disabled employee can perform; (b) permitting the City Council upon a declaration of a
22 "fiscal and service level emergency" to suspend and forfeit annual cost of living
23 adjustments (COLAs) to retirees; (c) forcing employees to make additional
24 contributions for up to 50% of the pension plan's unfunded actuarially accrued liability
25 (UAAL); (d) forcing employees to make additional contributions for up to 50% of the
26 retiree medical plan's unfunded UAAL; and, (e) eliminating the Supplemental Retiree
27 Benefit Reserve (SRBR) which funds supplemental benefits to annuitants and
28 survivors.

1 **PARTIES**

2 3. Plaintiff and petitioner Teresa Harris is a San Jose Plant Mechanic at the
3 Water Pollution Control Plant and an active participant in the Plan.

4 4. Plaintiff and petitioner Jon Reger is a San Jose Environmental Inspector
5 and an active participant in the Plan.

6 5. Plaintiff and petitioner Moses Serrano worked as a San Jose Senior
7 Maintenance Worker at the Airport for 30 years before retiring in 2010. Plaintiff and
8 petitioner Serrano is a retired annuitant of the Plan.

9 6. Defendant and respondent City of San Jose (City) is a municipal
10 corporation in the State of California that operates under the authority of the California
11 Constitution and the City Charter.

12 7. Defendant and respondent Debra Figone is the San Jose City Manager.
13 She is sued in her official capacity. Under the City Charter, Figone is the chief
14 administrative officer of the City responsible to the Council for the administration of
15 City affairs placed under her charge including but not limited to responsibility for the
16 faithful execution of all laws, provisions of the charter and acts of the Council which
17 are subject to enforcement by her or by officers who are under her direction and
18 supervision.

19 8. Defendants and respondents Does 1 through 15, inclusive, are sued
20 under fictitious names. Their true name and capacities are unknown to plaintiffs and
21 petitioners. When their true names and capacities are ascertained, plaintiffs and
22 petitioners will amend this complaint by inserting their true names and capacities.
23 Plaintiffs and petitioners are informed and believe, and thereon allege, that each of the
24 fictitiously named defendant and respondent is responsible in some manner for the
25 occurrences alleged in this action, and that plaintiffs' and petitioners' damages as
26 alleged in this action are proximately caused by those defendants and respondents.

27 9. Necessary Party in Interest the Board of Administration of the 1975
28 Federated City Employees' Retirement Plan (Board) is the body appointed by the City

1 Council responsible for managing, administering and controlling all funds in the Plan
2 established under the SJMC and the California Constitution, art. XVI, § 17. The Board
3 administers the retirement system and performs various functions related to the Plan,
4 including determining eligibility for receipt of retirement benefits, the calculation of
5 employer and employee contributions, the management and investment of the Plan's
6 funds and the distribution of pension benefits to retired employees.

7 **JURISDICTION AND VENUE**

8 10. Plaintiffs and petitioners bring this action for declaratory relief pursuant to
9 Code of Civil Procedure § 1060 to determine the constitutionality and validity of
10 Measure B. Plaintiffs and petitioners bring this action for injunctive relief pursuant to
11 Code of Civil Procedure §§ 526 and 527 and Civil Code § 52.1 to enjoin the
12 implementation of Measure B because it violates plaintiffs' and petitioners'
13 constitutional and contract rights. Plaintiffs and petitioners also bring this action as a
14 petition for appropriate writ relief under Code of Civil Procedure § 1085 to block
15 implementation of Measure B as an unconstitutional impairment of contract under art.
16 I, § 9, an unconstitutional violation of substantive due process under art. I, § 7 and an
17 unconstitutional taking of property without just compensation under art. I, § 19,
18 respectively, of the California Constitution and the existing terms of the Plan. This
19 action is properly filed in the County of Santa Clara pursuant to Code of Civil
20 Procedure §§ 394 and 395 and Civil Code § 52.1.

21 **FACTS COMMON TO ALL CAUSES OF ACTION**

22 11. Membership in the Plan is compulsory and a condition of employment for
23 all non-safety employees. Retirement benefits under the Plan are funded by contri-
24 butions from both the employees and the City, which contributions are in turn
25 invested for the benefit of the Plan members. Employee contributions for normal
26 service cost and for COLAs are credited to member participation accounts. Employees
27 make no contributions towards prior service cost. When investments exceed the
28 actuarially assumed investment growth rate, the City's unfunded actuarially accrued

1 liability (UAAL) for prior service costs is reduced. Moreover, when the funding ratio
2 with the Plan's assets to liabilities exceeds 100%, the positive UAAL (or over-funding
3 of the Plan) serves as a credit in favor of the City by reducing its normal cost
4 contributions.

5 12. As adopted, Measure B amends the City Charter to alter provisions of the
6 Plan as it affects contribution rates and benefits for participants and annuitants.
7 ~~Measure B reduces, changes or eliminates existing retirement benefits enjoyed by~~
8 current non-safety employees and retirees in pertinent part, as follows:

9 a. Disability Retirement. Under SJMC § 3.28.1200 et seq., active
10 employees are entitled to a disability pension benefit if they can no longer perform
11 their jobs. The Board determines entitlement for a disability retirement upon proof of
12 "incapacity for the performance of duty," whether service-connected or non-service-
13 connected if the employee is "incapable of assuming the responsibilities and
14 performing the duties of the position then held by him [sic] or of any other person in
15 the same classification of positions to which the city may offer to transfer him"
16 (SJMC § 3.28.1210). Among other things, Measure B, § 1509-A subd. (a) and (b)
17 limits disability retirements for current and future employees to instances where the
18 employee is unable to perform any other job within the City, whether such job is
19 available and whether or not the City offers such a job to the employee. Thus, under
20 Measure B, if a disabled Water Pollution Plant Mechanic is capable of performing
21 secretarial duties, but no such positions are available, or such position is not offered,
22 the Plant Mechanic is ineligible for disability retirement benefits. Measure B, § 1509-A
23 subd. (c) displaces the responsibility for determining eligibility for disability retirement
24 benefits from the Board, and instead vests that responsibility in "an independent panel
25 of medical experts" subject to "a right of appeal to an administrative judge." Measure
26 B does not define a "medical expert" nor does it define "an administrative judge".
27 Measure B does not afford any offsetting or comparable benefit or advantage to the
28 Plan participants for § 1509-A.

1 b. Cost-of-Living Adjustments. Under SJMC §3.44.150 Plan
2 annuitants and survivors receive an annual COLA of 3% to their monthly allowance,
3 effective each February 1st. Measure B, § 1510-A authorizes the Council to suspend
4 costs of living adjustment paid to current and future retirees for up to five years, if the
5 Council adopts a resolution declaring a fiscal and service level emergency based on
6 unidentified criteria. There is no requirement under Measure B to repay annuitants for
7 the suspension or forfeiture of the COLAs. Measure B does not afford any offsetting
8 or comparable benefit or advantage to Plan participants for § 1510-A.

9 c. Contributions. Under SJMC § 3.36.1500 et seq., the Plan requires
10 the City and employees to make contributions towards the normal cost of the Plan in a
11 ratio of eight (City) to three (employee). The City is required to make 100% of the
12 contributions toward the UAAL that results from insufficient Plan assets to pay
13 projected retirement costs. Under Measure B, § 1506-A subd. (b), beginning July 23,
14 2013, employees will be required to make additional contributions to pay the Plan's
15 UAAL. San Jose employees will contribute from 4% of pay, up to a maximum of 16%
16 of pay per year, but no more than half the yearly cost to pay the UAAL. There is no
17 provision for a reduction in employee contributions in the event that the UAAL
18 declines to less than current amounts. Moreover, under Measure B, § 1514-A, if a
19 court determines that the provisions of § 1506-A subd. (b) are unenforceable,
20 equivalent monetary "savings" will be imposed on employees by "pay reductions".
21 Measure B does not afford any offsetting or comparable benefit or advantage to Plan
22 participants for § 1506-A.

23 d. Retiree Health Benefits. Under SJMC §§ 3.28.380 et seq. and
24 3.28.200 et seq., the Plan establishes medical benefit accounts within the retirement
25 fund to provide retiree medical benefits, including benefits for sickness, accident,
26 hospitalization, dental or medical expenses. Contributions for the normal cost of these
27 benefits are made by the City and the employees for dental benefits in the ratio of
28 three (City) to one (employee) and for medical benefits in the ratio of one (City) to one

1 (employee). SJMC § 3.28.380 et seq. sets out eligibility criteria for medical benefits
2 annuitants and allocates the costs of premiums for medical benefits. Under Measure
3 B, § 1512-A, the cost burden for unfunded liabilities for these benefits is shifted from
4 the City to the employees since they "must contribute a minimum of 50% of the cost
5 of retiree healthcare, including both normal cost and unfunded liabilities." Measure B
6 does not afford any offsetting or comparable benefit or advantage to Plan participants
7 for § 1512-A.

8 e. Supplemental Retirement Benefits. Under SJMC § 3.28.340 a
9 "gain sharing" segregated fund called the Supplemental Retiree Benefits Reserve
10 (SRBR) is established which requires the allocation of a portion of excess Plan
11 investment income to fund supplemental benefits to annuitants. Measure B, § 1511-A
12 discontinues the SRBR, and returns the SRBR segregated funds to the Plan's general
13 fund and prohibits the payment of supplemental benefits out of the SRBR or other Plan
14 assets. Measure B does not afford any offsetting or comparable benefit or advantage
15 to Plan participants for § 1511-A.

16 13. Plaintiffs and petitioners have no plain, speedy and adequate remedy in
17 the ordinary course of law, other than the relief sought in this complaint and petition,
18 because the constitutional violations at issue cannot be protected against and
19 plaintiffs' and petitioners' rights cannot be preserved absent injunctive or writ relief.

20 14. Defendants and respondents' implementation of the foregoing provisions
21 of Measure B is wrongful conduct, and unless and until enjoined and restrained by
22 order of this court, will cause great and irreparable injury to plaintiffs and petitioners
23 by impairing provision of vested pension rights.

24 15. Plaintiffs and petitioners have no adequate remedy at law for the
25 wrongful implementation of the foregoing provisions of Measure B because it will be
26 difficult to determine the precise measure of damages that will be suffered if
27 defendants' and respondents' conduct is not restrained, and plaintiffs and petitioners
28 will be forced to institute a multiplicity of suits to obtain adequate compensation for

1 each individual's injuries.

2 16. Defendants and respondents have a non-discretionary legal, constitutional
3 and contractual duty to continue in effect all vested Plan provisions, rights and
4 benefits to plaintiffs and petitioners. At all times herein mentioned, defendants and
5 respondents have been able to provide all provisions, rights and benefits under the
6 Plan in effect as of June 4, 2012 to plaintiffs and petitioners.

7 **FIRST CAUSE OF ACTION**
8 **REQUEST FOR DECLARATORY RELIEF**

9 17. Plaintiffs and petitioners hereby incorporate by reference the preceding
10 paragraphs.

11 18. Article I, § 7 of the California Constitution prohibits the taking of property
12 without due process.

13 19. Article I, § 9 of the California Constitution prohibits laws that impair
14 contracts.

15 20. Article I, § 19 of the California Constitution prohibits the taking of private
16 property for public use in the absence of just compensation.

17 21. An actual controversy has arisen and now exists between plaintiffs and
18 petitioners and defendants and respondents relative to their respective rights and
19 duties in that plaintiffs and petitioners contend that Measure B is unconstitutional,
20 invalid and unenforceable, both on its face and as construed by defendants and
21 respondents, because it impermissibly impairs vested contract rights to pension
22 benefits under the Plan. The impairment is neither reasonable nor material to the
23 theory of the pension system and its successful operation. It changes pension plan
24 benefits in a manner which results in a disadvantage to employees and annuitants
25 without comparable new advantages.

26 22. Plaintiffs' and petitioners require a declaration as to the validity of
27 Measure B, both on its face and as applied to plaintiffs' and petitioners' status as plan
28 members. A judicial declaration is necessary and appropriate at this time so that

1 plaintiffs and petitioners may ascertain their rights and duties.

2 23. The City Council prepared and authorized Measure B, and based thereon,
3 plaintiffs and petitioners are informed and believe, and upon such information and
4 belief allege that the defendants and respondents dispute the allegations regarding the
5 invalidity of Measure B, their obligations under law, and the alleged violations of the
6 law.

7 **SECOND CAUSE OF ACTION**
8 **IMPAIRMENT OF CONTRACT**
9 **[CALIFORNIA CONSTITUTION ARTICLE I, §9]**

10 24. Plaintiffs and petitioners hereby incorporate by reference the preceding
11 paragraphs.

12 25. As set forth in the SJMC, the Plan gives rise to vested contractual rights
13 for employees both active participants and annuitants, prior to June 5, 2012.

14 26. Measure B impairs the contractual rights of plaintiffs and petitioners.

15 27. By impairing these contractual rights without giving plaintiffs and
16 petitioners any comparable advantage, commensurate benefit or compensation,
17 Measure B as applied to existing plan participants, both current non-safety employees
18 and annuitants, is unconstitutional and violates Article I, § 9 of the California
19 Constitution.

20 **THIRD CAUSE OF ACTION**
21 **SUBSTANTIVE DUE PROCESS**
22 **[CALIFORNIA CONSTITUTION ARTICLE I, § 7]**

23 28. Plaintiffs and petitioners hereby incorporate by reference the preceding
24 paragraphs.

25 29. Article I, § 7 of the California Constitution prohibits the taking of property
26 for a public purpose without substantive due process of law.

27 30. Plaintiffs and petitioners have vested property right in the benefits
28 provided by the Plan, and in the Plan itself, in place when they began working for the
City, as well as any enhancements made during their service with the City.

31. By taking these protected benefits without giving plaintiffs and

1 petitioners any comparable advantage, commensurate benefit or compensation,
2 Measure B violates Article I, § 7 of the California Constitution.

3 **FOURTH CAUSE OF ACTION**
4 **TAKING**
5 **[CALIFORNIA CONSTITUTION ARTICLE I, § 19]**

6 32. Plaintiffs and petitioners hereby incorporate by reference the preceding
7 paragraphs.

8 33. Article I, § 19 of the California Constitution prohibits the taking of private
9 property for public use in the absence of just compensation.

10 34. Plaintiffs and petitioners have vested property right in the benefits
11 provided by the Plan, and in the Plan itself, in place when they began working for the
12 City, as well as any enhancements made during their service with the City. In
13 addition, the retirement benefits are a form of promise for compensation.

14 35. By taking these protected benefits without giving plaintiffs and
15 petitioners any comparable advantage, commensurate benefit or compensation, the
16 provisions of Measure B violates Article I, § 19 of the California Constitution as to the
17 taking of property for a public purpose without just compensation.

18 **FIFTH CAUSE OF ACTION**
19 **PETITION FOR WRIT OF MANDATE, PROHIBITION**
20 **OR OTHER APPROPRIATE WRIT RELIEF**

21 36. Plaintiffs and petitioners hereby incorporate by reference the preceding
22 paragraphs.

23 37. Plaintiffs and petitioners are informed and believe, and upon such
24 information and belief allege that upon the effective date of Measure B, if not before,
25 defendants and respondents will implement the provisions Measure B and will not
26 abide by all Plan provisions, rights and benefits in effect as of June 4, 2012.

27 **PRAYER FOR RELIEF**

28 WHEREFORE, plaintiffs and petitioners pray for the following relief:

1. A declaration that:

1 a. a. The provisions of Measure B cannot be applied to plaintiffs and
2 petitioners because it violates their constitutional and contractual rights; and,

3 b. b. The defendants and respondents were and are required to
4 provide plaintiffs and petitioners with the Plan provisions, rights and benefits in place
5 when they began working for the City, as well as any enhancements made during
6 their service with the City.

7 2. A preliminary and permanent injunction prohibiting the defendants and
8 respondents and the Board from applying or otherwise enforcing any part of Measure
9 B to plaintiffs and petitioners, inclusive of the admonition required under Civil Code,
10 § 52.1;

11 3. A preemptory writ mandating defendants and respondents and the Board
12 apply all Plan provisions, rights and benefits in effect as of June 4, 2012 to plaintiffs
13 and petitioners and prohibiting the defendants and respondents from applying or
14 otherwise implementing Measure B to plaintiffs and petitioners;

15 4. Any and all actual, consequential and incidental damages according to
16 proof, including but not limited to damages that have been or made be suffered by
17 plaintiffs and petitioners and all costs incurred by plaintiffs and petitioners in an
18 attempt to enforce the constitutional, statutory and contractual rights and described
19 herein;

20 5. For attorneys' fees pursuant to California Civil Code § 52.1, Code of Civil
21 Procedure § 1021.5, Government Code § 800 or otherwise;

22 6. For costs of suit herein incurred; and

23 \ \ \

24 \ \ \

25 \ \ \

26 \ \ \

27 \ \ \

28 \ \ \

1 7. For such costs and further relief as the Court deems just and proper.

Also, when the compensation of a member is a factor in any computation to be made under this chapter, there shall be excluded from such compensation any payments based on overtime put in by a member, any travel or uniform or expense allowance, any insurance or medical or surgical or hospital benefits, any worker's compensation benefits except as expressly provided in subsection G. below, any retirement or death or survivorship benefits, any payments paid on a per diem, per hour or any other basis than a monthly basis, and any and all other fringe benefits.

3. This subsection C. shall apply only in the case of:
 - a. A member who retires under the provisions of this chapter, either for service or disability, on or after July 5, 1998; and

B. The election made pursuant to this section shall be in accordance with the terms and conditions established by the board.

C. Upon the exercise of the election by a person pursuant to this section, the distribution from the retirement fund of the amount designated by the person, once distributable under the provisions of this chapter, shall be made in the form of a direct transfer to the eligible retirement plan so specified.

D. For the purposes of this section, "eligible rollover distribution" means a distribution from the retirement fund which constitutes an eligible rollover distribution within the meaning of Section 401(a)(31)(C) of the Internal Revenue Code, consisting of any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Section 401(a)(9) of the Internal Revenue Code; the portion of any distribution that is not includible in gross income; and any other distribution which the Internal Revenue Service does not consider eligible for rollover treatment, such as certain corrective distributions necessary to comply with the provisions of Section 415 of the Internal Revenue Code or any distribution that is reasonably expected to total less than two hundred dollars during the year. Effective January 1, 2002, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only: (i) to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code or to a qualified defined contribution plan described in Section 401(a) of the Internal Revenue Code; (ii) on or after January 1, 2007, to a qualified defined benefit plan described in Section 401(a) of the Internal Revenue Code or to an annuity contract described in Section 403(b) of the Internal Revenue Code, that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) on or after January 1, 2008, to a Roth IRA described in Section 408A of the Internal Revenue Code. Effective January 1, 2002, the definition of eligible rollover distribution also includes a distribution to a surviving spouse or to a spouse or former spouse who is an alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code. For purposes of this Section 3.36.480, "spouse" has the meaning set forth in federal law.

E. For purposes of this section, "eligible retirement plan" means a plan which constitutes an eligible retirement plan within the meaning of Section 401(a)(31)(D) of the Internal Revenue Code, consisting of one or more of the following:

1. An individual retirement account described in Section 408(a) of the Internal Revenue Code;
2. An individual retirement annuity described in Section 408(b) of the Internal Revenue Code;
3. An annuity plan described in Section 403(a) of the Internal Revenue Code;
4. A qualified trust described in Section 401(a) of the Internal Revenue Code;
5. Effective January 1, 2002, an annuity contract described in Section 403(b) of the Internal Revenue Code;
6. Effective January 1, 2002, a plan eligible under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan

from the retirement plan; or

7. Effective January 1, 2008, a Roth IRA described in Section 408A of the Internal Revenue Code.

F. For purposes of this section, "distributee" means an employee or former employee. It also includes the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code. Effective July 1, 2010, a distributee further includes a nonspouse beneficiary who is a designated beneficiary as defined by Section 401(a)(9)(E) of the Internal Revenue Code. However, a nonspouse beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity shall be treated as an "inherited" individual retirement account or annuity.

(Ords. 24814, 28886.)

3.36.485 Review of proposed amendments.

A. Except as provided in subsection B., prior to the adoption of any ordinance amending the police and fire department retirement plan, a copy of the proposed ordinance shall be provided to the board for the board's review and recommendation.

1. The board may, but is not required to, submit a report or recommendation on the proposed amendment to the city council.
2. If the board declines or fails to submit a report or recommendation on a proposed amendment within sixty days of receipt of the proposed ordinance by the secretary to the board, the city council may proceed to adopt or not adopt the ordinance without first receiving a report or recommendation from the board.
3. Nothing in paragraph 2. shall be deemed to preclude the board from thereafter submitting a report or recommendation to the city council.

B. In any case where the city council finds that there is a need to adopt an ordinance amending the system within a time period which would not allow for a sixty-day review period, the council may act on the ordinance without first submitting it to the board, and the following procedures shall apply:

1. At the time the council passes the ordinance for publication of title or, in the case of an urgency ordinance, at the time the council adopts the ordinance, the council shall refer the ordinance to the board for study and consideration.
2. Following its study, the board may submit to the council a recommendation that the council take one or more of the following actions:
 - a. Repeal the ordinance.
 - b. Readopt the provisions of the ordinance with such amendments, additions or changes, if any, as the board may wish to recommend.
 - c. Make such other changes or provisions as the board may recommend.
3. Upon receipt of the board's recommendation, the council may implement or disapprove the

recommendation.

(Ords. 24922, 24979.)

3.36.490 Direct trustee-to-trustee transfers.

A. If a member of this plan becomes eligible to purchase permissive service credit in this plan and elects to make such purchase through a lump sum deposit, the plan will accept a direct trustee-to-trustee transfer of funds from an eligible deferred compensation plan as defined in Section 457(b) of the Internal Revenue Code if such transfer is:

1. For the purchase of permissive service credit as defined in Section 415(n)(3)(A) of the Internal Revenue Code; or

2. A redeposit of withdrawn contributions pursuant to Section 3.36.710.

B. If required by the provisions of the Internal Revenue Code or the regulations promulgated under the Internal Revenue Code, the plan will account separately for funds received through a direct trustee-to-trustee transfer from an eligible deferred compensation plan.

(Ords. 21607, 25084, 25553.)

3.36.575 Separate medical benefits account.

A. There is hereby established as of July 1, 1995, the medical benefits account as a separate account within the retirement fund. The medical benefits account shall be maintained in compliance with Internal Revenue Code Section 401(h) and the regulations promulgated thereunder. Monies in the medical benefits account may be commingled with other monies in the retirement fund solely for the purposes of investment.

B. All contributions made to the retirement fund to provide for the payment of benefits for sickness, accident, hospitalization, dental or medical expenses of persons receiving monthly allowances under the provisions of this plan, and all earnings and interest attributable to such contributions, shall be placed in the medical benefits account. All contributions to the medical benefits account shall be reasonable and ascertainable. At the time the city makes a contribution to the medical benefits account, the city shall designate in writing that such contribution is solely for the medical benefits account.

C. Contribution rates to fund the benefits for sickness, accident, hospitalization, dental or medical expenses shall be established by the board as determined by the board's actuary and shall be borne by

the city and the members of the plan as follows:

1. Contributions for dental benefits shall be made by the city and the members in the ratio of three-to-one.
2. Contributions for other benefits provided through the medical benefits account shall be made by the city and the members in the ratio of one-to-one.

D. All funds in the medical benefits account shall be used only for the payment of benefits and expenses allowed under Internal Revenue Code Section 401(h) and the regulations promulgated thereunder. Prior to the satisfaction of all liabilities under this plan to provide such benefits, no funds in the medical benefits account shall be used for, or diverted to, any other purpose.

E. All benefits provided through the medical benefits account, plus any life insurance protection provided under the plan, shall be subordinate to the retirement and survivors' benefits provided by the plan. Accordingly, at all times after the date on which the medical benefits account is established, the aggregate of the city's contributions to the medical benefits account shall not exceed twenty-five percent of its total aggregate contributions to the plan (other than contributions to fund prior service). For the purpose of this limitation, city contributions include any contributions which are "picked-up" pursuant to Internal Revenue Code Section 414(h).

F. Upon the satisfaction of all liabilities under this plan to provide the benefits described in this section, any amount remaining in the medical benefits account shall be paid to the city.

G. In the event that a member's interest in the medical benefits account is forfeited prior to the termination of the plan, an amount equal to the forfeiture shall be applied as soon as practicable to reduce the city contributions to the medical benefits account.

(Ords. 27768, 28332, 28886.)

3.36.580 Supplemental retiree benefit reserve.

A. Establishment and Purpose.

1. The board shall establish a reserve in the retirement fund to be known as the supplemental retiree benefit reserve or SRBR.
2. The purpose of the SRBR shall be to provide a source of funding for benefits to supplement those benefits otherwise provided by this plan or the Chapter 3.32 plan to former members of such plans who are receiving benefits, survivors of such former members, and survivors of members who die prior to receiving benefits from this plan.

B. Funding.

1. The initial amount allocated to the SRBR shall be ten percent of the plan's prefunded actuarial accrued liability as of June 30, 1999, as determined by the board's actuary. The board's actuary shall calculate the initial funding amount without regard to any plan amendments that became

effective after June 30, 1999.

2. Each June 30, beginning June 30, 2000, there shall be allocated to the SRBR the investment earnings attributable to the balance in the SRBR as of June 30 of the calendar year in which the allocation is made. Investment earnings credited to the SRBR shall be calculated as though the transfer required by paragraphs 3. and 4. of this Subsection B. had been made on the immediately following July 1 (first allocation on July 1, 2000) regardless of the actual date such transfer is made. In the event the investment earnings for the retirement fund are less than zero, no investment earnings shall be allocated to the SRBR and no reduction shall be made to the SRBR balance except as provided in Subsection C. below.

3. The board shall determine the excess earnings for the twelve months ending June 30, 2000, and for the twelve months ending June 30, 2001, and shall transfer to the SRBR ten percent of the excess earnings for each such twelve-month period.

4. Within ninety days from and after receipt of audited financial statements for each fiscal year, commencing with the year 2002, the board shall determine, and by written resolution declare, the excess earnings as of June 30 in each such year, and shall transfer ten percent of such excess earnings to the SRBR. The excess earnings shall be added to the SRBR principal and shall not be available for distribution under Subsection D.

C. Reduction of SRBR Balance.

1. If the city's contribution rate, as determined by the board's actuary during any actuarial valuation performed after June 30, 1999, will increase as a result of poor investment earnings in the retirement fund, there shall be transferred from the SRBR to the regular retirement fund and the cost-of-living fund an amount equal to ten percent of the city's increased contributions for the first twelve months following the increase in the contribution rates. Such transfers shall be limited to those situations where the increase in the city's contribution rate is attributable to poor investment earnings; no such transfer shall be made for any increase in the city's contribution rate that is due to any factor other than poor investment earnings including, but not limited to, increases in medical or dental premium costs, enhancements to benefits provided under the plan, or changes in the actuarial assumptions.

2. Notwithstanding Paragraph 1. of this Subsection C., the amount transferred from the SRBR because of the increase in the city's contributions shall not exceed five percent of the accrued balance in the SRBR as of the date of the actuarial valuation.

D. Distributions.

1. The Board shall make an initial distribution from the SRBR during calendar year 2002.

2. Beginning in calendar year 2003, the board shall make an annual distribution from the SRBR; except there shall be no distribution during calendar years 2010, 2011, 2012 or during calendar year 2013, prior to June 30, 2013.

3. The initial distribution from the SRBR shall be made solely to former members of this plan or the Chapter 3.32 plan who are receiving benefits as of June 30, 2001, and survivors (of such former members or of members who died prior to receiving benefits from this plan) who are receiving benefits as of June 30, 2001; provided, however, that if a member or former member died after June 30, 2001, but before the initial distribution, the survivor shall be deemed to have been receiving benefits as of June 30, 2001.

4. All subsequent annual distributions from the SRBR shall be made solely to former members of this plan or the Chapter 3.32 plan who are receiving benefits as of the June 30 immediately preceding

the distribution date and survivors (of such former members or of members who died prior to receiving benefits from this plan) who are receiving benefits as of said June 30.

5. The board shall develop a methodology for distributions from the SRBR such that supplemental benefits provide a greater benefit for those persons who have been in benefit status for a longer period of time and those persons receiving the lowest monthly benefit payments. Upon the approval of the methodology by the city council, the board shall make distributions in accordance with such methodology.

6. Except as required by Subsection C. or in the case of the termination of this plan, the board shall not transfer or distribute funds in the SRBR if such transfer or distribution would reduce the SRBR principal.

E. Definitions. For the purpose of this Section 3.36.580, the terms listed herein shall have the following meanings:

1. "Excess earnings" means the earnings of the retirement fund that remain after interest has been credited to the SRBR as provided in Paragraph B.2. and the actuarial assumed earnings rate adopted by the board (and in effect on June 30 of the year in which the SRBR calculation is performed) has been credited to other reserves.

2. "Former member" means a person who has retired under the provisions of this chapter or Chapter 3.32 or a person who separated from city service without retiring but left his or her contributions on deposit in the retirement fund.

3. "Investment earnings" means the earnings of the retirement fund during the twelve months ending June 30 as determined by the board's actuary using the same methodology used to determine the value of assets for the actuarial valuation. In the case of investment earnings attributable to the SRBR, the application of the methodology shall begin as of July 1, 1999.

F. Any member electing to pay contributions in installments or to make the lump sum payment by payroll deduction on or after February 1, 2011 shall execute a payroll authorization form authorizing the payment of the required contributions by post-tax payroll deduction. The payroll authorization form shall be filed with the director of finance. Such election executed on or after February 1, 2011 shall be revocable. During the time the revocable election is in effect, the member may make additional direct payments to the retirement fund for the purchase of such service credit.

G. All contributions under Subsections D.2. and E. shall be treated as pre-tax salary reductions pursuant to Internal Revenue Code Section 414(h)(2).

H. If a member elects to purchase credit for prior federated service and make the contributions specified in Subsection D. of Section 3.36.610, and subsequently does pay all such moneys as provided in this section, such member shall be credited under this plan for the prior federated service.

I. If a member elects to purchase credit for prior federated service and make the contributions specified in Subsection D. of Section 3.36.610, but fails to complete the redeposit, then:

1. If the failure to complete the redeposit is because of death of the member, while a member of this plan but prior to retirement, the member shall be credited with the amount of service which is determined by the board to be attributable to the amount of accumulated contributions paid as of the date of the member's death.

2. If the failure to complete the redeposit is for any reason other than the death of the member prior to retirement, any contributions made pursuant to the election shall be credited to the member's accumulated normal contributions account but the member shall receive no credit for any prior federated service.

3.36.620 Military leave of absence.

A. Anything elsewhere in this Part 5 to the contrary notwithstanding, if in time of war or national emergency as proclaimed by the President or Congress, or when any of the Armed Forces of the United States are serving outside of the United States or their territories, pursuant to order or request of the United Nations, or while any National Conscription Act is in effect, a member of this retirement system leaves or has left his city office or position prior to the end of the war or the termination of the national emergency, or during the effective period of such order or request of the United Nations, or prior to the expiration of the National Conscription Act, to join the Armed Forces of the United States and does or did without unreasonable and unnecessary delay join the Armed Forces or, being a member of any reserve force or corps of any of the Armed Forces of the United States or of the militia of the State of California, is or was ordered to duty therewith by competent military authority and served or serves in compliance with such orders, then in that event, subject to the conditions and limitations hereinafter set forth, the term "service," as used in this Chapter 3.36, means and includes the period of time from the date he leaves or has left his city office or position for said purpose to the date he returns to and reenters upon the office or position theretofore left by him or any other city office or position, the holding of which entitles a city employee to become a member of this retirement system; provided and upon condition that:

1. He is released, separated or discharged under conditions other than dishonorable; and
2. He does, in fact, return to and reenter upon his said office or position or any other city office or position the holding of which entitles a person to become a member of this retirement system, within three months after termination of his active service with the armed forces, but not later than six months after the end of the war or national emergency or military or police operations under the United Nations or after the Governor finds and proclaims that, for the purposes of Section 395.1 of the Military and Veterans Code of the state, the war, national emergency or United Nations military or police operation no longer exists, or after the expiration of the National Conscription Act; and
3. He does not fail to return to and reenter upon said city office or position within twelve months after the first date upon which he could terminate or cause to be terminated his active service with the Armed Forces of the United States or of the militia of the state;
4. He was a member of this retirement system at the time he left his above-mentioned city office or position to join said armed forces; and
5. He was not entitled to receive full compensation from the city during his said absence; and
6. Said absence occurs or occurred on or after December 8, 1941.

B. Upon his return to and reentry upon the abovementioned city office or position, or within ninety days from and after the effective date of this section, if said person returned and reentered prior to the effective date of this section, the city shall contribute to the retirement fund an amount of money equal to the amount of all contributions which city and said person would have had to pay into said fund if said person had not been so absent. For the sole purpose of calculating said amount of money, the amount of monthly compensation which said person would have received from the city during said period of absence if he had not been absent as aforesaid shall be deemed to be the monthly compensation which said person was earning immediately prior to the commencement of his absence plus any increase in compensation which said person was earning immediately prior to the commencement of his absence plus any increase in compensation which he would have received during said time for such work under any applicable ordinances or resolutions. No moneys contributed or paid by city pursuant to this section shall be deemed to be contributions or accumulated contributions of said person, and in no event shall

said employee ever be entitled to all or any part of them upon withdrawing his accumulated contributions.

C. A person who leaves or has left, in the abovementioned times and circumstances, his city office or position for the above-mentioned purpose shall be deemed, for the purpose of this retirement system, to be on military leave of absence without compensation during the above-specified period of time, during which he is absent, which is to be included, as above prescribed, in the definition of such person's "service"; and such person's membership in this system, during such period of time, shall be deemed suspended as provided in Part 11 of this chapter, it being the intention that, anything hereinabove to the contrary notwithstanding, the suspension and other provisions of Part 11 shall still apply in the above situation.

D. Any abovementioned person who shall have made any contributions to the retirement system for any abovementioned periods of absence occurring in or after December 8, 1941, shall be reimbursed from the retirement fund the amount of contributions so made by him for such periods of absence.

(Prior code § 2903.151a.)

3.36.625 Compliance with USERRA and the HEART Act.

A. Effective December 12, 1994, notwithstanding any other provision of the retirement system law, contributions, benefits and service credit with respect to qualified military service are governed by Section 414(u) of the Internal Revenue Code and the Uniformed Services Employment and Reemployment Rights Act of 1994.

B. Effective with respect to deaths occurring on or after January 1, 2007, while a member is performing qualified military service (as defined in 38 U.S.C. 43), to the extent required by Section 401(a)(37) of the Internal Revenue Code, survivors of a member in the retirement plan, are entitled to any additional benefits that the retirement plan would provide if the member had resumed employment and then died (as a non-service connected death) that are contingent on the member's death while employed. In any event, a deceased member's period of qualified military service must be counted for vesting purposes, but such period of service shall not be counted for benefit accrual purposes.

C. Beginning January 1, 2009, to the extent required Section 414(u)(12) of the Internal Revenue Code, an individual receiving a differential wage payment (as defined under Section 3401(h)(2) of the Internal Revenue Code) from an employer shall be treated as employed by that employer, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under Section 415(c) of the Internal Revenue Code. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

(Prior code § 2903.152.)

3.36.640 Suspensions.

Time, occurring after the effective date of this chapter, during which a member is temporarily suspended from city service for misconduct, incompetency or failure to perform his duties under or observe the rules and regulations of the department or office in which he is employed, shall be credited to such member as service, provided and upon condition that such member, or his surviving spouse, child or children or estate, shall contribute and pay into the retirement fund, for such time, on or before the sixtieth day from and after the date he returns to duty, or the date he resigns or is discharged or dies if he does not return to duty, any and all contributions which he would have been required to pay into or contribute to the said fund during such time if he were not suspended but was still actively employed for full compensation in the position from which he was temporarily suspended, together with an additional amount equal to what the city would have contributed for and during such time, because of his service during such time, if he had not been suspended. If such member shall return to duty, the abovementioned contributions shall be deducted, with or without his consent, from his salary. In no event shall a member be credited with more than thirty days' service for any one suspension, nor more than forty-five days' service for all suspensions in any one year.

(Prior code § 2903.156.)

3.36.650 Exclusions - Part-time service.

The word "service," as used in the chapter, does not and shall not be deemed to include any service rendered on a part-time basis. A. Except as provided in this Section 3.36.710 and in Sections 3.36.715 and 3.36.3030, no person who, for any reason whatsoever, has withdrawn or has been paid, or withdraws or is paid, his or her accumulated contributions in the retirement fund pursuant to the provisions of this chapter or of Chapter 3.32 of this code, and who subsequently is reemployed in the police department or fire department of the city and becomes a member of this plan, shall be entitled to or be given credit for any service rendered by him or her prior to such reemployment, to which credit he or she might otherwise be entitled under the provisions of this chapter.

B. Upon any person becoming a member of this plan because of reemployment in the police department or fire department of the city, the retirement board shall cause written notice to be personally delivered or mailed to such member, informing such member of his or her rights under this section. If such notice is personally delivered, the person delivering such notice shall forthwith file with the secretary of the retirement board a declaration attesting to the time and place of such delivery. If mailed, such notice shall be sent by certified mail, return receipt requested, to such member at the latest address as shown in the records of the human resources department of the city.

C. Except as provided in Subsection I. below, if the member wishes to have such prior service credited to him or her, the member shall file a written notice of election to redeposit with the secretary to the retirement board within ninety days from and after the date that written notice of rights under this section is personally delivered or deposited in the mail to the member, and no later. If the member does not file the notice of election to redeposit within such time, the member shall be deemed to have elected not to have such prior service credited to him or her.

D. The member shall not be entitled to prior service credit unless the member redeposits and pays into the retirement fund:

1. All of the accumulated contributions previously withdrawn by or returned to said member;
plus
2. Interest on the accumulated contributions at the rate of two percent per year from the date said contributions were withdrawn by or paid to said member to the date the member repays such contributions to the retirement fund.

E. Subject to any limits on annual contributions imposed by Section 415 of the Internal Revenue Code, any member who elects to have prior service credited to him or her shall redeposit and pay into the retirement fund the moneys specified in Subsection D. or Subsection I.:

1. In one lump sum within sixty days from and after the date the member files with the secretary of the retirement board the notice of election to redeposit; or
2. For elections made on or before January 31, 2011, in monthly or biweekly installments, paid pre-tax over a period of time not to exceed eight years; or
3. For elections made on or after February 1, 2011, in monthly or biweekly installments, paid post-tax over a period of time not to exceed eight years; or
4. A combination of a lump sum and installments.

F. Any member electing to pay the contributions in installments or to make the lump sum payment by pre-tax payroll deduction on or before January 31, 2011 shall execute a binding irrevocable payroll authorization form authorizing the payment of the required contributions by payroll deduction. The payroll authorization form shall be filed with the director of finance.

The election to redeposit accumulated contributions in the retirement fund and the authorization to redeposit by payroll deductions shall be irrevocable. During the time the irrevocable election is in effect, no direct payments from the member to the retirement fund shall be made by the member or accepted by this plan.

G. Any member electing to pay contributions in installments or to make the lump sum payment by payroll deduction on or after February 1, 2011 shall execute a payroll authorization form authorizing the payment of the required contributions by post-tax payroll deduction. The payroll authorization form shall be filed with the director of finance. Such election executed on or after February 1, 2011 shall be revocable. During the time the revocable election is in effect, the member may make additional direct payments to the retirement fund for the purchase of such service credit.

H. All contributions under Subsections E.2. and F. shall be treated as pre-tax salary reductions pursuant to Internal Revenue Code Section 414(h)(2).

I. On or after July 1, 2006, if a member who is employed in the police department wishes to have such prior service credited to him or her, and the member does not otherwise qualify under this Section 3.36.710, the member shall file a written notice of election to redeposit with the secretary to the retirement board and, prior to his or her retirement, shall redeposit and pay into the retirement fund:

1. All of the accumulated contributions previously withdrawn by or returned to said member;
plus
2. An amount equal to the interest that would have been earned on the accumulated contributions, at the actual rate earned by the retirement plan, as of the date the member files the election to redeposit if the contributions had not been withdrawn by or returned to the member; plus
3. Interest on the unpaid balance of all such moneys, at the actuarially assumed interest rate, from the date the member files the election to redeposit to the date all such moneys are fully paid into the retirement fund.

J. If a member elects to redeposit and pay the moneys specified in Subsection D. or Subsection I. above, and subsequently does redeposit all such moneys as provided in this section, such member shall be credited under this plan for all the service for which he or she lost credit upon the withdrawal or return

of the accumulated contributions.

K. If a member elects to redeposit and pay the moneys specified in Subsection D. or Subsection I. above, but fails to complete the redeposit, then:

1. If the failure to complete the redeposit is because of death of the member, while a member of this plan but prior to retirement, the member shall be credited with the amount of service which is determined by the board to be attributable to the amount of accumulated contributions redeposited as of the date of the member's death.

2. If the failure to complete the redeposit is for any reason other than the death of the member prior to retirement, any amounts redeposited pursuant to the election provided by this section shall be credited to the member's accumulated normal contributions account but the member shall receive no credit for any service lost because of the previous withdrawal or return of contributions.

(Prior code § 2903.160; Ords. 22017, 26005, 28030, 28886.)

3.36.715 Special window period for repurchase of prior service credit.

A. Notwithstanding the provisions of Subsections B. and C. of Section 3.36.710, any member who withdrew or was paid his or her accumulated contributions and was subsequently reemployed in the police department or fire department of this city and who failed to elect to have prior service credited to him or her, may make such election by filing with the secretary of the retirement board on or before August 30, 1985, and no later, a written statement declaring such election and by redepositing and repaying all accumulated contributions previously withdrawn by or paid to said member, together with interest thereon as provided in Subsection D. of Section 3.36.710, within the time and in the manner provided by the retirement board.

B. If such member does not file such statement on or before August 30, 1985, or does not redeposit and repay said moneys within the time and in the manner provided by the retirement board, said member shall be deemed to have elected not to have prior service credited to him or her.

C. To be eligible for the election provided in this Section 3.36.715, such member must be a member of this retirement plan on the date he or she files said written statement with the secretary of the retirement board. No prior service shall be credited to any person who, on the date said written statement is filed with the secretary, is not or was not a member of this retirement plan because of retirement or because of termination or suspension of membership under the provisions of this Code.

(Ord. 26005.)

3.36.717 Service credit for time on unpaid leave of absence.

A. Subject to the conditions, limitations and requirements of this Section 3.36.717, on or after July 1, 2006, a member of this plan who is employed in the police department may purchase service credit in this plan for eligible time on unpaid leave of absence.

B. For the purpose of this section, "eligible time on unpaid leave of absence" means time for which the member was on leave of absence from his or her employment in the police department and for which the member received no compensation from the city, but does not include:

1. Any time prior to the date the person first became a member of this plan;
2. Time in military service that would otherwise be eligible for service credit under any other

provision of this plan;

3. Time for which the member receives any service credit in a reciprocal system (as described in Part 16 of this chapter); or

4. Any time for which the person was absent from service because of suspension or other disciplinary action.

C. In the event there is any dispute regarding a member's eligibility to purchase service credit for eligible time on unpaid leave of absence, the contributions required, or the amount of service to be credited to a member, the board shall determine the issue based on the relevant information presented to the board.

D. If a member wishes to purchase service credit for time on unpaid leave of absence, the member shall file a written notice of election to purchase such service credit with the secretary to the retirement board and shall submit to the secretary an amount of money determined by the secretary to be the cost of the actuarial services necessary to determine the cost of the additional benefits to be purchased. In addition, prior to his or her retirement, the member shall pay into the retirement fund the full cost of any and all additional benefits that accrue to the member and the member's survivors as a result of the purchase of service credit for time on unpaid leave of absence, as follows:

1. The cost of the additional benefits shall be actuarially determined as the difference between (a) the value of the benefits calculated including service credit for the time on unpaid leave of absence and (b) the value of the benefits calculated without service credit for the time on unpaid leave of absence.

2. The cost of the additional benefits shall be determined using the interest rate and life expectancy tables used in determining the actuarial equivalents of the optional settlements provided under Part 9.5 of this chapter.

3. The cost of the additional benefits shall include any cost-of-living-adjustments provided under Chapter 3.44.

4. If the member elects the installment payment option described below, member shall also pay interest on the outstanding balance at the actuarially assumed interest earnings rate.

E. Subject to any limits on annual contributions imposed by Section 415 of the Internal Revenue Code, any member who elects to purchase service credit for unpaid leave of absence shall pay into the retirement fund the moneys specified in Subsection D:

1. In one lump sum within sixty days from and after the date the member files with the secretary of the retirement board the election to purchase service credit; or

2. On or before January 31, 2011, in monthly or biweekly installments, paid pre-tax over a period of time not to exceed eight years; or

3. On or after February 1, 2011, in monthly or biweekly installments, paid post-tax over a period of time not to exceed eight years; or

4. A combination of a lump sum and installments.

F. Any member electing to pay the contributions required by this Section 3.36.717 in installments or to make the lump sum payment by pre-tax payroll deduction on or before January 31, 2011 shall execute a binding irrevocable payroll authorization form authorizing the payment of the required

contributions by payroll deduction. The payroll authorization form shall be filed with the director of finance. The election to purchase service credit for time on unpaid leave of absence and the authorization to redeposit by payroll deductions shall be irrevocable. During the time the irrevocable election is in effect, no direct payments from the member to the retirement fund shall be made by the member or accepted by this plan.

G. Any member electing to pay contributions in installments or to make the lump sum payment by payroll deduction on or after February 1, 2011 shall execute a payroll authorization form authorizing the payment of the required contributions by post-tax payroll deduction. The payroll authorization form shall be filed with the director of finance. Such election executed on or after February 1, 2011 shall be revocable. During the time the revocable election is in effect, the member may make additional direct payments to the retirement fund for the purchase of such service credit.

H. All contributions under Subsections E.2. and F. shall be treated as pre-tax salary reductions pursuant to Internal Revenue Code Section 414(h)(2).

I. If a member elects to purchase service credit for unpaid leave of absence and pay the moneys specified in Subsection D. above, and subsequently does pay all such moneys as provided in this section, such member shall receive service credit under this plan for the time on unpaid leave of absence.

J. If a member elects to purchase service credit for time on unpaid leave of absence and pay the moneys specified in Subsection D., but fails to complete the payment because of a separation from city service whether by reason of retirement or death or otherwise, then the member shall be credited with the amount of service that is determined by the board to be attributable to the amount of money paid as of the date of the member's separation from city service.

K. Under no circumstances shall the service credit for time on unpaid leave of absence be included in the determination of service credit for qualification for medical benefits provided under Part 14 of this chapter or for the qualification for dental benefits provided under Part 15 of this chapter.

(Ords. 28030, 28886.)

Part 5.5 BENEFITS GENERALLY

Sections:

3.36.730 Benefit limitations.

3.36.735 Compensation limitation.

3.36.740 Service credit eligibility under plan-approved domestic relations orders.

3.36.745 Benefit clarifications.

3.36.746 Minimum distributions.

3.36.747 Vesting.

3.36.730 Benefit limitations.

A. General. Notwithstanding any other law, the benefits payable to any person who becomes a member of this plan on or after January 1, 1990, shall be subject to the limitations set forth in Section 415 of the Internal Revenue Code as applicable to governmental plans and as set forth in this Section 3.36.730.

B. Prior to January 1, 1990. Notwithstanding any other law, the benefits payable to any person who became a member of this plan prior to January 1, 1990, shall be limited as provided in Section 415 (b)(10) of the Internal Revenue Code to be no less than the accrued benefit of the member determined without regard to any benefit increases pursuant to any amendment of this plan adopted after October 14, 1987.

C. Participation in other qualified plans: aggregation of limits. The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in Section 414 (j) of the Internal Revenue Code maintained by the member's employer in this plan shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one plan.

D. Basic 415(b) limitation.

1. Before January 1, 1995, a member may not receive an annual benefit that exceeds the limits specified in Section 415(b) of the Internal Revenue Code, subject to the applicable adjustments in that section. On and after January 1, 1995, a member may not receive an annual benefit that exceeds the dollar amount specified in Section 415(b)(1)(A) of the Internal Revenue Code, subject to the applicable adjustments in Section 415(b) of the Internal Revenue Code and subject to any additional limits that may be specified in the retirement system. In no event shall a member's benefit payable under the plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

2. For purposes of Section 415(b) of the Internal Revenue Code, the "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax employee contributions (except pursuant to Section 415(n) of the Internal Revenue Code) and to rollover contributions (as defined in Section 415(b)(2)(A) of the Internal Revenue Code). The "benefit attributable" shall be determined in accordance with treasury regulations.

E. Adjustments to basic 415(b) limitation for form of benefit.

1. If the benefit under the plan is other than the form specified in Subsection D.2., then the benefit shall be adjusted so that it is the equivalent of the annual benefit, using factors prescribed in treasury regulations.

2. If the form of benefit without regard to the automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity, then the preceding sentence is applied by either reducing the Section 415(b) of the Internal Revenue Code limit applicable at the annuity starting date as specified in Subsection c. below, or adjusting the form of benefit to an actuarially equivalent amount (determined using the assumptions specified in Treasury Regulation Section 1.415(b)-1(c)(2)(ii)) that takes into account the additional benefits under the form of benefit as follows:

a. For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code does not apply (i.e., a monthly benefit), the actuarially equivalent straight life annuity benefit that is the greater of:

i. The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the form of benefit to the member; or

ii. The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a five percent interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality tables described in Treasury Regulation Section 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent revenue ruling modifying the applicable provisions of Revenue Rulings 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code);

b. For a benefit paid in a form to which Section 417(e)(3) of the Internal Revenue Code applies (i.e., a lump sum benefit), the actuarially equivalent straight life annuity benefit that is the greatest of:

i. The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial experience;

ii. The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a five and one-half percent interest assumption (or the applicable statutory interest assumption) and (i) for years prior to January 1, 2009, the applicable mortality table for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent revenue ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code); or

iii. The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable (computed using the applicable interest rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(3) (the thirty-year Treasury rate (prior to January 1 2007, using the rate in effect for the month prior to retirement, and on and after January 1, 2007, using the rate in effect for the first day of the plan year with a one-year stabilization period)) and (i) for years prior to January 1, 2009, the applicable mortality rate for the distribution under Treasury Regulation Section 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent revenue ruling modifying the applicable provisions of Revenue Ruling 2001-62), and (ii) for years after December 31, 2008, the applicable mortality tables described in Section 417(e)(3)(B) of the Internal Revenue Code (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Section 417(e)(3)(B) of the Internal Revenue Code), divided by 1.05.

c. The actuary may adjust the 415(b) limit at the annuity starting date in accordance with the above Subsections a. and b.

F. Benefits for which no adjustment of 415(b) limit is required. For purposes of this section, the following benefits shall not be taken into account in adjusting these limits:

1. Any ancillary benefit which is not directly related to retirement income benefits;
2. That portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity;
3. Any other benefit not required under Section 415(b)(2) of the Internal Revenue Code and treasury regulations thereunder to be taken into account for purposes of the limitation of Section 415(b) (1) of the Internal Revenue Code.

G. Other adjustments in 415(b) limitation.

1. In the event the member's retirement benefits become payable before age sixty-two, the limit prescribed by this section shall be reduced in accordance with treasury regulations pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to a one hundred sixty thousand dollar (as adjusted) annual benefit beginning at age sixty-two.
2. In the event the member's benefit is based on at least fifteen years of service as a full-time employee of any police or fire department, on fifteen years of military service, or on any combination of these two types of service, the adjustments provided for in Subsection 1. above shall not apply.
3. The reductions provided for in Subsection 1. above, shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

H. Less than ten years of service adjustment for 415(b) limitations. The maximum retirement benefits payable to any member who has completed less than ten years of participation shall be the amount determined under Subsection D. multiplied by a fraction, the numerator of which is the number of the member's years of service and the denominator of which is ten. The reduction provided by this subsection cannot reduce the maximum benefit below ten percent. The reduction provided for in this subsection shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

I. Ten thousand dollar limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a member shall be deemed not to exceed the 415 limit if the benefits payable, with respect to such member under this plan and under all other qualified defined benefit pension plans to which the member's employer contributes, do not exceed ten thousand dollars for the applicable limitation year and for any prior limitation year and the employer has not at any time maintained a qualified defined contribution plan in which the member participated.

J. Effect of COLA without a lump sum component on 415(b) testing. Effective on and after January 1, 2008, for purposes of applying the limits under Section 415(b) of the Internal Revenue Code (the "limit") to a member with no lump sum benefit, the following shall apply:

1. A member's applicable limit shall be applied to the member's annual benefit in the member's first limitation year without regard to any cost of living adjustments under Section 3.44.150;
2. To the extent that the member's annual benefit equals or exceeds the limit, the member shall no longer be eligible for cost of living increases until such time as the benefit plus the accumulated increases are less than the limit; and
3. Thereafter, in any subsequent limitation year, a member's annual benefit, including any cost of living increases under Section 3.44.150, shall be tested under the then applicable benefit limit, including any adjustment to the Section 415(b)(1)(A) of the Internal Revenue Code dollar limit under Section 415(d) of the Internal Revenue Code, and the regulations thereunder.

K. Reduction of benefits priority. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits, and thereafter in such priority as shall be determined by the plan and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the member participated, such reduction to be made first with respect to the plan in which the member most recently accrued benefits and thereafter in such priority as shall be established by the plan and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the

agreement of the plan and the plan administrator of all other plans covering such member.

L. Notwithstanding Subsections A. and B. above, in the event Section 415 of the Internal Revenue Code is repealed, amended or qualified, by statute or otherwise, to permit all or any members of this plan or such members' beneficiaries to receive benefits that are not subject to the limitations set forth in Section 415, then immediately thereupon, such benefits shall be paid to such members or their beneficiaries.

M. Section 415(c) limitations on contributions and other additions. After-tax member contributions or other annual additions with respect to a member may not exceed the lesser of forty thousand dollars (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) or one hundred percent of the member's compensation. Annual additions are defined to mean the sum (for any year) of employer contributions to a defined contribution plan, member contributions, and forfeitures credited to a member's individual account. Member contributions are determined without regard to picked-up employee contributions that are paid to the retirement system.

"Compensation" for purposes of this section, subject to annual limits under Section 401(a)(17) of the Internal Revenue Code, shall be as defined under Treasury Regulation Section 1.415(c).

(Ords. 23284, 23316, 28773, 28886.)

3.36.735 Compensation limitation.

A. Notwithstanding any other law, except as provided in Subsection A.3 and B. below, for any person who becomes a member of this plan on or after January 1, 1996, the annual compensation taken into account under this plan shall be subject to the limitation set forth in Section 401(a)(17) of the Internal Revenue Code of 1986, as amended.

1. Effective with respect to plan years beginning on and after January 1, 1996, and before January 1, 2002, the annual compensation of a plan member which exceeds one hundred fifty thousand dollars (as adjusted for cost-of-living increases under Section 401(a)(17)(B) of the Internal Revenue Code), shall be disregarded for purposes of computing employee contributions to or benefits due from the retirement plan. Effective only for the 1996 plan year, in determining the compensation of an employee eligible for consideration under this provision, the rules of Section 414(g)(6) of the Internal Revenue Code shall apply, except that in applying such rules, the term "family" shall include only the spouse of the member and any lineal descendants of the employee who have not attained age nineteen before the close of the year.

2. Effective with respect to plan years beginning on and after January 1, 2002, the annual compensation of a plan member which exceeds two hundred thousand dollars (as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Internal Revenue Code), may not be taken into account in determining benefits or employee contributions due for any plan year. "Annual compensation" means compensation during the plan year or such other consecutive twelve-month period over which compensation is otherwise determined under the plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. If the determination period consists of fewer than twelve months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is twelve. If the compensation for any prior determination period is taken into account in determining a plan member's contributions or benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period.

3. As used in this Paragraph 3., the term "eligible member" means a person who first became a

member of the retirement plan prior to January 1, 1996. Pursuant to Section 13212(d)(3)(A) of OBRA '93, and the regulations issued under that section, eligible members are not subject to the limits of Section 401(a)(17) of the Internal Revenue Code.

B. In the event Section 401(a)(17) of the Internal Revenue Code is repealed, amended or qualified, by statute or otherwise, to relieve all or any members of this plan described in Subsection A. from the limitation set forth in Section 401(a)(17), then, for those members no longer subject to the limitation, the annual compensation taken into account under the plan shall be calculated without such limitation.

(Ords. 25000, 28886.)

3.36.740 Service credit eligibility under plan-approved domestic relations orders.

A. This section shall apply only in a case in which a court has ordered an amount or percentage of the service credit of a participant to be credited to an alternate payee's separate account pursuant to a plan-approved domestic relations order which meets the requirements of Section 3.36.3600 of this chapter.

B. Solely for the purpose of meeting the minimum service requirements for a participant's or eligible survivor's qualification for retirement benefits, monthly allowances, survivors' benefits, medical benefits and dental benefits under this Plan, the service credit of the participant shall be aggregated with the service credit awarded the alternate payee.

C. Solely for the purpose of determining whether the participant is eligible to retire in order that an alternate payee may begin distribution from the alternate payee's separate account under Section 3.36.3630, the service credit of the participant shall be aggregated with the service credit awarded the alternate payee.

D. For the purposes of this section, the terms "participant" and "alternate payee" shall have the meanings set forth in Part 17 of this chapter.

(Ords. 25989, 27712.)

3.36.745 Benefit clarifications.

A. The purpose of the plan is to secure contributions for the city and from employees, and to distribute plan assets only to members, retired members, and their beneficiaries, pursuant to the plan's plan of benefits and to pay reasonable expenses of administration.

B. Prior to the satisfaction of all liabilities with respect to members, former members and their beneficiaries, no part of the plan's assets or income may be used for, or diverted to, purposes other than for the exclusive benefit of members, former members, or their beneficiaries.

C. In conformity with Section 410(a)(8) of the Internal Revenue Code, forfeitures arising from termination of employment, death, or for any other reason will not be applied to increase the benefits any member, former member, or beneficiary would otherwise have received from the plan at any time prior to the termination of the plan.

D. Upon termination of the plan or upon the complete discontinuance of contributions to the plan, the rights of each member, former member and beneficiary to benefits accrued to the date of such termination or discontinuance are non-forfeitable.

(Ords. 27768, 28886.)

3.36.746 Minimum distributions.

Notwithstanding any other provision of this chapter, the distribution of a retirement allowance shall be subject to a good faith interpretation of the minimum distribution rules of Section 401(a)(9) of the Internal Revenue Code and the regulations promulgated thereunder, as applicable to a governmental plan within the meaning of Section 414(d) of the Internal Revenue Code. In addition, payment of a member's retirement allowance shall commence no later than the later of the following:

- A. The April 1 following the end of the calendar year in which the member attains age seventy and one-half; or
- B. The April 1 following the end of the calendar year in which the member retires. If a member fails to apply for retirement benefits by the later of either of those dates, the board shall begin distribution of the monthly benefit in the form provided under the applicable provision of Part 6 of Chapter 36.
- C. The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member, or of the member and a designated beneficiary.
- D. For purposes of this section, the retirement plan pursuant to a qualified domestic relations order, may establish separate benefits for a member and nonmember.
- E. If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.
- F. If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be distributed within five years of his death, unless it is to be distributed in accordance with the following rules:
 - 1. If the member's surviving spouse is the sole designated beneficiary, the member's remaining interest in the plan is distributed or begins to be distributed by December 31 of the calendar year immediately following the calendar year in which the member died or by December 31 of the calendar year in which the participant would have attained age seventy and one-half, if later, and if the surviving spouse dies before the distribution to the surviving spouse begins, this section shall be applied as if the surviving spouse were the plan member; or
 - 2. If the member's surviving spouse is not the sole designated beneficiary, the member's remaining interest is to be distributed over the life of the designated beneficiary or over a period not extending beyond the life expectancy of the designated beneficiary; and such distribution begins no later than December 31 of the calendar year immediately following the calendar year of the member's death.
- G. The amount of an annuity paid to a member's beneficiary may not exceed the maximum determined under the incidental death benefit requirement of Section 401(a)(9)(G) of the Internal Revenue Code, and the minimum distribution incidental benefit rule under Treasury Regulation Section 1.401(a)(9)-6, Q&A-2.
- H. The death and disability benefits provided by the retirement system are limited by the incidental benefit requirement set forth in Section 401(a)(9)(G) of the Internal Revenue Code and Treasury Regulation Section 1.401-1(b)(1)(i) or any successor regulation thereto. These incidental death and disability benefits include any lump sum death benefits and any disability benefits. As a result, the total death or disability benefits payable may not exceed twenty-five percent of the cost for all of the members' benefits received from the retirement plan.

I. Notwithstanding the other provisions of this rule or the provisions of the treasury regulations, benefit options may continue so long as the option satisfies Section 401(a)(9) of the Internal Revenue Code based on a reasonable and good faith interpretation of that section.

(Ords. 27768, 28886.)

3.36.747 Vesting.

A. A member shall be one hundred percent vested in his or her service retirement benefit upon attaining eligibility for a service retirement benefit under the applicable provisions of the retirement system.

B. A plan member shall be one hundred percent vested in his or her accumulated contributions at all times.

C. An affected plan member shall be one hundred percent vested in his or her accrued benefit, to the extent then funded, in the event the retirement system is terminated in whole or in part or contributions are completely discontinued.

D. For the purpose of this Section 3.36.747 "vested" shall mean the nonforfeitable right to the benefit the member has accrued.

E. Nothing contained in this Section 3.36.747 shall be construed or interpreted to limit modification of benefits, to the extent that such modification is otherwise allowed under federal and state law.

Subject to the provisions of this Chapter 3.36, if a member employed in the police department retired or retires for service on or after February 4, 2000, but prior to July 1, 2006, pursuant to the provisions of Section 3.36.750, 3.36.770 or 3.36.780, then he or she shall be paid from the retirement fund a monthly service retirement allowance calculated in accordance with Section 3.36.807.

B. Subject to the provisions of this Chapter 3.36, if a member employed in the police department retired or retires for service on or after July 1, 2006, pursuant to the provisions of Section 3.36.750, 3.36.770 or 3.36.780, then he or she shall be paid from the retirement fund a monthly service retirement allowance equal to two and one-half (2 1/2) percent of his or her final compensation for each of the first twenty (20) years of service plus four (4) percent of his or her final compensation for each full year of service in excess of the first twenty (20) years of service; provided, however, that in no event shall the monthly service retirement allowance exceed a maximum of ninety (90) percent of the member's final compensation.

C. For the purposes of this Section 3.36.809, "service" means service performed for the city and for which the member is entitled to credit under the provisions of this chapter. "Service" shall not include service as an officer or employee of a reciprocal agency which is used to qualify for benefits pursuant to Section 3.36.3020.

D. In computing the amount of allowance payable for service in excess of the first twenty (20) years, pro rata credit shall be given for a fraction of a full year.

(Ord. 27721.)

3.36.810 Service retirement allowance - Retirement on or after August 1, 1968, at age fifty to fifty-five.

A. If a member retires or is retired for service on or after August 1, 1968, and such member has attained fifty years of age but has not attained fifty-five years of age as of the date of commencement of his or her retirement, then he or she shall be paid as a monthly service retirement allowance from the retirement fund, from and after the date of his or her retirement and during the remainder of his or her lifetime, a reduced monthly allowance, as calculated pursuant to subsection B. of this section, whenever such member meets either of the following conditions:

1. The member retired on or after August 1, 1968, but prior to July 5, 1992, and as of the date of commencement of his or her retirement such member is entitled to be credited with twenty or more years of service but less than thirty years of service; or
2. The member retired on or after July 5, 1992, and as of the date of commencement of his or her retirement such member is entitled to be credited with twenty or more years of service but less than twenty-five years of service.

B. The reduced monthly service retirement allowance for a member described in subsection A. of this section shall be calculated and determined as follows:

1. First, there shall be determined the monthly retirement allowance to which the member would be entitled if he or she were to continue his or her employment and defer retirement until he or she attained the age of fifty-five years, assuming for such purpose that such member's final compensation upon retirement at age fifty-five were the same as his or her compensation at the time of his or her actual early retirement. The result is hereinafter referred to as the member's "unreduced allowance."

2. Second, there shall be determined, as of the date of the member's early retirement, the amount of such member's unreduced allowance, assuming that notwithstanding his or her early retirement such member does not become entitled to commence drawing his or her allowance until he or

she attains the age of fifty-five years. Such amount shall be deemed to be equal to that proportion of the member's unreduced allowance which the amount of service for which he or she is entitled to credit at the time of his or her early retirement bears to the amount of service for which he or she would be entitled to credit if he or she were to continue his or her employment and defer retirement until he or she attained the age of fifty-five years. The result is hereinafter referred to as the member's "partially reduced allowance."

3. Finally, said member's partially reduced allowance shall be further reduced by that amount which the value of such partially reduced allowance as deferred to age fifty-five will purchase at the actual age of retirement. The result is the reduced monthly service retirement allowance which the member is entitled to receive from and after the date of his or her early retirement.

C. Also, if a member retires or is retired for service before attaining the age of fifty-five years, any and all death, survivorship and other allowances, benefits or payments to which a person, persons or estate may become entitled, after such member's death, under the provisions of Part 8 of this chapter shall be reduced as provided in Section 3.36.1340 of Part 8.

D. Notwithstanding the foregoing provisions regarding reduced monthly service allowances, any member who retires or is retired for service on or after August 1, 1968, and who is entitled to be credited with thirty years or more of service shall not be subject to the provisions regarding reduced monthly service allowances regardless of age.

E. Notwithstanding the foregoing provisions regarding reduced monthly service allowances, any member who retires or is retired for service on or after July 5, 1992, and at the time of retirement has attained fifty years of age but has not attained fifty-five years and is entitled to be credited for twenty-five or more years of service but less than thirty years of service, shall not be subject to the provisions regarding reduced monthly service allowances.

(Prior code § 2903.180; Ords. 21686, 24092.)

3.36.820 Eligibility conditions.

No person shall be retired for service unless he is eligible therefor under and pursuant to the above sections of this Part 6.

(Prior code § 2903.181.)

3.36.830 Termination of service retirement benefits for treason or conviction of felony.

Any and all service retirement allowances otherwise payable to a person may be cancelled and terminated by the retirement board, in its sole discretion, if the recipient thereof should commit treason or be convicted of a felony. Such cancellation and termination shall not affect survivors' benefits and death benefits set forth in Part 8 of this chapter if such benefits would otherwise be payable. At any time after cancellation and termination of retirement allowances pursuant to this section, the board may in its sole discretion pay to the spouse and/or minor children under the age of eighteen of the convicted person all or any portion of the retirement allowance which would have been payable to the convicted person, for such periods and subject to such conditions as the board in its sole discretion imposes and subject to the further right and power of the board to cancel such payments to the spouse and/or minor children at any time, in its sole discretion, with or without notice. Such payment to the spouse or minor children shall not be made until and unless application therefor shall have been made and the board shall have determined that the allowance or a portion thereof is required to provide the spouse or minor children with necessities of life.

3.36.900 Definitions.

As used in this chapter:

A. "Disability," "incapacity for the performance of duty," and "incapacitated for the performance of duty," as a basis for retirement, means disability of a member, short of death, of permanent or extended and uncertain duration, occurring while such member is a member of this system, as a result of injury or disease, which renders a person physically or mentally incapable of assuming the responsibilities and performing the duties of the position then held by him and of any other position in the same classification of positions to which the city may offer to transfer him, as determined by the retirement board, on the basis of competent medical opinion. It does not mean or include mere inability to assume said responsibilities or perform said duties.

B. 1. "Disability," "incapacity for the performing of duty," and "incapacitated for the performance of duty," as a basis for retirement, also means disability of a member, short of death, of permanent or extended and uncertain duration, occurring while such member is a member of this system, not as a result of injury or disease, which renders a person mentally incapable of assuming the responsibilities and performing the duties of the position then held by him and of any other person in the same classification of positions to which the city may offer to transfer him, as determined by the retirement board on the basis of competent medical opinion. It does not mean or include mere inability to assume said responsibilities or perform said duties; provided, however, that notwithstanding any other provisions of this Chapter 3.36, including Sections 3.36.990, 3.36.1000 and 3.36.1010, no member shall be deemed disabled or incapacitated within the meaning of this section unless at the time such disability occurs he shall be entitled to credit for at least ten years of service in this system.

2. The provisions of this section shall be deemed to cover any member of this system whose disability or incapacity for the performance of duty occurred on or after the first day of April, 1968; provided that no benefits shall be payable hereunder for any period prior to the filing of an application for disability retirement or prior to the date upon which the retirement board makes a motion pursuant to Section 3.36.940. If any person whose disability or incapacity for the performance of duty, as said terms are defined in this section, occurred on or after the first day of April, 1968, files or has filed an application for disability retirement prior to the effective date of this section, the retirement board may, subject to other provisions of this chapter, grant a disability retirement allowance commencing on the date of the filing of such application with the retirement board.

C. "Nonservice-connected disability" means disability of a member other than a "service-connected disability."

D. "Service-connected disability" means disability of a member as a result of injury or disease arising out of and in the course of such member's employment with the city.

(Prior code §§ 2903.200, 2903.200a, 2903.201, 2903.202.)

3.36.920 Situations where member is not entitled to disability retirement or disability

retirement allowance.

A. Anything elsewhere in this chapter to the contrary notwithstanding, no person shall be entitled to any disability retirement or to any disability retirement allowance under the provisions of this chapter in any of the following situations:

1. Where the person's disability occurred before he or she became a member of this retirement system; or
2. Where the person's disability occurs after he or she ceases to be a member of this retirement system or after he or she ceases to be an employee of the city; or
3. Where the person's disability occurs while he or she is on leave of absence from city employment for any purpose, except as provided in subsections B. and C. of this Section 3.36.920.
4. Where the person separated from city service on or after February 4, 2000, the person files an application for disability retirement on or after September 1, 2002, and the person has been separated from city service for more than one year as of the date the person's application for disability retirement is filed with the secretary to the board, except in the case where the person demonstrates by a preponderance of the evidence that the disability is due to diseases and/or conditions caused by exposure to workplace factors and/or conditions that at the time of separation from city service had no previous medical basis to be considered harmful.

B. In the case of a member who otherwise satisfies the requirements of this chapter for a nonservice-connected disability retirement, subsection A. of this Section 3.36.920 shall not apply and the board may grant a nonservice-connected disability retirement if the member's disability occurs while such person is on leave of absence for the purpose of engaging in military or naval duty for the United States of America in time of war or national emergency as proclaimed by the president or congress. The monthly retirement allowance for such nonservice-connected disability shall be reduced by the amounts received by the member pursuant to the United States Social Security Act or pursuant to any other federal disability benefits program where such amounts are paid to the member because of disability incurred while on leave of absence to engage in military or naval duty.

C. The provisions of this section shall not apply where the person's disability occurs while such person is on leave of absence with full city compensation and pay.

(Prior code § 2903.225; Ords. 24081, 26633.)

3.36.930 Member not to receive both service retirement and disability retirement benefits.

Notwithstanding anything contained in this chapter to the contrary, no member who is retired for service pursuant to the provisions of Part 6 of this chapter shall be eligible for or be entitled to retirement for any disability or for or to any benefits or allowances pursuant to the provisions of this Part 7 while he is so retired for service. Any and all disability retirement allowances otherwise payable to a person shall cease and terminate upon such person being retired for service.

(Prior code § 2903.217.)

3.36.940 Disability retirement - On board's motion.

A member who is eligible to retire for disability may be retired for disability, pursuant to and subject to the provisions of this chapter, on the retirement board's own motion, without a request or application

therefor being made by the member or any other person.

(Prior code § 2903.203.)

3.36.950 Disability retirement - By request or application.

A member who is eligible to retire for disability shall be retired for disability, pursuant to and subject to the provisions of this chapter, by the retirement board upon application being made therefor by any of the following persons:

- A. The city manager;
- B. The head of the office or department in which the member is or was last employed;
- C. The member, or any authorized person on his behalf.

(Prior code § 2903.204.)

3.36.960 Medical examinations.

A. The retirement board on its own motion at any time may, and upon receipt of an application for disability retirement shall, order a medical examination of a member to determine whether the member is disabled or incapacitated for the performance of duty, and to determine whether such disability or incapacity for performance of duty is a service-connected or nonservice-connected disability in those situations where the member's eligibility for disability retirement, or the amount of disability retirement allowance to which he or she may be entitled, is dependent upon such determination. Such medical examination shall be made by one or more physicians or surgeons appointed by the board.

B. In addition, the member may submit a medical report from his or her own physician or surgeon. Where application for disability retirement is made by the member or on his or her behalf, a medical report by the member's private physician or surgeon shall be submitted with the application unless otherwise authorized by the board. The board may require additional medical examinations, or procure or require additional or other evidence before retiring a person for disability.

(Prior code § 2903.205; Ords. 19282, 26901.)

3.36.970 Disability retirement - Eligibility.

If the medical reports and other available evidence and information show to the satisfaction of the retirement board that the member is incapacitated for the performance of his duty, and if such member is otherwise eligible to retire for disability pursuant to the provisions of this chapter, the board shall forthwith retire him for disability.

(Prior code § 2903.206.)

3.36.980 Determination as to whether disability is service-connected.

If the medical examination and other available evidence and information show to the satisfaction of the retirement board that the disability is service-connected, it shall so find and declare. If the medical examination and other available information shows to the satisfaction of the board that the disability is nonservice-connected, it shall so find and declare. Such finding and declaration shall govern in determining whether a disability is service-connected or nonservice-connected.

(Prior code § 2903.207.)

3.36.990 Retirement for nonservice-connected disability.

A. Subject to other provisions of this chapter, any member who is entitled to credit for two or more years of service and who, during his or her membership in this system, is disabled and incapacitated for the performance of duty as a result of a nonservice-connected disability, may be retired by the retirement board pursuant to the provisions of this section for nonservice-connected disability, and shall be so retired at such member's request, regardless of such member's age.

B. No member disabled or incapacitated for the performance of duty as a result of a nonservice-connected disability shall be entitled to any disability allowance or other benefits under the provisions of this retirement system if at the time such disability occurred the member was entitled to credit for less than two full years of service.

(Prior code § 2903.211; Ord. 26901.)

3.36.995 Nonservice-connected disability benefits.

A. Subject to the provisions of this chapter, a person who is retired for nonservice-connected disability, pursuant to Section 3.36.990, shall be paid from the retirement fund while the member is incapacitated for the performance of duty as a result of the nonservice-connected disability, a monthly allowance calculated in accordance with this section.

B. A member who is entitled to credit for at least two (2) but less than twenty (20) years of service at the time the nonservice-connected disability occurs shall receive a monthly allowance equal to thirty-two (32) percent of the member's final compensation, plus one (1) percent of said final compensation for each full year of service for which the member is entitled to credit in excess of the first two (2) years of service; provided, however, that in no event shall the total monthly allowance exceed fifty (50) percent of the member's final compensation.

C. A member who is entitled to credit for twenty (20) or more years of service at the time the nonservice-connected disability occurs shall receive a monthly allowance as follows:

1. If such member's nonservice-connected disability retirement occurred prior to January 1, 1970, the monthly allowance shall be equal to fifty (50) percent of such member's final compensation.

2. If such member's nonservice-connected disability retirement occurred on or after January 1, 1970, but prior to February 4, 1996, the monthly allowance shall be:

- a. From and after the date of such member's retirement to September 1, 1970, the monthly allowance shall be equal to fifty (50) percent of such member's final compensation plus one and two-thirds ($1 \frac{2}{3}$) percent of said final compensation for each full year of service in excess of the first twenty (20) years of service for which such member is entitled to credit; provided, however, that in no event shall the total monthly disability retirement allowance during said period of time exceed a maximum of sixty-six and two-thirds ($66 \frac{2}{3}$) percent of such member's final compensation; and

- b. From and after September 1, 1970, while so retired for disability, the monthly allowance shall be equal to fifty (50) percent of such member's final compensation plus two and one-half ($2 \frac{1}{2}$) percent of said final compensation for each full year of service in excess of the first twenty (20) years of service for which such member is entitled to credit; provided, however, that in no event shall the total monthly disability retirement allowance exceed a maximum of seventy-five (75) percent of such member's final compensation.

3. If such member's nonservice-connected disability retirement occurred or occurs on or after February 4, 1996, but prior to February 4, 2000, the monthly allowance shall be equal to fifty (50) percent of such member's final compensation, plus three (3) percent of said final compensation for each full year of service in excess of the first twenty (20) years of service for which such member is entitled to credit; provided, however:

a. In no event shall the total monthly disability retirement allowance exceed a maximum of eighty (80) percent of such member's final compensation.

b. This paragraph C.3. shall not apply in the case where the member was retired for service prior to February 4, 1996, was not reemployed by the city for any period on or after February 4, 1996, and the disability retirement is a result of a change in retirement status from service to disability. Under such circumstances, the disability retirement allowance shall be calculated in accordance with paragraph C.1. or C.2., above, as applicable.

4. Except as provided in paragraph 5. or paragraph 6. below, if such member's nonservice-connected disability retirement occurred or occurs on or after February 4, 2000, the monthly allowance shall be equal to fifty (50) percent of such member's final compensation for up to the first twenty (20) years of service, plus three (3) percent of said final compensation for each of the next five (5) full years of service in excess of twenty (20) years, plus four (4) percent of his or her final compensation for each full year of service in excess of the first twenty-five (25) years of service; provided, however:

a. If such member's service-connected disability retirement occurred or occurs on or after February 4, 2000, but prior to July 1, 2008, the monthly allowance shall be calculated in accordance with paragraph A.4 above.

b. If such member's service-connected disability retirement occurred or occurs on or after July 1, 2008, the monthly allowance shall be equal to fifty (50) percent of his or her final compensation; and, if the member had twenty (20) or more years of service, an additional ten (10) percent of said final compensation, plus three (3) percent of his or her final compensation for each full year of service in excess of twenty (20) years; provided, however, that in no event shall the monthly service retirement allowance exceed a maximum of ninety (90) percent of the member's final compensation.

c. This paragraph A.6. shall not apply in the case where the member was retired for service prior to July 1, 2008, was not reemployed by the city for any period on or after July 1, 2008, and the disability retirement is a result of a change in retirement status from service to disability. Under such circumstances, the disability retirement allowance shall be calculated in accordance with paragraph A.1., A.2., A.3. or A.4 above, as applicable.

E. For the purposes of this Section 3.36.1020, "service" means service performed for the city and for which the member is entitled to credit under the provisions of this chapter. "Service" shall not include service as an officer or employee of a reciprocal agency which is used to qualify for benefits pursuant to Section 3.36.3020.

F. Notwithstanding any other provision of this section, in computing the amount of allowance payable under this section for service in excess of the first twenty (20) years, pro rata credit shall be given for a fraction of a full year.

(Prior code § 2903.208; Ords. 23070, 25614, 26229, 26901, 27721, 28300, 28330.)

3.36.1030 No deduction after January 1, 1964, of amount of workmen's compensation benefits.

Anything elsewhere in this chapter to the contrary notwithstanding, from and after January 1, 1964, the amount of any monthly disability retirement allowance payable to any person under and by virtue of other provisions of this chapter shall be computed and determined as provided by other applicable sections of this chapter without any deduction being made because of any provisions of this section. Nothing herein contained, however, shall be deemed to authorize or require the recomputation or increase of the amount of any disability retirement allowance computed and paid prior to January 1, 1964, pursuant to the provisions of this section as it read prior to said date, it being the intent that the present provisions of this section shall operate prospectively as herein provided and not retroactively.

(Prior code § 2903.212.)

3.36.1035 Reports of earnings from outside occupation.

A. Except as provided in subsection E., as a condition of payment of a disability retirement allowance from the retirement fund, a person who has been retired for disability shall file written statements with the board which conform to the requirements of subsection B. below.

B. A recipient described in subsection A. shall file statements as described either in subsection A.1. or in subsection A.2.:

1. Monthly and annual statements.

a. Within ten days after the end of each calendar month, the recipient shall file a monthly statement of the total income and earnings received by the recipient during the reporting month from any gainful occupation, other than service as an officer or employee of the city, and the sources of such income and earnings; and

b. On or before May 1 of each year, the recipient shall file a notarized declaration under penalty of perjury, in a form approved by the board, of the total income and earnings received by the recipient during the preceding calendar year, or any portion thereof, from any gainful occupation outside city service and the sources of such income and earnings.

2. Income tax returns.

a. Instead of the statements described in subsection A.1., the recipient may file copies of the recipient's federal and state income tax returns and the recipient's W-2 and/or 1099 forms showing the total income and earnings received by the recipient from any gainful occupation, other than service as an officer or employee of the city, and the sources of such income and earnings. Such tax returns and forms shall be filed on or before the first day of May following the tax reporting period.

b. If a recipient elects to file tax returns, the recipient shall provide written notice of such election to the board not later than the date the next monthly statement would otherwise be due.

c. If a recipient elects to file tax returns, the recipient shall file with the board a written statement of the recipient's projected reportable income and earnings for each calendar year, and the sources of such income and earnings. Such statement shall be filed on or before the tenth day of January in the applicable calendar year. The recipient may file an amended statement in any case where there is a change in the projected income and earnings.

C. For the purposes of this section, income and earnings shall not include interest, dividends or rent.

D. If a recipient described in subsection A. fails to furnish the information required by this section, the disability retirement allowance shall be discontinued until such time as the required information is furnished. When the required information is furnished, the disability retirement allowance shall be reinstated and allowances withheld pending receipt of the required information shall be paid, less any applicable deductions.

E. This section shall not apply to any recipient of a disability retirement allowance when either of the following conditions is satisfied:

1. The recipient retired for disability with at least twenty years of service credit in this plan; or

2. The recipient's service credit in this retirement plan plus the time the recipient has been retired for disability equals at least twenty years.

(Ords. 24915, 26901.)

3.36.1040 Deductions of recipient's earnings from outside occupation.

A. In any case where the recipient of a disability retirement allowance meets the following conditions, the recipient's disability retirement allowance shall be reduced as provided in subsection B. below:

1. The recipient retired for disability with less than twenty years of service credit in this retirement plan and the sum of the recipient's service credit plus the time the recipient has been retired for disability is less than twenty years; and
2. The recipient is still incapacitated for the performance of duty; and
3. The recipient is engaged in a gainful occupation other than service as an officer or employee of the city.

B. During the period the recipient is engaged in gainful employment, the recipient's disability retirement allowance shall be reduced to the amount which, when added to the recipient's income or earnings from such gainful occupation and when also added to all other applicable deductions, if any, required by other provisions of this Chapter 3.36, shall not exceed the amount of the maximum compensation earnable in such period by a person holding the position which the recipient held at the time of retirement, or, if that position has been abolished, the maximum compensation earnable by a person holding it immediately prior to its abolition. In no event, however, shall the disability retirement allowance payable for any period exceed the amount of disability retirement allowance to which the recipient would have been entitled for such period in the absence of this section.

C. For the purposes of this section, income and earnings shall not include interest, dividends or rent.

D. Any overpayment of disability retirement allowance made to a recipient may be deducted from future allowances payable to the recipient or any beneficiary of the recipient or shall otherwise be collected from the recipient.

E. The following conditions shall apply in any case where, pursuant to Section 3.36.1035, the recipient has elected to file tax returns in lieu of monthly statements of income and earnings:

1. Reductions in disability retirement allowances shall be made based upon the statement of projected reportable income and earnings filed by the recipient.

2. Any overpayment of disability retirement allowance made during the applicable tax reporting period may be deducted from future allowances in substantially equal monthly deductions over a period not to exceed twelve months. If the deductions are made as provided in this subsection E., the deductions shall include interest on the outstanding overpayment at the actuarial rate adopted by the board.

3. Any underpayment of disability retirement allowance made during the applicable tax reporting period shall be paid to the disability retirement allowance recipient in one lump sum within thirty days of the verification of the underpayment by the secretary to the board.

F. When the sum of the recipient's service credit in this retirement plan plus the time the recipient has been retired for disability reaches twenty years, the deductions described in this section shall cease except to the extent necessary to recover any overpayment.

(Prior code § 2903.213; Ord. 24915.)

3.36.1050 - 3.36.1070 Reserved.

Editor's note: Ord. 27768, §§ 22 - 24, adopted June 20, 2006, repealed §§ 3.36.1050 - 3.36.1070, which pertained to reemployment of recipient in city service in new class of position - Deduction of earnings; refusal of reemployment with city; and disability while reemployed in new class of city positions.

3.36.1080 Medical examination of recipients - Allowance cancellation conditions.

The retirement board may at any time order and require any recipient of a disability retirement allowance to undergo medical examination by the city health officer and by one or more physicians or surgeons appointed or engaged by the board for that purpose at a reasonable time and place to be determined by the board. Upon any such recipient's application for reinstatement to active duty, the board shall order and cause a medical examination to be made of such recipient by the physicians or surgeons appointed or engaged by the board. Any such order may be served upon said recipient either by personal service or by depositing the same in the United States mail, postage prepaid, addressed to the member at his latest address on file in the office of the secretary of the board, at least ten days prior to the date upon which he is to report to the health officer, physician or surgeon for examination. The recipient of the disability allowance may submit a medical report by his own physician or surgeon. Upon the basis of such examination, the board shall determine whether the recipient is still incapacitated for the performance of duty, and if it finds that he is not, it shall so declare, whereupon, unless otherwise expressly provided elsewhere in this chapter, the disability retirement and disability allowance shall thereupon immediately cease and be deemed terminated.

(Prior code § 2903.218.)

3.36.1090 Reinstatement to duty.

A. If the board shall determine that a recipient of a disability allowance granted pursuant to the provisions of this chapter is no longer incapacitated for performance of duty, and if as of the date of such determination such person is not yet fifty-five years of age, such person shall, subject to the civil service provisions of the city, and subject to the provisions of this chapter, be reinstated either:

1. In the position held by him or her at the time retired for disability; or
2. In another position in the same classification of positions as the one held by him or her at the time he or she was retired, with duties within his or her capacities.

B. If a recipient of a disability allowance granted pursuant to the provisions of this chapter should, upon attaining the age of fifty-five years, still be incapacitated to perform the duties of the position held by him or her at the time of retirement, and of any other position in the same classification of positions as the one held by him or her at the time of retirement pursuant to the provisions of this chapter, the recipient shall no longer be subject to recall to duty.

C. Notwithstanding subsection B., the recipient of a disability allowance granted pursuant to this chapter may, subject to the civil service provisions of the city, be voluntarily reinstated to a position in the same classification of positions as the one held by him or her at the time of retirement. Upon

reinstatement from disability retirement, the disability retirement allowance shall be canceled and the person shall again become a member of this retirement plan with credit for those years of service for which the person was entitled at the time of retirement.

(Prior code § 2903.219; Ord. 26901.)

3.36.1100 Refusal to accept reinstatement.

If, after the board finds that the recipient of a disability allowance is no longer incapacitated for duty, and if such person is entitled to reinstatement to duty as provided in Section 3.36.1090, but such person fails to report for duty upon reinstatement or rejects an offer of reinstatement, all rights granted him by this chapter shall thereupon be cancelled and neither he nor his survivors shall be entitled to any benefits provided by this chapter.

(Prior code § 2903.220.)

3.36.1120 Failure or refusal to submit to medical examination.

If any recipient of a disability retirement allowance fails or refuses to submit to medical examination or examinations as ordered or required by the retirement board, the board may thereupon terminate said person's disability retirement and disability retirement allowance, in which event, subject to the following provisions, such person shall have no right to restoration to duty under or by virtue of any provisions of this chapter, nor shall he or any of his survivors nor his estate thereafter be entitled to any allowances or benefits under this system; provided, however, that if said person should apply for reinstatement of said disability retirement within one year from and after the date of termination of said retirement, and if he should prove to the satisfaction of the board that his disability continues and has not ceased, the board may reinstate said disability retirement and disability allowance as of the date of the order of such reinstatement or as of such prior date which the board should find to be just and reasonable; and provided further, that if said person should die before having said disability retirement and disability retirement allowance reinstated as aforesaid and within one year from and after the date that the board terminated said disability retirement, then in that event the surviving spouse or surviving child or children of said deceased person or his estate may, within said one year from and after the date the board terminated the retirement allowance, apply to the board for such survivor's or death benefits, if any, as they would be entitled to if the deceased person's disability retirement had not been terminated as aforesaid, and if they should prove to the satisfaction of the board that the deceased person's original disability continued to the time of his death, the board may grant to them such survivorship or death allowances or benefits as they would have been entitled to if the abovementioned disability retirement had not been terminated as aforesaid. In no event shall said disability retirement or disability retirement allowance be reinstated unless application therefor has been made within one year from and after the board terminated such retirement; and in no event shall any survivorship allowances or death benefits be granted to anyone pursuant to the provisions of this section unless application therefor has been made within one year from and after the date the board terminated said disability retirement.

(Prior code § 2903.223.)

3.36.1130 Payment of disability allowances to constitute return and withdrawal of contributions.

Anything elsewhere in this chapter to the contrary notwithstanding, the payment to and receipt by any person of any disability retirement allowance or allowances shall constitute and be deemed to be a return to and withdrawal by such person, to the extent of the amount of such allowance or allowances so paid to and received by him, of any and all contributions theretofore made by such person to the retirement fund prior to the date he was retired for disability, and the amount of such allowance or

allowances so paid to and received by him shall be deducted from the amount of accumulated contributions in the fund which are credited to him. Nothing herein contained, however, shall be deemed to restrict the amount of disability allowances payable to any such person to the amount of contribution theretofore contributed by him to the fund, it being the intent that such allowances shall continue to be paid to such person as provided by and subject to other provisions of this chapter even after all contributions standing to his credit shall have been so withdrawn and exhausted.

(Prior code § 2903.226.)

3.36.1140 Failure to reinstate recipient of a disability allowance to duty on cessation of disability.

Anything elsewhere in this chapter to the contrary notwithstanding, if the disability for which a person has been granted a disability retirement or disability retirement allowance pursuant to the provisions of this chapter should cease, and if, in addition, such person should be then ready, willing and able to be reinstated to duty in and to assume and perform the responsibilities and duties of the position from which he was retired for disability and of any other position in the same class or positions, then in that event such person shall nonetheless continue to be deemed retired for this disability which no longer exists and continue to be entitled to such disability retirement allowance, if any, as he would be entitled to under the provisions of this chapter if the disability for which he was retired had not ceased, until he is reinstated to duty in the position from which he was retired or in any other position in the same class or positions, or until he rejects an offer of reinstatement in any such position, or until he refuses or fails to report to duty in any such position when requested to do so, or until he becomes unable for any reason to accept reinstatement to duty in or to assume and perform the responsibilities and duties of the position from which he was retired or of any other position in the same class of positions, whichever is the sooner; provided, however, that nothing contained in this section shall be deemed to deprive the retirement board of any rights which it might otherwise have under other provisions of this chapter to cancel, terminate, suspend or reduce said retirement or retirement allowance for any reason or reasons other than the fact said disability has ceased.

(Prior code § 2903.227.)

3.36.1150 Termination of disability retirement benefits for treason or conviction of felony.

Any and all disability retirement allowances otherwise payable to a person may be cancelled and terminated by the retirement board, in its sole discretion, if the recipient thereof should commit treason or be convicted of a felony. Such cancellation and termination shall not affect survivors' benefits and death benefits set forth in Part 8 of this chapter if such benefits would otherwise be payable. At any time after cancellation and termination of retirement allowances pursuant to this section, the board may in its sole discretion pay to the spouse and/or minor children under the age of eighteen of the convicted person all or any portion of the retirement allowance which would have been payable to the convicted person, for such period and subject to such conditions as the board in its sole discretion determines or imposes, and subject to the further right and power of the board to cancel such payments to the spouse and/or minor children at any time, in its sole discretion, with or without notice. Such payment to the spouse or minor children shall not be made until and unless application therefor shall have been made and the board shall have determined that the allowance or a portion thereof is required to provide the spouse or minor children with necessities of life.

1. Where a member who is entitled to immediate retirement for service under the provisions of this chapter dies on or after August 6, 1970, while a member of this plan and before being retired for service or disability;

2. Where a person who is entitled to immediate retirement for service under the provisions of this chapter is granted a leave of absence without full compensation and pay and such person dies on or after August 6, 1970, while on such leave of absence and before being retired for service or disability;

3. Where a person who has been retired for service under the provisions of this chapter dies on or after August 6, 1970, before receiving any service retirement allowance or pay;

5. Where a member dies on or after August 6, 1970, while a member of this plan, but before being retired hereunder for service or disability, if the death arises out of and in the course of his or her employment with the city.

B. Definitions. For the purposes of this section, the following terms shall have the following meanings:

1. "Surviving spouse" means the person to whom the deceased person described in Subsection A. above was married at the time of the deceased person's death and who survives the deceased person's death and none other.

2. "Surviving domestic partner" means the person with whom the deceased person described in Subsection A. above, at the time of the deceased person's death had established a domestic partnership and who survives the deceased person's death, and none other.

3. "Surviving child" and "surviving children" mean the natural or adopted child or children of the deceased person described in Subsection A. above that meets all of the following requirements:

a. The child survives the deceased person's death; and

b. The child is neither married nor a member of a domestic partnership at the time of the deceased person's death; and

c. The child is under the age of eighteen years at the time of the deceased person's death; and

d. The child is in existence or conceived at the time of the deceased person's death; and

e. If the child is an adopted child of the deceased person, the adoption was completed pursuant to law prior to the deceased person's death.

C. Contributions and Interest Payable to Surviving Spouse or Surviving Domestic Partner. If the deceased person described in Subsection A. above leaves a surviving spouse or surviving domestic partner, the surviving spouse or surviving domestic partner, whichever is applicable, shall be entitled to receive and shall be paid from the retirement fund a sum of money equal to all contributions of the deceased person to the retirement fund which have not previously been withdrawn from the retirement fund by the deceased person, plus interest on the unwithdrawn contributions as earned by the fund during the deceased person's period of aggregate service, but in no case shall the interest be in excess of two percent per annum.

D. Contributions and Interest Payable to Surviving Children Where No Surviving Spouse and No Surviving Domestic Partner.

1. If the deceased person described in Subsection A. above leaves no surviving spouse and no surviving domestic partner but leaves a surviving child or surviving children, the eligible surviving child or children shall be entitled to receive and shall be paid from the retirement fund a sum of money equal to all contributions of the deceased person to the retirement fund which have not previously been withdrawn from the retirement fund by the deceased person, plus interest on the unwithdrawn contributions as earned by the fund during the deceased person's period of aggregate service, but in no case shall the interest be in excess of two percent per annum. The sum to be paid to each eligible child shall be determined by dividing the total amount of unwithdrawn contributions plus interest thereon, by the number of eligible surviving children.

2. In the event that the estate of the deceased person establishes by appropriate court action a legal claim to all or any part of the contributions and interest paid to the surviving child or children under this Subsection D. because of the provisions of San José Municipal Code Section 2903.250(d) as it existed on August 6, 1970 (as originally adopted by Ordinance No. 9506), monthly allowances or benefits which would otherwise be payable to any surviving child or surviving children under and by virtue of Subsection G. of this section shall be withheld and not paid to such surviving child or children until such time as the total amount of allowances so withheld equals the total amount which the court establishes is due to the estate. In the event such withholding is insufficient to pay such amount due the estate, the city may recover by suit that portion of the amount due the estate which cannot be recovered by withholding such monthly allowances or benefits.

E. Contributions and Interest Payable to Estate Where There Is No Surviving Spouse, No Surviving Domestic Partner and No Surviving Children. If the deceased person described in Subsection A. above leaves no surviving spouse, no surviving domestic partner and no eligible surviving child or children, the deceased person's estate shall be entitled to receive and shall be paid from the retirement fund a sum of money equal to all contributions of the deceased person to the retirement fund which have not previously been withdrawn from the retirement fund by the deceased person, plus interest on the unwithdrawn contributions as earned by the fund during the deceased person's period of aggregate service, but in no case shall the interest be in excess of two percent per annum.

F. Survivorship Allowance Payable to Surviving Spouse or Surviving Domestic Partner. If the

deceased person described in Subsection A. above leaves a surviving spouse or a surviving domestic partner, such surviving spouse or surviving domestic partner, whichever is applicable, shall be entitled to receive and shall be paid from the retirement fund a monthly survivorship allowance in the amount specified in Section 3.36.1270 of this Chapter, subject to the provisions of Subsection H. of this section and to the following:

1. If the deceased person died prior to October 1, 1999, the monthly allowance payable to the surviving spouse shall be paid for the remainder of the surviving spouse's life.
2. Except as provided in Section 3.36.1290, and except in the case where the deceased person had elected an optional settlement pursuant to Part 9.5 of this chapter, if the deceased person died on or after October 1, 1999, but prior to January 1, 2005, the monthly allowance payable to the surviving spouse shall be paid until the surviving spouse marries or dies, whichever is the earlier date, and no longer.
3. Except as provided in Section 3.36.1290, and except in the case where the deceased person had elected an optional settlement pursuant to Part 9.5 of this chapter, if the deceased person died on or after January 1, 2005, the monthly allowance payable to the surviving spouse or surviving domestic partner shall be paid until the surviving spouse or surviving domestic partner marries, establishes a domestic partnership or dies, whichever is the earlier date, and no longer.

G. **Survivorship Allowance Payable to Surviving Child or Children.** If the deceased person described in Subsection A. above leaves a surviving child or children, the eligible surviving child, or each of the eligible surviving children if there is more than one surviving child, shall be entitled to receive and shall be paid from the retirement fund, subject to the provisions of and except as provided in Subsection H. of this section, until he or she marries, establishes a domestic partnership, attains the age of eighteen years or dies, whichever is the earlier date, and no longer, a monthly survivorship allowance in the amount specified in Section 3.36.1300 of this chapter.

H. Deduction from Survivorship Allowances.

1. Anything elsewhere in this section or this part to the contrary notwithstanding, all of the monthly allowances or benefits which would otherwise be payable to any surviving spouse, surviving domestic partner, eligible surviving child or surviving children pursuant to the provisions of Subsections F. and G. of this section shall be withheld and not paid to the persons who would otherwise be entitled to the same until such time as the total amount of allowances so withheld equals the total amount paid or payable to a surviving spouse or surviving domestic partner of the deceased person or to the surviving child or children of the deceased person or to the estate of the deceased person pursuant to the provisions of Subsections C., D. or E. of this section, and the allowances so withheld shall never be paid to the persons who would otherwise have been entitled to the same, it being the intention that the monthly survivorship allowances described in Subsections F. and G. shall not be owing or payable and shall not commence until such time as there shall have elapsed from and after the death of the deceased person a number of months equal to that number obtained by dividing the total amount of money which is payable or paid to the surviving spouse or surviving domestic partner of the deceased person or to the surviving child or children of the deceased person or to the estate of the deceased person pursuant to the provisions of the above Subsections C., D. or E. by the sum of the monthly survivorship allowances which would otherwise be payable to a surviving spouse or surviving domestic partner and to a surviving child or children pursuant to the provisions of Subsections F. and G. of this section. By way of explanation, if the deceased person should die leaving a surviving spouse or surviving domestic partner and surviving children, and if the amount payable to the spouse or domestic partner pursuant to the provisions of Subsection C. were nine hundred dollars and the monthly amount payable to the spouse or domestic partner pursuant to Subsection F. were two hundred dollars and the amount payable to surviving children pursuant to Subsection G. were one hundred dollars, none of the allowances provided for in Subsections F. and G. would become due or payable until there shall have elapsed from and after the deceased person's death a number of months equal to nine hundred dollars

divided by three hundred dollars, or three months. No such allowance shall be paid or be payable to a surviving spouse or surviving domestic partner if at the time such allowance becomes payable the surviving spouse or surviving domestic partner shall have died, remarried or established a domestic partnership; and no such allowance shall be paid or payable to any surviving child if at the time such allowance becomes payable to such child he or she shall have died, married, established a domestic partnership or attained the age of eighteen years.

2. Notwithstanding any of the foregoing to the contrary, contributions and interest payable under Subsections C., D. and E., at the option of the eligible recipient thereof, either shall be payable in a lump sum or shall be payable monthly in an amount equal to the amount of the monthly survivorship allowance payable pursuant to the provisions of Subsections F. and G. of this Section, until the contributions and interest are exhausted, at which time payment of the monthly survivorship allowance shall commence. In the event that all the eligible recipients die before receiving the total amount of contributions and interest, the amount remaining to be paid shall be paid to the estate of the eligible recipient or, if more than one, the estate of the eligible recipient who dies last. In no event shall the eligible recipient who elects not to receive a lump sum payment of contributions and interest receive any less or more than the monthly survivorship allowance in any month even though the contributions and interest are exhausted within a month.

3. The particular recipient or parent or guardian, in the case of a minor, or representative of an estate, in the case of an estate, shall exercise the above option in writing no later than thirty days after death of the deceased person on a form to be furnished by this system. Failure to make such election in writing shall be deemed an election to receive the contributions and interest in a lump sum payment.

I. Minimum Amount Payable to Estate Where No Surviving Spouse, No Surviving Domestic Partner and No Surviving Children. If the deceased person described in Subsection A. should leave no surviving spouse, no surviving domestic partner and no eligible surviving child or children, and if, in addition, the amount payable to the deceased person's estate pursuant to the provisions of Subsection E. of this section should be less than one thousand dollars, then in that event there shall be paid from the retirement fund to the estate such additional amount as would, when added to the amount payable to the estate under the provisions of Subsection E., equal one thousand dollars.

J. Anything herein in this part to the contrary notwithstanding, no persons other than those above specified shall be entitled to or receive any benefits or allowances whatsoever because of or as a result of the death of any person described in Subsection A. above, and no moneys other than those above specified shall be paid or payable to the survivors or estate of the deceased person.

(Prior code § 2903.250; Ords. 19478, 23807, 25936, 26901, 27711, 27712, 27768.)

3.36.1210 Death before receipt of retirement pay - When contributions, smaller allowance and minimum benefits are payable.

A. The benefits specified in this section shall be payable in accordance with this section in each of the following situations:

1. Where a member who is not entitled to immediate retirement for service dies on or after August 6, 1970, while a member of this plan and prior to being retired for service or disability, if such member at the time of his or her death is entitled to credit for not less than two years' service and if, in addition, the death does not arise out of and in the course of his or her employment with the city;

In the event that all the eligible recipients die before receiving the total amount of contributions and interest, the amount remaining to be paid shall be paid to the estate of the eligible recipient or, if more than one, the estate of the eligible recipient who dies last. In no event shall the eligible recipient who elects not to receive a lump sum payment of contributions and interest receive any less or more than the monthly survivorship allowance in any month even though the contributions and interest are exhausted within a month.

3. The particular recipient or parent or guardian, in the case of a minor, or representative of an estate, in the case of an estate, shall exercise the above option in writing no later than thirty days after the death of the deceased person on a form to be furnished by this system. Failure to make such election in writing shall be deemed an election to receive the said contributions and interest in a lump sum payment.

I. Minimum Amount Payable to Estate Where There Is No Surviving Spouse, No Surviving Domestic Partner and No Surviving Children. If the deceased person described in Subsection A. above should leave no surviving spouse, no surviving domestic partner and no eligible surviving child or children, and if, in addition, the amount payable to the deceased person's estate pursuant to the provisions of Subsection E. of this section should be less than one thousand dollars, then in that event there shall be paid from the Retirement Fund to the estate such additional amount as would, when added to the amount payable to the estate under the provisions of Subsection E., equal one thousand dollars.

3.36.1410 Definitions.

As used in this Part 9:

A. "Educational Institution" Defined. "Educational institution" means a school (including a technical, trade or vocational school), junior college, college or university:

1. Which is operated or directly supported by the United States, or by any state of the United States, or by any local government or political subdivision thereof; or

2. Which is approved by a state or accredited by a state-recognized or nationally recognized accrediting agency or body. A nationally recognized accrediting agency or body is an agency or body that has been determined to be such by the United States commissioner of education. A state-recognized accrediting agency or body is an agency or body designated or recognized by a state as a proper authority for accrediting schools, colleges or universities as meeting educational standards. Approval by a state includes approval of a school, college or university as an educational institution, or of one (1) or more of the school's, college's or university's courses by a state agency or subdivision of the state. This approval may be indirect, as for example, if attendance at the school satisfies the state's compulsory educational laws, or if the school has tax exemption as a school, or if the school receives financial aid, loans or scholarship allowances; or

3. Whose credits are accepted, on transfer, by not less than three (3) institutions which have been accredited by a state recognized or nationally recognized accrediting agency or body, for credit on the same basis as if transferred from an institution so accredited. Acceptance of credits on transfer includes, in addition to acceptance of laterally transferred credits between similar institutions, acceptance of credits completed in an institution at a lower grade level for entrance into an institution at a higher grade level.

B. "Eligible Surviving Child" Defined. "Eligible surviving child" means a surviving child, as defined in subsection E. of this section, who meets and satisfies all of the following conditions:

1. Such surviving child must have attained the age of eighteen (18) years; and
2. Such surviving child must not have attained the age of twenty-two (22) years; and
3. Such surviving child must be neither married nor a member of a domestic partnership; and
4. Such surviving child must be a full-time student, as such term is defined in subsection D. of this section.

C. "Full-Time Attendance" Defined.

1. "Full-time attendance" at an educational institution means:

- a. Enrollment in a junior college, college or university in a day or evening noncorrespondence course of at least thirteen (13) school weeks' duration which is full-time under the

school's standards and practices for day students; or

b. Enrollment in any other educational institution in a day or evening noncorrespondence course of at least thirteen (13) school weeks' duration which is full-time under the school's standards and practices for day students with scheduled attendance at the rate of twenty (20) hours per week or more.

2. The thirteen-school-week duration requirement is met if the course lasts for thirteen (13) weeks including the beginning and ending weeks.

3. The thirteen-school-week duration requirement refers to the entire course of study (e.g., a four-year high school or college course, a two-year junior college course), and not a semester, trimester, summer school session, or other segment of the course. If a student attending a course of at least thirteen (13) school weeks' duration drops out or is dropped before completing the thirteen school weeks, he or she may still qualify for the months of full-time attendance.

4. A student whose full-time attendance begins or ends in a month is in full-time attendance for that month.

D. "Full-Time Student" Defined. "Full-time student" means a student who is in full-time attendance, as such term is defined in subsection C. of this section, as a student at an educational institution as such term is defined in subsection A. of this section, except that no student shall be deemed to be a full-time student if he or she is paid by his or her employer for attending an educational institution at the employer's request or pursuant to a requirement of the employer.

E. "Surviving Child" Defined. "Surviving child" means a child who, if he or she were under the age of eighteen (18) years, would be deemed to be a surviving child as such term is defined in Part 8 of Chapter 3.36 and, as such, would be entitled, if he or she were under eighteen (18) years of age, to a surviving child's survivorship allowance under and pursuant to the provisions of said Part 8.

(Prior code § 2903.270a-e, h; Ords. 20202, 23807, 27712.)

A. A student who has been in full-time attendance at an educational institution is deemed to be in full-time attendance during a period of nonattendance at an educational institution if the period of nonattendance is four consecutive calendar months or less, and the student:

1. Establishes that he intends to be in full-time attendance at an educational institution in the month immediately following such period of nonattendance; or

2. Is in full-time attendance at an educational institution in the month immediately following the period of nonattendance.

B. A period of nonattendance is any period in which a student is not a full-time student (i.e., he is not attending school, he is attending school less than full-time, or he is attending a school that is not an educational institution).

C. A period of nonattendance begins on the first day of the month following the last month in which the student was in full-time attendance, and ends on the last day of the month preceding the month in which the student resumes full-time attendance.

D. A student or individual shall not be deemed a full-time student or in full-time attendance during any period of nonattendance if the nonattendance is due to expulsion or suspension from school,

notwithstanding that such student or individual intends to resume or actually does resume full-time attendance within four calendar months after the beginning of such period of nonattendance or later.

- E. The first month during no part of which the child is a full-time student.

(Prior code § 2903.270i; 27712.)

3.36.1450 Child's school allowance - Amount.

An eligible surviving child shall be entitled to receive, for each calendar month after January 1, 1968, in which all of the conditions of entitlement described in the preceding provisions of this Part 9 are met by him, and in no event for any period longer than the duration of his entitlement as specified in Section 3.36.1440, a child's allowance. The amount of such allowance for each calendar month for which said child is eligible for the same shall be the same as the amount which would be payable to him for each such month as a surviving child's survivorship allowance under and by virtue of the provisions of Part 8 of this chapter if he were under the age of eighteen years and otherwise entitled to a surviving child's survivorship allowance under the provisions of Part 8. Anything in said Part 8 or elsewhere in this chapter to the contrary notwithstanding, for the purpose of determining and computing the amount of the child's survivorship allowance which would be payable to such child under the provisions of Part 8 if he were under the age of eighteen years and otherwise entitled to such survivorship allowance, and also for the purpose of determining and computing the amount of child's survivorship allowance payable under the provisions of Part 8 to other surviving children of the parent because of whose death said child is entitled to a school allowance, the child claiming the school allowance shall be deemed and considered to be one of the surviving children entitled to a child's survivorship allowance under the provisions of Part 8.

 - b. Which such member has not received under the retirement plan; and
 - c. Which such member may receive only by making a voluntary additional contribution, in an amount determined under the retirement plan, which does not exceed the amount necessary to fund the benefit attributable to such service credit.

Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, such term may include service credit for periods for which there is no performance of service, and, notwithstanding Subparagraph b, may include service credited in order to provide an increased benefit for service credit which a member is receiving under the retirement plan.

5. The retirement plan shall fail to meet the requirements of this section if:
 - a. More than five years of nonqualified service credit are taken into account for purposes of this Subsection A.; or
 - b. Any nonqualified service credit is taken into account under this Subsection A. before the member has at least five years of participation under the retirement plan.
6. For purposes of Paragraph 5., effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, the term "nonqualified service credit" means permissive service credit other than that allowed with respect to:
 - a. Service (including parental, medical, sabbatical, and similar leave) as an employee of the government of the United States, any state or political subdivision thereof, or any agency or

instrumentality of any of the foregoing (other than military service or service for credit which was obtained as a result of a repayment described in Section 415(k)(3) of the Internal Revenue Code),

b. Service (including parental, medical, sabbatical, and similar leave) as an employee (other than as an employee described in Subparagraph a. of an education organization described in Section 170(b)(1)(A)(ii) of the Internal Revenue Code which is a public, private, or sectarian school which provides elementary or secondary education (through grade twelve), or a comparable level of education, as determined under the applicable law of the jurisdiction in which the service was performed;

c. Service as an employee of an association of employees who are described in Subparagraph a., or

d. Military service (other than qualified military service under Section 414(u) of the Internal Revenue Code) recognized by the retirement plan.

In the case of service described in Subparagraph a., b., or c., such service shall be nonqualified service if recognition of such service would cause a member to receive a retirement benefit for the same service under more than one plan.

7. In the case of a trustee-to-trustee transfer after December 31, 2001, to which Section 403(b)(13)(A) of the Internal Revenue Code or Section 457(e)(17)(A) of the Internal Revenue Code applies (without regard to whether the transfer is made between plans maintained by the same employer):

a. The limitations of Paragraph 5. shall not apply in determining whether the transfer is for the purchase of permissive service credit; and

b. The distribution rules applicable under federal law to the retirement plan shall apply to such amounts and any benefits attributable to such amounts.

8. For an eligible member, the limitation of Section 415(c)(1) of the Internal Revenue Code shall not be applied to reduce the amount of permissive service credit which may be purchased to an amount less than the amount which was allowed to be purchased under the retirement plan as in effect on August 5, 1997. For purposes of this paragraph, an eligible member is an individual who first became a member in the retirement plan before January 1, 1998.

B. Modification of contributions for 415(c) and 415(n) purposes. Notwithstanding any other provision of law to the contrary, the retirement plan may modify a request by a member to make a contribution to the retirement plan if the amount of the contribution would exceed the limits provided in Section 415 of the Internal Revenue Code by using the following methods:

1. If the law requires a lump sum payment for the purchase of service credit, the retirement plan may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under Section 415(c) or 415(n) of the Internal Revenue Code.

2. If payment pursuant to Paragraph 1. shall not avoid a contribution in excess of the limits imposed by Section 415(c) or 415(n) of the Internal Revenue Code, the retirement plan may either reduce the member's contribution to an amount within the limits of those sections or refuse the member's contribution.

C. Repayments of cashouts. Any repayment of contributions (including interest thereon) to the retirement plan with respect to an amount previously refunded upon a forfeiture of service credit under the retirement plan or another governmental plan maintained by the city shall not be taken into account for purposes of Section 415 of the Internal Revenue Code, in accordance with applicable treasury regulations.

D. Participation in other qualified plans; aggregation of limits.

1. The 415(b) limit with respect to any member who at any time has been a member in any other defined benefit plan as defined in Section 414(j) of the Internal Revenue Code maintained by the city shall apply as if the total benefits payable under all such defined benefit plans in which the member has been a member were payable from one plan.

2. The 415(c) limit with respect to any member who at any time has been a member in any other defined contribution plan as defined in Section 414(i) of the Internal Revenue Code maintained by the city shall apply as if the total annual additions under all such defined contribution plans in which the member has been a member were payable from one plan.

(Ord. 28886.)

3.36.1510 Payroll deductions and other collections.

The retirement board shall furnish to the director of finance the rates of contributions for, and the amounts of any other contributions payable by each member or other person. The director of finance shall apply such rates of contribution to the compensation of each member, and deduct from such compensation the contributions so determined and payable by each member. All other contributions authorized to be made or required of members or other persons shall be paid by such members or persons to the director of finance. The director of finance shall furnish to the board, upon request therefor, a statement of such contributions so deducted or credited with respect to each member or other person, together with such other information as the board may require. All contributions shall be placed in the retirement fund.

(Prior code § 2903.276; Ord. 27768.)

3.36.1520 Current service contributions.

A. The retirement board shall determine and fix, and from time to time it may change, the amount of monthly or biweekly contributions for current service which must be required of the City of San José and of members of this plan to make and keep this plan and the retirement system at all times actuarially sound. For the purpose of this section, "contributions for current service" for members employed in the fire department shall mean the sum of the normal costs for each actively employed member in the fire department as determined under the entry age normal actuarial cost method, divided by the aggregate current compensation of such members, and "contributions for current service" for members employed in the police department shall mean the sum of the normal costs for each actively employed member in the police department as determined under the entry age normal actuarial cost method, divided by the aggregate current compensation of such members. Rates for current service shall not include any amount required to make up any deficit resulting from the fact that previous rates of contribution made by the city and members were inadequate to fund benefits attributable to service rendered by such members prior to the date of any change of rates, and shall not include any amount required for payment of medical or dental insurance benefits.

B. For the purposes of this section, the "entry age normal actuarial cost method" means the actuarial calculation which divides the actuarial present value of a member's future benefits determined as of the date of the member's employment by the actuarial present value of the member's future salaries determined as of the date of the member's employment in order to determine the member's normal cost rate. The current year normal cost for a member is the member's normal cost rate multiplied by the member's current compensation.

C. The City of San José and the members of this plan shall make and pay all such monthly or biweekly contributions as are found necessary and as are fixed by the retirement board; provided that

the monthly or biweekly contributions required of members, as compared to the monthly or biweekly contributions required of the city, shall at all times be in the ratio of three to eight.

D. With respect to monthly or biweekly contributions required of members, the retirement board shall determine and fix, and from time to time change, the rate of contribution as a percentage of a member's monthly or biweekly compensation. The rate of contribution may be different for members employed in the fire department and members employed in the police department depending on the benefits provided to such members, but it shall be the same percentage for all members in the fire department and shall be the same percentage for all members in the police department. The retirement board shall furnish such information to the director of finance so that payroll deductions may be made as provided in Section 3.36.1510.

(Prior code § 2903.280; Ords. 19690, 23432, 27721.)

3.36.1525 Additional employee contributions and employer contribution offset.

A. Notwithstanding any other provisions of this Part 10 or of Chapter 3.44, members of this plan who are not subject to the provisions of City Charter Section 1111 shall make such additional retirement contributions as may be required by resolution adopted by the city council or by executed agreement with a recognized bargaining unit.

B. Notwithstanding any other provisions of this Part 10, members of this plan who are subject to the provisions of City Charter Section 1111 shall make such additional retirement contributions for fiscal years 2010-2011 as may be required by executed agreement with a recognized bargaining unit or binding order of arbitration.

C. Notwithstanding any other provision of this Part 10, the city shall be entitled to an offset of a percentage, as is determined to be appropriate by the actuary for the police and fire department retirement plan, of the additional employee retirement contributions that are made under subsection A. of this Section 3.36.1525 against the retirement contributions that the city would otherwise be required to make under this Part 10.

(Ord. 28753.)

3.36.1530 Crediting of city contributions to city.

The city shall be credited with any and all contributions made by it to the retirement system or fund pursuant to this chapter.

(Prior code § 2903.278.)

3.36.1540 Crediting of members' contributions to individual accounts - Discharge of claims.

Each member's or other person's contribution deducted or otherwise paid to the director of finance shall be credited by the director of finance to an individual account of the member or other person for whom the contribution was made. Payment of salaries or wages less such contributions is in full discharge of all claims and demands whatsoever for the service rendered by the members during the period covered by such payment, except the benefits afforded by this chapter.

(Prior code § 2903.277; Ord. 25084.)

3.36.1550 Contributions for prior service benefits.

A. If any person who is a member of or a recipient of or entitled to any benefits under the police and fire department retirement plan established by Chapter 3.32, or who has made any contributions thereto, elects, pursuant to and as may be authorized by the provisions of this chapter, to become a member of this system or to receive any benefits provided by this system, in lieu of being a member of or receiving any benefits pursuant to the provisions of the police and fire department retirement plan established by Chapter 3.32, any and all contributions theretofore made by said member or person to the police and fire department plan established by Chapter 3.32 and therein credited to him or her shall be paid or transferred to this system and credited to such member or person as a contribution made by him or her to this system for or on account of all service rendered by said member or person prior to the time he or she becomes a member of or elects to receive any benefits under this system for which service such member or person is given credit under this system, and for payment of benefits required by this system to be paid because of service rendered by such member or person prior to the time he or she becomes a member of or elects to receive any benefits under this system. Anything elsewhere in this chapter to the contrary notwithstanding, no person who has been or is a member of, or is entitled to receive or is receiving any benefits under the police and fire department retirement plan established by Chapter 3.32 may become a member of this system or be entitled to any benefits hereunder unless he or she agrees to the above, and such transfers or contributions are made or paid as above provided. Any such member or person shall be deemed to have agreed to the above upon electing to become a member of this system or upon electing to receive any benefits thereunder.

B. In addition, all contributions heretofore or hereafter made by the City of San José to the police and fire department retirement plan established by Chapter 3.32 for or on account of service rendered by any of the above-mentioned members or persons prior to the time they became members of this system or elected to receive any benefits hereunder for which service such members or persons are given credit under this system, shall be transferred to this system and credited to the City of San José as part of its contributions to this system for or on account of said prior service rendered by said members or persons prior to the time they became members of or elected to receive any benefits under this system and for the payment of benefits required to be paid by this system because of such prior service of said members or persons.

C. In addition, the City of San José shall contribute to the retirement fund, monthly, all such amounts as the retirement board shall find must be contributed to the fund, on account of service rendered by members or other persons prior to the effective date of this chapter and on account of benefits payable because of such prior service to make this plan actuarially sound to the extent that such amounts are not provided by such members' or persons' accumulated prior service contributions and said city's prior contributions for such prior service.

D. In addition, except as provided in Section 3.36.1555, the City of San José shall contribute to the retirement fund, monthly, all such amounts as the retirement board shall find must be contributed to the fund, to make this plan actuarially sound to the extent that such amounts are not provided by member and city's current service contributions as provided for in Section 3.36.1520.

(Prior code § 2903.279; Ords. 19690, 25614.)

3.36.1555 Special member prior service contribution provision.

A. The members of this plan shall contribute to the retirement fund that portion of the contributions for prior service which is attributable to the contributions that would have been made as contributions for current service by members of this plan because of the increased benefits provided by Section 3.36.805 and Section 3.36.1020.B.3 had the members made such contributions from February 4, 1996, to the effective date of the contribution rates adjustments to implement such benefits. The rate of contribution

for such prior service, expressed as a percentage of payroll, shall be the same percentage for all members.

B. The members of this plan who are employed in the police department shall contribute to the retirement fund that portion of the contributions for prior service which is attributable to the contributions that would have been made as contributions for current service by such members because of the increased benefits provided by Ordinance No. 27721 had the members made such contributions from July 1, 2006, to the effective date of the contribution rates adjustments to implement such benefits. The rate of contribution for such prior service, expressed as a percentage of payroll, shall be the same percentage for all members who are employed in the police department.

C. The prior service costs payable by members of this plan pursuant to subsections A. and B. shall be amortized over the same period of time as the city's contributions for prior service costs for the benefits referenced in subsections A. and B., respectively, are amortized.

(Ord. 25614, 27992.)

3.36.1560 Other contributions.

If any other contributions are required of a person or persons under provisions of other parts of this chapter, either as a condition to becoming a member of this system; or as a condition to receiving any benefit hereunder, or for any other reason the same shall be paid by such person or persons as provided by said other provisions.

(Prior code § 2903.281.)

3.36.1565 No credit to city upon the withdrawal of member's accumulated contributions.

Except as provided in Section 3.36.190, if the membership of a member of this system terminates for any reason other than death or retirement and his accumulated contributions are returned to him or withdrawn by him, the city shall not receive a refund of its contributions made for such member nor receive a credit for such contributions against other contributions required to be made by the city.

(Ord. 20276.)

3.36.1570 Administrative expenses.

From and after July 12, 1987, all administrative expenses of this retirement plan, as determined and approved by the board, including staff salaries and indirect labor costs, shall be paid from the retirement fund. The payment of said expenses shall be subject to such limitations on said expenses as may be agreed upon by the city and the employee organizations representing members of this plan and set forth in the appropriate memoranda of agreement. Expenses in excess of said limitations, if any, shall be paid by the city.

(Prior code § 2903.282; Ords. 20065, 20849, 21164, 21243, 22678, 22704.)

3.36.1580 City pickup of member contributions.

A. For the purposes of this section, contributions "picked up" by the city means contributions to this plan which are designated as employee contributions but are treated as employer contributions for income tax purposes as authorized by Section 414(h)(2) of the Internal Revenue Code (26 U.S.C.A. 414

(h)(2)).

B. Notwithstanding any other provisions of law, the city may pick up, for the sole and limited purpose of deferring taxes as authorized by Section 414(h)(2) of the Internal Revenue Code (26 U.S.C.A. 414(h)(2)) and Section 17501 of the California Revenue and Taxation Code, all or a portion of the contributions required to be paid by a member of this plan.

C. Nothing herein shall be construed to mean that any contributions so picked up by the city are to be treated as city contributions for any purpose other than the sole and limited purpose specified herein. Any contributions so picked up by the city shall be paid into the retirement fund and shall be treated in the retirement fund in the same manner as such contributions would be treated if they had not been picked up by the city. The member shall have no right to receive such picked up contributions directly but instead they must be paid to the retirement fund.

D. Subject to applicable laws relating to meet and confer requirements, the city shall retain the authority periodically to increase, reduce or eliminate the pickup by the city of all or a portion of the contributions required to be paid by a member of this plan.

(Ords. 22458, 26005, 28030, 28886.)

3.36.1590 Time of payment of city contributions.

A. Such monthly or biweekly contributions as are required of the city by the provisions of this Part 10 shall be paid by the city within ten (10) days from and after the end of the month or two-week period for which they are made.

B. In lieu of making the monthly or biweekly contributions specified in this Part 10 for the pay periods commencing with the third pay period in fiscal year 2008-09, the city shall have the option to make, on or before August 1, 2008, an advance lump sum payment of the city's contributions to the medical benefits account and the retirement fund. The amount of such advance lump sum payment for fiscal year 2008-09 shall be as determined by the board to be actuarially equivalent to the monthly or biweekly payments that would otherwise have been the city's required contributions to the medical benefits account and the retirement fund for the pay periods commencing with the third pay period in fiscal year 2008-09.

C. Commencing with fiscal year 2009-10, the city shall have an annual option to select the advance periodic basis on which city contributions to the medical benefits account and to the retirement fund for that fiscal year will be paid; provided that such payment schedule shall be no less frequent than quarterly. Except as may otherwise be agreed to by the board, the notice of intent to exercise the option, including the advance periodic basis selected and the payment date(s) (the "notice of intent"), shall be provided by the city manager to the board on or before April 30th of the fiscal year prior to the fiscal year in which city may wish to exercise the option. The amount of the advance periodic payment(s) contained in city's notice of intent shall be as determined by the board to be actuarially equivalent to the monthly or biweekly payment that would otherwise have been required.

D. In the event that written notice of intent to exercise the option to select an alternative periodic payment schedule, has not been given by the city manager to the board on or before April 30th, or such other date as may be approved by the board, of each fiscal year, or if subsequent to the giving of such notice and prior to the commencement of the fiscal year, city elects not to exercise the option to select an alternative periodic payment schedule, city's payment of the city's contributions to the medical benefits account and to the retirement fund shall be made monthly or biweekly as otherwise specified in this Part 10.

E. Such alternative periodic payments as are made by the city pursuant to the provisions of this

Part 10 shall be paid by the city within ten (10) days of the payment date(s) specified in city's notice of intent.

F. No later than the end of the second pay period in the fiscal year immediately following a fiscal year in which city has made a lump sum payment as specified in paragraph B. and C., city shall provide to the board a statement showing the actual amount of the city's payroll for members of the plan for the prior fiscal year. The board shall then determine whether the lump sum advance payment(s) and the payment(s) that would otherwise have been required in the absence of the lump sum advance payment(s) are actuarially equivalent. The city shall pay any underpayment by the earlier of ten (10) days following receipt of the board's notice of determination or city's next contribution due date. The city shall receive credit for any overpayment in the form of an offset against the next payment(s) due by the city.

G. In the event that a city elected lump sum payment is made later than the payment date specified in the city's notice of intent, city's contribution to the medical benefits account and to the retirement fund will be recalculated by the board's actuary, at the city's expense, to reflect the timing difference. The city will pay the difference within ten (10) days of the date that the board's notice of the amount due is received.

H. Any late payment to be made later than ten (10) days after the payment date specified in the city's notice of intent is subject to approval by the board.

(Ord. 28332.)

two percent per year. Neither said person or any survivor or estate of such person shall thereafter be entitled to any other allowance or benefit under this system. In any case under the terms of this plan where a person is entitled to a return of employee contributions, such return of contributions shall include an amount equal to the amount of the employee contributions to the medical benefits account plus interest accrued thereon at the rate of two percent per annum; provided, however, that no such return of contributions shall be paid from the medical benefits account.

3.36.1640 Monthly allowance or return of contributions to certain persons with ten or more years of service whose membership terminates before retirement.

A. Any person credited with ten or more years of service on or after July 1, 1976, in this retirement plan whose membership is terminated after July 1, 1976, before such person retires, by reason of resignation or discharge, layoff or leave of absence deemed by the board to have resulted in permanent discontinuance (unless such permanent discontinuance is to accept transfer to or appointment to another position covered by the plan) shall have the right to elect in writing, on a form to be furnished by this plan, not later than ninety days after the date upon which notice of said right is mailed by this plan to the person's latest address on file in the office of this plan, whether to allow his or her accumulated contributions to remain in the retirement fund or to withdraw such contributions. Failure to make such election in writing shall be deemed an irrevocable election to withdraw his or her accumulated contributions. C. The provisions of this Part 16 relating to computation of final compensation shall apply to a member if such provisions would have applied had the member's termination and entry into employment occurred after the effective date of the agreement for reciprocal benefits.

(Ord. 24681.)

3.36.3020 Benefits.

The following provisions shall apply to a member who meets the requirements of Section 3.36.3010:

A. Notwithstanding Sections 3.36.1630 and 3.36.1640, the member shall have the right to elect to leave his or her accumulated contributions on deposit in the police and fire department retirement fund irrespective of the amount of such contributions or the length of service credited to the member under this retirement plan. Such election shall be irrevocable while membership in the reciprocal system continues.

B. For the purpose of the calculation of contribution rates of the city and the members, the age of entry for a person entering this retirement plan from a reciprocal system shall be such person's age at entry into the reciprocal system.

E. A member shall be retired for disability and receive a retirement allowance based on the service credited to the member at the time of retirement during any period in which the member receives a disability retirement allowance under a reciprocal system, subject to the following limitations:

1. Such allowance shall not exceed an amount which when added to the allowance paid under the reciprocal system equals the allowance which would be paid for a nonservice-connected (nonindustrial) disability if all the member's service had been credited under the reciprocal system; and
2. Such allowance shall in no event be less than an annuity which is the actuarial equivalent of the member's contributions plus interest accumulated thereon at the rate of two percent per annum calculated as of the retirement date, whether or not the disability is for service-connected (industrial) reasons.

F. The survivorship benefits or death benefits for a member who dies from nonservice-connected (nonindustrial) causes as a member of a reciprocal system shall not exceed an amount which when added to the survivorship and death benefits paid for such member under the reciprocal system equals the maximum death benefit payable under that system, subject to the following limitations:

A. A former member of this retirement plan who terminated city employment, other than for retirement or death, and who withdrew his or her accumulated contributions and the accrued interest may redeposit such withdrawn contributions and accrued interest and become eligible for the benefits under this Part 16 if the following requirements are satisfied:

1. The former member meets the requirements of Section 3.36.3010.

2. The former member redeposits all contributions and accrued interest previously withdrawn plus the interest that would have been earned by such contributions and interest, at the retirement fund's actual earnings rate, had they remained on deposit in the retirement fund.

3. Such redeposit is made within the time and in the manner prescribed by the board, such time not to extend beyond the date of such former member's retirement from this retirement plan or from a reciprocal system, whichever first occurs.

B. In the event the former member begins redeposit under this section but before all the amounts specified in paragraph 2. of subsection A. above have been redeposited, the former member dies or retires from this retirement plan or a reciprocal system:

1. Such amounts as have been redeposited shall be paid to the former member's estate in the event of the member's death; or

2. Such amounts as have been redeposited shall be paid to the former member in the event of the member's retirement.

(Ord. 24681.)

(Ord. 24681.)

3.36.3050 Interpretation of this part.

Interpretations of the provisions of this Part 16 shall be made with reference to interpretations that have been made relative to the California Public Employees' Retirement System - 1937 Act County Employees' Retirement reciprocal provisions upon which these provisions are based.

3.36.3070 Costs to be borne by city.

A. The city shall contribute to the retirement fund such amounts as are actuarially determined to be necessary to provide funding for all additional costs incurred by this retirement plan because of the payment of benefits provided by this Part 16 to any members which would not have been provided absent the adoption of this part.

B. The contributions required of the city, if any, shall be determined beginning with the actuarial

valuation performed as of July 1, 1997, or, if no valuation is performed as of that date, the first valuation performed thereafter, except that an earlier actuarial valuation date may be used if the retirement board determines that earlier contributions are required to maintain the actuarial soundness of this retirement plan.

A. "Alternate payee" means the spouse, domestic partner, former spouse or former domestic partner of a participant of this plan who, as a result of petitioning a court of competent jurisdiction for the division of community property, has been awarded an interest in the benefits payable to a participant in this plan.

B. A spouse, domestic partner, former spouse or former domestic partner who is awarded an interest in such benefits shall not be or become a participant of this plan by virtue of such award or the payment of such benefits.

(Ord. 27712.)

3.36.3550 "Plan-approved domestic relations order" defined.

A. "Plan-approved domestic relations order" means a domestic relations order which:

1. Sets forth an alternate payee's right to receive a portion of the benefits payable to a participant of this plan;
2. Pursuant to Section 2610 of the California Family Code, orders the division of the community interest in the benefits payable to a participant; and
3. Meets the requirements of this part.

B. A DRO is a plan-approved domestic relations order only if the plan has been joined in the dissolution of marriage, termination of domestic partnership, or legal separation action pursuant to Chapter 6 (commencing with Section 2060) of Part 1 of Division 6 of the California Family Code.

C. A DRO is a plan-approved domestic relations order only if the order clearly specifies that it:

1. Does not require the plan to provide any type or form of benefit, or any option, not otherwise provided under the plan; and
2. Does not require the plan to provide benefits (determined on the basis of actuarial value) in excess of those provided by the plan.

D. A DRO is not a plan-approved domestic relations order if it provides for any of the following:

1. Payment from this plan to an alternate payee at any time prior to the date the participant has both separated from city service and begun to receive payments from this plan, except as provided in Section 3.36.3600, Section 3.36.3620, or Section 3.36.3630.

(Ord. 27712.)

3.36.3560 Dissolution, termination or legal separation before the participant has separated from city service.

If the marital dissolution, termination of domestic partnership or legal separation occurs before the participant has separated from city service, and the court orders the division of the community interest in this plan pursuant to Section 2610 of the Family Code, then the DRO will be a plan-approved domestic relations order if it meets the requirements of Section 3.36.3580 or Section 3.36.3600.

(Ord. 27712.)

3.36.3570 Dissolution, termination or legal separation after the participant has separated from city service.

If the marital dissolution, termination of domestic partnership, or legal separation occurs after the participant has separated from city service, whether for retirement, resignation or any other reason, and the court orders the division of the community interest in this plan pursuant to Section 2610 of the Family Code, then:

A. In order to be a plan-approved domestic relations order the DRO must satisfy the requirements of Section 3.36.3580.

B. The separate account option set forth in Section 3.36.3600 shall not be available, and the DRO shall not order the establishment of a separate account for the alternate payee.

C. The DRO shall not in any way change any election made by the participant at the time of retirement or other separation from city service.

(Ord. 27712.)

3.36.3580 Combined account option.

A. If the court orders the division of the community interest in this plan pursuant to Section 2610 of the Family Code, the board will comply with a DRO which divides the community property interests of a participant and the participant's alternate payee, provided that the DRO meets all of the following requirements:

1. Is a plan-approved domestic relations order under Section 3.36.3550.

2. Includes the date of the marriage or the date of establishing the domestic partnership and the date on which the parties separated.

3. Includes the last known mailing address of the alternate payee covered by the order.

4. Specifies the amount or percentage of the participant's monthly benefit, or the participant's accumulated contributions in the event the participant elects a withdrawal of accumulated contributions,

which is to be paid to the alternate payee or specifies the manner in which such amount or percentage is to be determined.

5. Subject to Sections 3.36.3650 and 3.36.3660, specifies the portion of the participant's monthly disability benefits which is to be paid to the alternate payee and the time when such payment to the alternate payee is to commence:

a. In the event the participant retires for disability after the date of the dissolution of marriage or legal separation but prior to the time the participant is eligible to retire for service; or

b. In the event the participant has already retired for disability as of the date of the dissolution of marriage or legal separation.

6. Specifies that the plan shall pay the alternate payee's portion of the benefits to the alternate payee only at such time or times as the plan makes payments to the participant.

7. Specifies that, unless the alternate payee has elected a life annuity option pursuant to Section 3.36.3590, payments by the plan to the alternate payee shall terminate when payments to the participant (or the participant's eligible surviving spouse or eligible surviving domestic partner) terminate.

8. Specifies that the alternate payee shall not be entitled to payment from the plan of any premium, or portion thereof, for medical or dental insurance coverage.

9. Specifies that the alternate payee shall not be deemed an eligible surviving spouse or eligible surviving domestic partner under the terms of the plan.

10. Specifies that the plan may offset any payments made by the plan to either party for any amounts to which the other party was entitled, but which were erroneously paid to the party against whom the offset is made.

B. In addition to the requirements of subsection A., the DRO may address the rights of the alternate payee with respect to the following:

1. In accordance with Section 3.36.3640, the right to designate a beneficiary.

2. The right to elect an alternate distribution option pursuant to Section 3.36.3590.

(Ord. 27712.)

3.36.3590 Alternate distribution option for alternate payee.

A. In the event the alternate payee is awarded a combined account, the alternate payee may elect an alternate distribution option as provided in this section by filing a written election with the retirement board on a form provided by the secretary to the board. The election must be filed no earlier than the time the participant files an application for retirement and no later than thirty (30) days after the effective date of the participant's retirement.

B. Any election made pursuant to the provisions of this section may be revoked by the alternate payee provided that the revocation is made in writing and is filed with the retirement board no later than thirty (30) days after the effective date of the participant's retirement. If the election is not revoked within thirty (30) days of the effective date of the participant's retirement, the election shall be irrevocable and benefits shall be paid in accordance with the election and the provisions of this plan.

C. The alternate distribution option consists of an election to have the actuarial equivalent of any allowance payable to the alternate payee from the combined account applied to provide a lesser monthly allowance to the alternate payee until the participant's death and, thereafter, to continue such lesser monthly allowance to the alternate payee for the life of the alternate payee.

D. Any age factor used in the calculation of benefits payable under the alternate distribution option shall be based on the ages of the participant and the alternate payee as of the date benefits first become payable to the participant.

(Ord. 27712.)

3.36.3600 Separate account option.

A. If the court orders the division of the community interest in this plan pursuant to Section 2610 of the Family Code, and the participant has not separated from city service at the time of the entry of the DRO, the court may order that the accumulated employee contributions and service credit attributable to periods of the participant's service during the marriage shall be divided into two (2) separate and distinct accounts in the name of the participant and alternate payee, respectively.

B. Any accumulated contributions or service credit that are not explicitly awarded by the DRO shall be deemed to be the exclusive property of the participant.

C. The board will comply with a DRO which orders the establishment of separate accounts provided that the DRO meets all of the following requirements:

1. Is a plan-approved domestic relations order under Section 3.36.3550.
2. Includes the date of the marriage or date of establishing the domestic partnership and the date on which the parties separated.
3. Includes the last known mailing address of the alternate payee covered by the order.
4. Specifies the amount or percentage of the accumulated contributions and service credit to be credited to the alternate payee's separate account or specifies the manner in which such amount or percentage is to be determined.
5. Specifies the rights of the alternate payee with respect to the following:
 - a. In accordance with Section 3.36.3610, the right to a refund of accumulated employee contributions and interest.
 - b. In accordance with Section 3.36.3630, the right to receive a monthly allowance.

3.36.3610 Distribution of accumulated contributions in separate account.

A. If the court orders the establishment of separate accounts pursuant to Section 3.36.3600 and, as of the date of entry of the DRO with the court, the participant is entitled to less than ten (10) years of service credit in this plan, the alternate payee shall receive a distribution of the accumulated contributions and credited interest placed in the alternate payee's account.

B. If, as of the date of entry of the DRO with the court, the participant is entitled to ten (10) or more years of service credit in this plan, the alternate payee may elect to receive a distribution of the accumulated contributions and credited interest placed in the alternate payee's account.

1. The alternate payee may make such election at any time after the establishment of the alternate payee's separate account.

2. The alternate payee shall make such election by filing an application for distribution with the secretary to the board on a form provided by the secretary.

C. Any distribution of accumulated contributions made to an alternate payee shall be effective when the plan deposits in the United States mail a warrant drawn in favor of the alternate payee and addressed to the latest address for the alternate payee on file with the plan, or to such other address as is specified in writing by the alternate payee.

D. Once a distribution made pursuant to this section becomes effective:

1. The alternate payee may not cancel the refund or revoke the election for distribution.

2. The alternate payee shall be deemed to have permanently waived all rights in this Plan and all rights to the payment of any other benefits pertaining to the service credit or accumulated contributions, or both, in the alternate payee's separate account; and

3. The alternate payee shall have no right to redeposit the distributed accumulated contributions.

(Ord. 27712.)

3.36.3620 Participant's redeposit of contributions refunded to alternate payee.

If an alternate payee receives a refund under Section 3.36.3610, the participant may elect to redeposit the accumulated contributions and interest refunded to the alternate payee and to receive credit for the service that had been allocated to the alternate payee.

A. Such election shall be made within five (5) years after notice to the participant from the secretary to the board of the participant's option to redeposit the contributions.

B. The participant shall make such election by filing a written statement of election with the secretary to the board on a form provided by the secretary.

C. Except as provided in paragraph 1. of subsection F. below, the participant shall not be entitled

to receive credit for the service that had been allocated to the alternate payee unless, prior to the date the participant retires the participant redeposits:

1. All contributions and interest distributed to the alternate payee; plus
2. All additional interest which would have been earned on the distributed contributions and interest at the actual rate earned by the retirement fund, as of the date the participant elects to redeposit, if the contributions and interest had not been distributed to the alternate payee; plus

3. Interest on the unpaid balance from the date the participant elects the redeposit to the date all such moneys and interest are fully redeposited into the retirement fund, at the actuarial rate in effect on the date the participant files the election.

D. Such redeposit shall be made within the time and in the manner provided by the board.

E. If the participant does not make the election within the time provided herein, the participant shall be deemed to have elected not to have such service credited to the participant.

F. If the participant elects to redeposit contributions and interest refunded to the alternate payee but does not redeposit all required amounts plus interest within the time and in the manner provided by the board, then:

1. If the failure to complete the redeposit is because of the death of the participant, while a member of this plan but prior to retirement, the participant shall be credited with the amount of service which is determined by the board to be attributable to the amount of payments made as of the date of the participant's death.

2. If the failure to complete the redeposit is for any reason other than the death of the participant prior to retirement, any payments made pursuant to the election shall be credited to the participant's accumulated contributions account but the participant shall receive no service credit that had been allocated to the alternate payee.

(Ord. 27712.)

3.36.3630 Monthly allowance for alternate payee.

A. An alternate payee who has been awarded a separate account shall be paid a monthly allowance from the retirement fund, for the life of the alternate payee, if all of the following conditions are satisfied:

1. The alternate payee has not received a refund of accumulated contributions.
2. Notwithstanding any service credit awarded to the alternate payee as of the date the alternate payee files an application for monthly benefits:
 - a. The participant is eligible to retire for service under provisions of this plan; or
 - b. In the case where the participant retired for disability or died prior to becoming eligible for service retirement, the participant would have been eligible to retire for service had the participant continued working; or
 - c. In the case of a participant who left city service without retiring, the participant is eligible to receive a monthly allowance under Section 3.36.1640, or would have been eligible had the participant

not elected a refund of his or her accumulated contributions.

3. The alternate payee has attained at least fifty (50) years of age.
4. The alternate payee files a written application for monthly benefits with the secretary to the board on a form provided by the secretary.
5. The board approves the payment of such monthly allowance.

B. The monthly allowance to the alternate payee shall begin to accrue on the later of the date designated in the alternate payee's application or the day following the date of the court order dividing the community property of the participant and the alternate payee. In no event shall the monthly allowance begin to accrue earlier than the first day of the month in which the alternate payee's application is received by the secretary to the board.

C. Subject to the provisions of Section 3.36.3650 and 3.36.3660 and subsection D., unless a different calculation is expressly provided in the domestic relations order:

1. In the case where the participant separated from service prior to February 4, 2000, and subject to a maximum of forty (40) percent of the participant's final compensation, the amount of the monthly allowance payable to the alternate payee shall be:

- b. Three (3) percent of the participant's final compensation for each year of service credit credited to the alternate payee's separate account that is in excess of ten (10) years.

2. Except as provided in paragraph 3. or paragraph 4. below, in the case where the participant separates from service on or after February 4, 2000, and subject to a maximum of forty-two and one-half (42 1/2) percent of the participant's final compensation, the amount of the monthly allowance payable to the alternate payee shall be:

- a. Two and one-half (2 1/2) percent of the participant's final compensation for each of the first ten (10) years of service credit credited to the alternate payee's separate account; plus
- b. Three (3) percent of the participant's final compensation for each of the next two and one-half (2 1/2) years of service credit credited to the alternate payee's separate account; plus
- c. Four (4) percent of the participant's final compensation for each year of service credit credited to the alternate payee's separate account that is in excess of twelve and one-half (12 1/2) years.

3. In the case where the participant was employed in the police department and separates from service on or after July 1, 2006, and subject to a maximum of forty-five (45) percent of the participant's final compensation, the amount of the monthly allowance payable to the alternate payee shall be:

- b. Four (4) percent of the participant's final compensation for each year of service credit credited to the alternate payee's separate account that is in excess of ten (10) years.

4. In the case where the participant was employed in the fire department and separates from

service on or after July 1, 2008, and subject to a maximum of forty-five (45) percent of the participant's final compensation, the amount of the monthly allowance payable to the alternate payee shall be:

a. In the case where the alternate payee's account is credited with less than ten (10) years of service credit, two and one-half (2 1/2) percent of the participant's final compensation for each year of service credit credited to the alternate payee's separate account.

b. In the case where the alternate payee's account is credited with ten (10) or more years of service credit, three (3) percent of the participant's final compensation for each year of service credit credited to the alternate payee's separate account.

D. In the event the alternate payee elects to receive a monthly benefit before the nonmember spouse reaches age fifty-five (55), the alternate payee's monthly benefit shall be reduced by an amount calculated in the same manner as the reduced monthly service retirement allowance of a member under subsection B. of Section 3.36.810.

E. For the purposes of this section:

1. If the alternate payee elects to receive a monthly allowance prior to the date the participant retires, "final compensation" means the monthly final compensation of the participant as of the effective date of the first payment of the alternate payee's allowance.

2. If the participant retired either for service or disability prior to the effective date of the payment of the alternate payee's allowance, "final compensation" means the monthly final compensation used in calculating the participant's retirement allowance.

F. Monthly allowances payable to the alternate payee shall be increased by cost-of-living adjustments in accordance with Chapter 3.44.

(Ords. 27712, 27721, 28300.)

3.36.3640 Monthly allowance for participant.

A. If the court orders the establishment of separate accounts pursuant to Section 3.36.3600 and, as of the date the participant separates from service, the alternate payee has not received a distribution pursuant to Section 3.36.3610, then the monthly allowance payable to the participant upon the participant's eligibility for a monthly allowance shall be:

1. The monthly allowance that would be payable to the participant if no separate account had been established, less

2. The monthly allowance payable to the alternate payee pursuant to subsection C. of Section 3.36.3630.

B. If the court orders the establishment of separate accounts pursuant to Section 3.36.3600 and, as of the date the participant separates from service, the alternate payee has received a distribution pursuant to Section 3.36.3610 but the participant has received credit pursuant to Section 3.36.3620 for the service that had been allocated to the alternate payee, then the monthly allowance payable to the participant upon the participant's eligibility for a monthly allowance shall be the monthly allowance that would be payable to the participant if no separate account had been established.

C. If the court orders the establishment of separate accounts pursuant to Section 3.36.3600 and, as of the date the participant separates from service, the alternate payee has received a distribution

pursuant to Section 3.36.3610 and the participant has not made a redeposit pursuant to Section 3.36.3620, then the monthly allowance payable to the participant upon the participant's eligibility for a monthly allowance shall be:

1. The monthly allowance that would be payable to the participant if no separate account had been established, less
2. The monthly allowance that would have been payable to the alternate payee pursuant to subsection C. of Section 3.36.3630 if the alternate payee had not received a distribution.

(Ord. 27712.)

3.36.3650 Designation of beneficiary by alternate payee.

A. The alternate payee who has been awarded a combined account may designate a beneficiary to receive amounts which would be payable to the alternate payee but for the death of the alternate payee.

B. The alternate payee who has been awarded a separate account may designate a beneficiary:

1. To receive the accumulated contributions in the alternate payee's account in the case where the alternate payee dies prior to receipt of payment.

2. To receive any accumulated contributions remaining in the alternate payee's separate account or to receive any unpaid allowance payable at the time of the alternate payee's death.

C. The beneficiary shall be a natural person or persons. The designation may be by class, in which case the members of the class living at the time of the alternate payee's death shall be entitled as beneficiaries and shall take in equal shares unless otherwise specified by the alternate payee.

D. A designation of a beneficiary shall be filed with the secretary to the board on a form provided by the secretary.

E. The alternate payee may revoke or change the designation of a beneficiary at any time prior to the nonmember spouse's death. Any revocation or change of a designation of a beneficiary shall be in writing on a form provided by the secretary to the board, shall be notarized by a notary public, and shall be filed with the secretary.

F. If the alternate payee does not designate a beneficiary or if all designated beneficiaries predecease the alternate payee:

1. In the case of a alternate payee who has been awarded a combined account, any payments which would have been made to the alternate payee but for the death of the alternate payee shall be paid to the alternate payee's estate.

2. In the case of an alternate payee who has been awarded a separate account, any accumulated contributions remaining in alternate payee's separate account and any unpaid monthly allowance payable at the time of the alternate payee's death shall be paid to the alternate payee's estate.

G. Nothing in this section shall be deemed to mean that any alternate distribution option elected by an alternate payee shall continue beyond the death of the alternate payee. Payments of any amounts under an alternate distribution option cease upon the death of the alternate payee. Payment of any such

amount to the alternate payee's beneficiary or estate is expressly limited to the monthly allowance, or portion thereof due but unpaid for the month in which the death of the alternate payee occurs.

(Ord. 27712.)

3.36.3655 No payments resulting in increased benefits.

A. Under no circumstances shall the board or this plan be required to make payments in any manner that would result in an increase in the amount of benefits provided under this plan.

B. All benefits payable from this plan shall be determined on the basis of the actuarial assumptions and interest rates that are specifically set forth in this plan, or the economic and demographic actuarial assumptions and interest rates adopted by the board in those instances where the board has such authority under the provisions of this plan.

C. Any age factor used in calculation of benefits to the alternate payee shall be based on the age of the alternate payee at the time benefits commence or, in the case where the alternate payee elects an alternate distribution option pursuant to Section 3.36.3590, as of the date benefits first become payable to the participant.

(Ord. 27712.)

3.36.3660 Disability retirement of participant.

A. If the participant retires for disability, the combined benefit payments to both the participant and the alternate payee shall not exceed the amount that would otherwise have been paid to the participant alone.

B. In the case where the alternate payee has been awarded a separate account, no payment shall be made to the alternate payee until such time as the participant would have been eligible for a service retirement had the participant continued working. Disability benefits shall be allocated between the participant and the alternate payee as follows:

1. Until the date the participant would have been eligible for a service retirement or the date the alternate payee applies to receive a monthly allowance, whichever date is later, disability retirement benefits shall be paid to the participant without regard to the service credit awarded to the alternate payee.

2. Once the participant would have been eligible for a service retirement had the participant continued working and the alternate payee applies to receive a monthly allowance from the retirement fund, the amount of the monthly allowance payable to each party shall be determined as though the participant had retired for service.

(Ord. 27712.)

B. For the purpose of this part, "eligible prior military service" means active service with the Armed Forces or the Merchant Marine of the United States, including time during any period of rehabilitation afforded by the United States government other than a period of rehabilitation purely for educational purposes, where all of the following conditions are satisfied:

2. The military service is not eligible for service credit in this plan under any provisions other than this Part 18.
3. The member does not receive any service credit toward a military pension for the same period of time.
4. The member does not receive any service credit in a reciprocal system (as described in Part 16 of this chapter) for the same period of time.
5. The military service is continuous; provided, however, that a member may select which of two or more periods of continuous military service for which the member elects to purchase service credit in this plan.
6. The military service for which the member elects to purchase service credit does not exceed four years.

C. In the event there is any dispute regarding a member's eligibility to purchase prior military service, the amount of eligible prior military service, the contributions required or the actuarial reduction in the monthly retirement benefit required for the purchase, or the amount of service to be credited to a member, the board shall determine the issued based on the relevant information presented to the board.

(Ord. 26464.)

3.36.3710 Eligibility requirements.

In order to purchase service credit for eligible prior military service, the member must satisfy all of the following conditions:

A. The member must separate from city service by reason of retirement on or after August 21, 2001. A person who separates from city service for any reason other than retirement shall not be eligible to purchase service credit for eligible prior military service, regardless of whether the person elects to leave his or her contributions on deposit with the retirement fund.

C. Within thirty days after filing the notice of election, the member must retire for service or disability under the provisions of this chapter.

A. The member shall pay the full cost of any and all additional benefits that accrue to the member or the member's survivors as a result of the purchase of service credit for eligible prior military service.

B. The cost of the additional benefits shall be actuarially determined as the difference between (a) the value of the benefits calculated including service credit for the eligible prior military service and (b) the value of the benefits calculated without service credit for the eligible prior military service.

C. The cost of the additional benefits shall be determined using the interest rate and life expectancy tables used in determining the actuarial equivalents of the optional settlements provided under Part 9.5 of this chapter.

D. The cost of the additional benefits shall include cost-of-living-adjustments provided under Chapter 3.44.

E. For any member who, at the time the notice of election is filed, would not be eligible for a service retirement pursuant to this chapter unless the member received service credit for the eligible prior military service, the cost of the additional benefits shall be determined assuming that the member's final compensation would remain unchanged from the date of the member's retirement to the date the member would have first been eligible for a service retirement had the member not elected to purchase service credit for eligible prior military service.

F. If the member elects the installment payment option under Section 3.36.3730.A.2, the calculation of the cost of the additional benefits shall include an interest factor on the outstanding balance. The interest factor shall be at the interest rate used in determining the actuarial equivalents of the optional settlements provided under Part 9.5 of this chapter.

(Ord. 26464.)

3.36.3730 Method of payment.

A. The member must pay the full cost of the additional benefit:

1. By making a lump sum payment to the retirement fund prior to the member's retirement; provided, however, that this option shall not be permitted if such payment would exceed the limitations of Section 415 of the Internal Revenue Code; or

2. By making installment payments by executing an irrevocable written election to have the member's monthly retirement benefit actuarially reduced for a period of time selected by the member; provided that such period shall not exceed eight years from the effective date of the member's retirement, and provided that the payments do not exceed the limitations of Section 415 of the Internal Revenue Code; or

3. By making a combination of a lump sum payment and installment payments as described in paragraphs 1. and 2. above.

B. No person shall be permitted to purchase service credit for eligible prior military service by making installment payments if:

1. The required actuarial reduction would exceed the monthly retirement benefit otherwise payable to the member; or

2. The required deduction from a surviving spouse's benefit under Section 3.36.3740.B. would exceed the monthly benefit otherwise payable to the surviving spouse.

(Ord. 26464.)

3.36.3740 Service credit.

A. Upon the member's retirement, the member shall be given service credit for the eligible prior military service the member has elected to purchase.

B. If a member elects to purchase service credit for eligible prior military service and pay the contributions and interest specified in this part by making installment payments but fails to complete the required payments because of death before the end of the installment payment period, the unpaid contributions and interest shall be deducted from any benefits paid to an eligible surviving spouse. Such deductions shall be in the same dollar amount as the amount of the actuarial reduction in the member's benefit and shall be made for the time remaining in the installment payment period elected by the member.

(Ord. 26464.)

3.36.3750 Limitations.

Under no circumstances shall the service credit for eligible prior military service be included in the determination of service credit for qualification for medical benefits provided under Part 14 of this chapter or for the qualification for dental benefits provided under Part 15 of this chapter.

(Ord. 26464.)

3.36.3760 Costs of actuarial determinations.

The retirement plan shall bear the cost of one calculation of the full cost of the additional benefits. In the event the member fails to retire within thirty days of filing the notice of election described in Section 3.36.3710, cost of the additional benefits shall be recalculated so that it is determined within not more than thirty days prior to the effective date of the member's retirement and the member shall bear the cost of such calculation.

Thereafter, such retirement allowances as so increased or decreased shall be increased or decreased in succeeding subject years in accordance with the other provisions of this section and chapter.

E. Notwithstanding subsection C. above, with respect to persons whose survivorship allowance is payable pursuant to Chapter 3.32 or Chapter 3.36 of this Code on account of the death of a person who dies on or after April 1, 1980, the survivorship allowance payable to such persons for the period beginning on the first anniversary of the first day of the month immediately following the month in which such death occurs and ending at the end of the subject year in which such anniversary occurs shall be increased or decreased, but such increase or decrease for such period shall be on a pro rata basis calculated on the percentage (not exceeding three percent) of increase or decrease in the cost of living for the index-year next preceding the subject year in which such period occurs over or below the cost of living for the calendar year immediately preceding such index-year and determined by multiplying such percentage by a fraction, the denominator of which is twelve and the numerator of which is the number of months in such period. Thereafter, such survivorship allowances as so increased or decreased shall be increased or decreased in succeeding subject years in accordance with the other provisions of this section and chapter.

F. Notwithstanding subsection C. above, with respect to persons whose survivorship allowance is payable pursuant to Chapter 3.24 or Chapter 3.28 of this Code on account of the death of a person who dies on or after June 26, 1988, the survivorship allowance payable to such persons shall be increased or decreased as follows:

1. Death of Member Prior to Retirement. In the case of the death of a member of the federated city employees retirement system which occurs before such member's retirement, the increase or decrease in the survivorship

2. **Death of Member After Retirement.** In the case of the death of a person who had retired from the federated city employees retirement system, the increase or decrease in the survivorship allowance shall occur at the time the decedent's retirement allowance would have increased or decreased pursuant to this section had the decedent not died but instead had continued to receive a retirement allowance.

(Prior code § 2904.505; Ords. 20479, 20653, 22808.)

3.44.040 Determination of percentage of increase or decrease in cost of living.

Within the three calendar months immediately preceding the commencement of each subject year, respectively, beginning with the first three months of the calendar year 1970, the retirement board of each of the retirement plans or systems pursuant to which the retirement allowances and survivorship allowances specified in the preceding sections of this chapter are payable, shall determine the percentage of increase or decrease in the cost of living during the index-year next preceding the commencement of the immediately following subject year, over or below the cost of living in the calendar year immediately preceding such index-year. Such shall be done by reference to the most current consumer price index for all urban consumers (CPI-U), San Francisco-Oakland metropolitan area, all items (1967 = 100), as published by the United States Department of Labor's bureau of labor statistics, showing the cost-of-living increase or decrease during the month of December of such index-year over or below the cost of living during the month of December of the calendar year immediately preceding such index-year.

The percentage by which the cost of living for the month of December of such index-year, as shown by said index, shall have increased or decreased over or below the cost of living for the month of December of the calendar year immediately preceding such index-year, as shown by said index, shall be the percentage used, subject to the three percent limitation hereinabove contained in Section 3.44.030 of this chapter, to determine the amount of increases or decreases in retirement allowances and in survivorship allowances which are to be made in the following subject year as above provided for in Section 3.44.030 of this chapter.

If the percentage by which the cost of living for the month of December of any index-year shall have increased or decreased over or below the cost of living for the month of December of the calendar year immediately preceding such index-year is in excess of three percent, the excess shall be accumulated from year to year and included in the determination of the increases or decreases in cost of living in succeeding index-years the same as if they occurred in such succeeding index-years; provided and excepting, however, that:

A. No retirement allowance shall be increased or decreased because of such accumulated increases or decreases in cost of living unless and except to the extent that such accumulated increases or decreases occurred either:

1. During or after the index-year within which the recipient of such allowance retired from city service if he retired from such service within the first three months of a calendar year; or
2. During or after the index-year following the index-year within which the recipient of such allowance retired from city service if he retired from such service within the last nine months of a calendar year, but in no event shall such accumulated increases or decreases include any increases or decreases occurring in any index-year prior to the 1969 index-year.

B. No survivorship allowance shall be increased or decreased because of such accumulated increases or decreases in cost of living unless and except to the extent that such accumulated increases or decreases occurred either:

1. During or after the index-year within which the member or former member of an above-mentioned retirement plan or system, because of whose death the survivorship allowance is payable, either retired from city service or died (whichever occurred earlier) if he died or retired within the first three months of a calendar year; or
2. During or after the index-year following the index-year within which he retired from city service or died (whichever occurred earlier) if he died or retired within the last nine months of a calendar year, but in no event shall such accumulated increases or decreases include any increases or decreases occurring in any index-year prior to the 1969 index-year.

C. No accumulated increases or decreases shall include any increases or decreases which occurred in any index-year prior to the 1969 index-year.

D. Increases and decreases in the amounts of allowances for each subject year, respectively, shall still be subject to the three percent limitation set forth in Section 3.44.030.

(Prior code § 2904.506; Ord. 20064.)

3.44.045 Offset of accumulated increases or decreases.

The accumulated percentage increases or decreases in cost of living set forth in Section 3.44.040 shall be offset by the increase in monthly allowance payable pursuant to Chapter 3.42 of this Code as follows:

A. The increase in monthly allowance set forth in Section 3.42.020 or Section 3.42.110 shall be expressed as a percentage increase and the percentage shall be subtracted from the accumulated percentage increases or decreases set forth in Section 3.44.040.

B. The remaining accumulated percentage increases or decreases shall be included in the determination of increases or decreases of retirement allowances and survivorship allowances as provided in Section 3.44.040.

C. If the increase in monthly allowance percentage calculated pursuant to subsection A. above is greater than the accumulated increases or decreases, the accumulated increases or decreases shall be set at zero for the index-year in which the offset occurs.

(Ords. 22279, 24095.)

For purposes of Section 3.44.040, such person shall be deemed to have retired as of the first day of the first period for which he receives a monthly allowance.

(Prior code § 2904.516.)

(Prior code § 2904.507.)

3.44.070 Limitations and exceptions.

Anything elsewhere in this Chapter 3.44 to the contrary notwithstanding, none of the provisions of this Chapter 3.44 shall be deemed to authorize or provide for:

(Prior code § 2904.509.)

Such increases in retirement allowances and in survivorship allowances as shall become payable under and pursuant to the provisions of this Chapter 3.44 to city retirees who are members or former members of the 1961 police and fire department retirement plan established by Chapter 3.36 of the San José Municipal Code; city retirees who are members or former members of the police and fire department retirement plan established by Chapter 3.32 of this Code; and survivors of members or former members of the above specified police and fire department retirement plans, together with all other payments required to be made to said city retirees and survivors under the provisions of this Chapter 3.44, shall be funded as follows:

A. Special Fund. The special fund heretofore created and now existing in the city treasury as the "police and fire cost-of-living fund" shall continue in existence. All moneys in said fund, and all moneys hereafter transferred, paid into, earned by and credited to said fund shall be used to pay such increases in the above-mentioned allowances as shall become payable under and pursuant to the provisions of this chapter.

B. Members' contributions.

1. For each calendar month or two-week period from and after the first day of April, 1970, each person who is required by the provisions of either of the two above-mentioned police and fire department retirement plans to make contributions to the above-mentioned police and fire cost-of-living fund. Until changed by the board of administration for police and fire department retirement plan referred to in Section 3.36.300 of this Code, hereinafter referred to in this Chapter 3.44 as the police and fire retirement board, the cost-of-living contribution required to be made each month or biweekly by each contributor, other than the city, shall be an amount equal to that percentage of the contribution required to be made by such person to either or both of the police and fire department retirement plans or systems established by Chapters 3.32 and 3.36 of this Code, which was in effect on June 30, 1975, under the provisions of this Chapter 3.44 as they read on said date.

2. From time to time and as often as may be reasonably necessary to keep the plan established by this Chapter 3.44 actuarially sound, but not less frequently than once each five years, the above specified police and fire retirement board shall review the percentage rate of monthly or biweekly cost-of-living contribution required of contributors other than the city to determine whether it should be reestablished or changed and, subject to the requirements set forth in this section, shall reestablish such rate or make such change therein as may be reasonably necessary to comply with the provisions of this section. The percentage rate of the cost-of-living contributions so established from time to time by said retirement board for contributors other than the city shall be such as will be sufficient, on the average with moneys, if any, already then in the above-mentioned special fund and with cost-of-living contributions required of the city and with anticipated earnings of said fund:

a. To make up any deficits then existing in the above-mentioned special fund;

b. To pay all increases in retirement allowances and in survivorship allowances which, on the basis of actuarial and other relevant information can reasonably be expected to become payable under and pursuant to the provisions of this chapter; and

c. To make such other payments as may be required by the provisions of this chapter and to provide a reasonable reserve for contingencies.

3. The rate of monthly cost-of-living contribution required of each contributor other than the city shall always be a percentage of the monthly contribution which such contributor is required by the provisions of Chapter 3.32 or 3.36 of this Code to make to either or both of the said police and fire department retirement plans established by said Chapters 3.32 and 3.36; and said percentage rate shall always be the same for all such contributors.

C. **City Contributions.** For each month, respectively, from and after the first day of April, 1970, the city shall contribute to the above-mentioned police and fire cost-of-living fund the sum of eight dollars for each three dollars contributed to said fund for each such month, respectively, by persons other than the city pursuant to the provisions of the immediately preceding subsection B. of this section.

(Prior code § 2904.510; Ord. 20276.)

3.44.095 Additional employee contributions - Police and fire plans.

Notwithstanding any other provisions of this Chapter 3.44, the city shall be entitled to an offset of a percentage, as is determined to be appropriate, by the actuary for the police and fire department retirement plan, of the additional employee retirement fund contributions that are made under subsections A. and B. of Section 3.36.1525, against the COLA fund contributions that the city would otherwise be required to make under this Chapter 3.44.

(Ord. 28753.)

3.44.100 Funding of increases in allowances - Federated employee plans.

Such increases in monthly retirement allowances and in monthly survivorship allowances as shall become payable under and pursuant to the provisions of this Chapter 3.44 to city retirees who are members or former members of the federated city employees' retirement system, established by Chapters 3.24 and 3.28 of the San José Municipal Code; and survivors of members or former members of said federated city employees' retirement system, together with all other payments required to be made to said city retirees and survivors under the provisions of this Chapter 3.44, shall be funded as follows:

A. **Special fund.** The special fund heretofore created and now existing in the city treasury, known and designated as the "federated employees' cost-of-living fund," shall continue in existence. All moneys in such fund on the effective date of this section, as amended, and all moneys thereafter paid into, earned by and credited to said fund, shall be used to pay such increases in the above-mentioned allowances as shall become payable under and pursuant to the provisions of this Chapter 3.44.

B. Members' contributions.

1. Each person who is required by the provisions of the above-mentioned 1975 federated employees' retirement system, established by Chapter 3.28 of this Code, to make contributions to such retirement system shall make cost-of-living contributions to the above-mentioned federated employees' cost-of-living fund. Such cost-of-living contributions shall be made monthly if other contributions required of members by said 1975 federated employees' retirement system are made monthly or biweekly if other contributions required of said members by said retirement system are made biweekly. Until changed by the federated retirement board on the basis of subsequent actuarial valuation, the cost-of-living contributions required to be made in each month or biweekly period by each contributor, other than the city, shall be an amount equal to that percentage of such member's earned monthly (or biweekly if contributions are made biweekly) compensation which was in effect on June 30, 1975, under the provisions of this Chapter 3.44 as they read on said date.

2. From time to time and as often as may be reasonably necessary to keep the plan established by this Chapter 3.44 actuarially sound, but not less frequently than once each five years, the above-specified federated retirement board shall review the percentage rate of the cost-of-living contribution required of contributors, other than the city, to determine whether it should be reestablished or changed and, subject to the requirements set forth in this section, shall reestablish such rate or make such change therein as may be reasonably necessary to comply with the provisions of this section. The percentage rate of the cost-of-living contribution so established from time to time by said retirement board for contributors other than the city shall be such as will be sufficient, with moneys already in the above-mentioned special fund and with cost-of-living contributions required of the city and with anticipated earnings of said fund:

a. To make up any deficits then existing in the above-mentioned special fund;

b. To pay all increases in retirement allowances and in survivorship allowances which, on the basis of actuarial and other relevant information, can reasonably be expected to become payable under and pursuant to the

provisions of this chapter; and

c. To make such other payments to said city retirees and survivors as may be required by the provisions of said Chapter 3.44 and to provide a reasonable reserve for contingencies.

3. The rate of monthly or biweekly cost-of-living contribution required of each contributor other than the city shall always be a percentage of each member's earned monthly (or biweekly, if contributions are made biweekly) compensation, and said percentage rate shall always be the same for all such contributors.

C. *City contributions.* For each month (or for each two-week period if biweekly contributions are required of members), respectively, the City of San José shall contribute to the above-mentioned federated city employees' cost-of-living fund the sum of eight dollars per three dollars contributed to said fund for each such month or two-week period, respectively, by persons other than the city, pursuant to the immediately preceding subsection B. of this section.

(Ord. 28752.)

3.44.110 Payroll deductions.

Any and all cost-of-living contributions required of persons other than the city by the provisions of this Chapter 3.44 shall be paid to and collected by the city's director of finance, and deposited by him in the city treasury to the credit of the special cost-of-living fund entitled thereto. Said director of finance shall, to the fullest extent possible, collect all cost-of-living contributions required of such persons by deducting the amount of such contributions from the monthly or biweekly compensation payable by the city to such persons for services rendered by them to the city.

(Prior code § 2904.512.)

3.44.120 Crediting of contributions and interest thereon to individual accounts.

Each cost-of-living contribution made by each contributor other than the city pursuant to this Chapter 3.44 shall be credited by the director of finance to an individual account established for such person for such purpose; and accumulated cost-of-living contributions of each such person shall be credited with interest earned thereon at a reasonable rate fixed by the police and fire retirement board with respect to contributions who are members of the above-mentioned police and fire department plans, and fixed by the federated retirement board with respect to members of the federated retirement systems established by Chapter 3.24 and Chapter 3.28 of the San José Municipal Code.

(Prior code § 2904.513.)

3.44.130 Return of contributions and interest.

A. In each of the following situations, and none other, cost-of-living contributions, and interest thereon, credited to the individual account of a contributor shall be returned as follows:

1. If the contributor is a member of the police and fire department retirement plan established by Chapter 3.32 of the San José Municipal Code, the cost-of-living contributions, and interest thereon, credited to such contributor shall be returned to him if and when he becomes entitled to the return of and is paid, under and pursuant to the provisions of Sections 3.32.340, 3.32.350 or 3.32.360 of this Code, those accumulated contributions contributed by him to the police and fire department plan established by said Chapter 3.32.

If the contributor at the time he retired or died was a member of the retirement plan established by Chapter 3.24 or Chapter 3.28 of the San José Municipal Code, the cost-of-living contributions and interest thereon which are credited to him shall be paid to such survivor, beneficiary or estate of such contributor as may become entitled to receive, under the provisions of said Chapter 3.24 or Chapter 3.28 plan, all or any of the accumulated contributions contributed by said contributor to such plan, but only if and when such survivor, beneficiary or estate becomes entitled to receive and is paid such contributions under said plan; provided and excepting, however, that if said contributor at the time of his death or retirement was a member of the plan established by Chapter 3.24, such cost-of-living contributions and interest shall not be so returned or paid to said survivor, beneficiary or estate if said survivor, beneficiary or estate is or becomes or may become entitled to receive any allowance under and pursuant to the provisions of said Chapter 3.24; and provided and excepting, further, that, if said contributor at the time of his death or retirement was a member of the plan established by Chapter 3.28, said cost-of-living contributions and interest shall not be so returned or paid to said survivor, beneficiary or estate if any cost-of-living benefit has theretofore been paid or has theretofore become payable under the provisions of this Chapter 3.44.

B. In the event that any contributor, after return to him of his accumulated contributions in any of the retirement plans established by Chapters 3.24, 3.28, 3.32 or 3.36 of this Code, should be required because of reinstatement or otherwise; to return and repay such contributions to any of said plans, he shall, at the same time that he returns such contributions to such plans, return and repay to the city's director of finance, for credit to his account under this Chapter 3.44, all cost-of-living contributions and interest theretofore returned to him under or pursuant to the provisions of this Chapter 3.44.

C. Upon payment, pursuant to the provisions of this Chapter 3.44, of a contributor's accumulated cost-of-living contributions to such contributor or to any beneficiary, estate or survivor of such contributor, neither said contributor nor any of his survivors shall thereafter have any right to any allowance or other benefit under the provisions of this Chapter 3.44.

1. A participant who is a former participant in an eligible deferred compensation plan of any local government or state may transfer the amounts deferred under said plan to the City of San José deferred compensation plan, if the participant has had a severance event with the prior employer and if the prior employer's plan provides that such a transfer will be made.

2. Any such transferred amount shall not be treated as a deferral subject to the limitations of Section 3.48.040, except that for purposes of applying the limitations, an amount deferred during any taxable year under the transferring plan shall be treated as if it had been deferred under this plan during such taxable year.

3. Any such transferred amount shall otherwise be subject to the provisions of this Chapter 3.48.

B. Outgoing transfers.

1. If a participant terminates employment with the city and accepts employment with any other local government or state, which has an eligible deferred compensation plan and which plan provides for acceptance of amounts previously deferred, the participant may elect that all amounts previously deferred be transferred to the new employer's plan.

2. Beginning January 1, 2002, a participant may transfer all or a portion of the participant's account directly to the trustee of a defined benefit governmental plan (as defined in Internal Revenue Code Section 414(d)) if such transfer is:

b. A repayment to which Internal Revenue Code Section 415 does not apply by reason of Subsection (k)(3) thereof.

C. The advisory committee or the city may require such documentation regarding any plan from which a transfer may be accepted or to which a transfer may be made as it deems necessary to effectuate the transfer; to confirm that such plan is an eligible deferred compensation plan of a local government or state or defined benefit governmental plan, as applicable; or to assure that transfers are permitted under such plan.

(Ords. 22614, 26540, 28995.)

3.48.058 Eligible rollover distributions.

A. Incoming Rollovers.

1. Beginning January 1, 2002, this plan may accept an eligible rollover distribution from an eligible retirement plan maintained by another employer and credit such rolled-over amounts to a participant's account under this plan.

2. Beginning January 1, 2009, within twelve months of a former city employee's separation from city service, this plan may accept an eligible rollover distribution of pre-tax contributions from an eligible retirement plan maintained by the city and credit such rolled-over amounts to the former employee's account under this plan.

3. The plan shall separately account for eligible rollover distributions accepted from any eligible retirement plan that is not an eligible deferred compensation plan maintained by an eligible governmental employer.

4. For the purpose of this Subsection A., "eligible retirement plan" means an annuity plan described in Internal Revenue Code Section 403(b), a qualified trust described in Internal Revenue Code Section 401(a), or an eligible governmental deferred compensation plan.

B. Outgoing Rollovers.

1. Beginning January 1, 2002, a distributee may elect to take a distribution from this plan in the form of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

2. For the purposes of this Subsection B.:

- i. An employee or former employee of the city; and
- ii. With respect to the interest of the spouse, an employee's or former employee's surviving spouse; and

C. An "eligible rollover distribution" is any distribution of all or a portion of the balance to the credit of the distributee which constitutes an eligible rollover distribution under Internal Revenue Code Section 401(a)(31)(C). For the purposes of distributions from other plans rolled-over into this plan, the term "eligible rollover distribution" shall not include the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities).

D. The advisory committee or the city may require such documentation regarding any plan from which a rollover distribution may be accepted or to which a rollover distribution may be made as it deems necessary to effectuate the distribution; to confirm that such plan is an eligible retirement plan; or to assure that rollover distributions are permitted under such plan.

E. For the purposes of Internal Revenue Code Section 72(t), a distribution from this plan shall be treated as a distribution from a qualified retirement plan to the extent that such distribution is attributable to an amount rolled-over from a qualified retirement plan (as defined in Internal Revenue Code Section 4974(c)).

F. Effective with respect to distributions made on or after January 1, 2010, a beneficiary other than a participant's (or former participant's) surviving spouse or a participant's (or former participant's) spouse or former spouse who is an "alternate payee" under a qualified domestic relations order is a person eligible to make a rollover with regard to the interest of the participant or former participant, subject to the limitation for such a beneficiary that an eligible retirement plan is an individual retirement account or individual retirement annuity that will be treated as an inherited individual retirement account or annuity under Internal Revenue Code Section 402(c)(11) of the Code.

(Ords. 26540, 28852, 28995.)

3.48.060 Administration of the plan.

A. The plan and the trust established by this chapter shall be administered by the deferred compensation advisory committee which shall be the sole authority to enforce the plan and the trust.

B. The advisory committee shall be responsible for the operation of the plan in accordance with its terms, and shall determine all the questions arising out of the administration, interpretation, and application of the plan and the trust, including making decisions on behalf of the city as to the choice and nature of investments to be available under the plan. All such determinations shall be conclusive and binding on all persons.

C. The advisory committee shall have the authority to enter into agreements on behalf of the city for the administration of the plan, for custodial agreements for funds, and for investments under the plan where the fees to be paid under such an agreement are to be paid by the participants or where there is no amount to be paid by the city under the agreement.

D. The method of selection and the term of office of the members of the advisory committee shall be established by resolution of the city council.

(Prior code § 2915.6; Ords. 19953, 21404, 25707, 26540.)

3.48.070 Deferred compensation fund.

A. The city shall establish a deferred compensation fund to which all deferred compensation shall be credited at such times as the compensation would have been payable to individual employees if not a participant in the plan, and to which all inter-plan transfer and direct rollover amounts accepted by the plan shall be credited as received. Separate book accounts will be established for each employee participating which will show all amounts of deferred compensation, inter-plan transfer amounts, direct rollover amounts, investments made, shares acquired and earnings and gains on investments. Each book account will be valued at least semiannually.

B. On executing the participation agreement, the employee shall designate his or her investment objective prospectively only. The city may invest amounts of deferred compensation in the types of investments set forth in Sections 53601 and 53602 of the Government Code of the State of California and in corporate stocks, bonds, and securities, mutual funds, savings and loan accounts, credit union accounts, life insurance policies, variable and fixed annuities, mortgages, deeds of trust, or other security interests in real or personal property, whichever in the city's sole judgment will best achieve the employee's objectives. Nothing in this section shall be construed to permit any type of investment prohibited by the Constitution of the State of California. The employee's investment designations are intended to be merely an expression of investment preferences and do not obligate city to follow the employee's designations.

C. No participant of the plan or such participant's beneficiaries shall have, by reason of the plan, participation agreement, or book account, any secured or preferred interest in, or to, any assets of the city. The city shall have only a contractual obligation to pay the benefits due the participant under the plan.

D. Except as provided in Internal Revenue Code Section 457(g), all amounts of compensation deferred under this plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property and rights shall remain (until made available to the participant or his beneficiaries) solely the property and rights of the city, without being restricted to the provision of benefits under this plan, subject only to the claims of the city's general creditors.

(Ords. 25707, 26540.)

3.48.080 City participation.

Notwithstanding any other provisions of this plan, the city may make additional deposits in the deferred compensation fund as additional compensation for services to be rendered by the employee to the city during an employment period; provided:

A. The employee has elected, prior to the month in which the additional compensation is paid, to have such additional compensation deferred and invested, pursuant to this plan;

B. That such additional deposit shall not exceed the maximum deferral permitted in Section 3.48.040.

(Prior code § 2915.8; Ords. 19953, 21404, 26540.)

3.48.090 Relation to retirement system.

Any reduction in compensation of a participant under this plan shall be included as compensation of such participant for purposes of computing the amount of his or her contributions or benefits under any City of San José retirement system.

(Prior code § 2915.13; Ords. 19953, 21404, 26540.)

3.48.100 Status of participants.

Neither the establishment of the plan nor any modification thereof, nor the establishment of any book account, nor the payment of any benefits, shall be construed as giving to any participant or other person any legal or equitable right against city, except as herein provided; and in no event shall the terms of employment of any employee or participant be modified or in any way affected hereby.

(Prior code § 2915.11(a); Ords. 19953, 21404, 26540.)

3.48.110 Condition of the plan.

It is a condition of the plan and each employee by participating herein expressly agrees that he or she shall look solely to the general assets of the city for the payment of any benefit to which the employee or the employee's beneficiary is entitled under the plan.

(Prior code § 2915.11(b); Ords. 19953, 21404, 26540.)

3.48.120 Governing law.

This plan shall be construed, administered, and enforced according to the laws of the state of California.

B. A participant may elect the method of payment and the settlement options for distribution in the event of the participant's death at any time before his or her death.

C. If the participant fails to make an election of the method of payment before his or her death while still in employment status, the participant's beneficiary may elect the method of payment at any time before payments are due.

D. If no election of the method of payment has been made by the participant or the participant's beneficiary within the times provided for in this chapter, the benefits payable to the participant or the participant's beneficiary, less any federal or state income taxes required to be withheld, shall be payable in a lump sum; provided that, on or after January 1, 2002, the participant or beneficiary may elect an inter-plan transfer or a direct rollover as provided in Sections 3.48.055 and 3.48.058.

E. On or after January 1, 1997, a participant may elect to defer commencement of distributions from the plan if such election is made after amounts may be available under the plan in accordance with the requirements of Section 457(d)(1)(A) of the Internal Revenue Code of 1986, as amended, and before commencement of such distributions. A participant may make only one election under this subsection E.

F. On or after January 1, 2002, a participant's right to change his or her election with respect to commencement of distribution shall not be constrained by subsection E. Subject to such limitations on frequency of changes as may be imposed by the advisory committee or the provider(s) of the investment options selected by the participant, the participant may change the date for commencement of distribution at any time prior to distribution. Notwithstanding the foregoing, the advisory committee may, in order to ensure the orderly administration of this plan, establish a deadline after which such election to defer commencement of distribution of benefits shall not be allowed.

(Prior code § 2915.7; Ords. 19953, 21404, 22062, 22419, 25198, 26540.)

A. In the event of termination of employment because of retirement, disability, or other severance event, except death, the full benefits credited to the participant's book account plus or minus subsequent investment gains or losses, but less any federal or state income taxes required to be withheld, shall be distributed to the participant in any one or more of the following ways:

1. In a lump sum;

2. In monthly, quarterly, semiannual, or annual installments, or, for a participant eligible for an annuity payout option, installments during the lifetime of the participant with or without a provision for a period certain, but in no case less frequently than annual payments. Life expectancy shall be actuarially determined by the city based on the date the distribution shall begin. Each installment payment shall not be less than fifty dollars, unless such payment is the entire balance remaining in the participants' book account;

B. The amount payable with respect to the participant shall be paid at such times specified by the Secretary of the United States Treasury pursuant to regulations promulgated by said Secretary. Prior to January 1, 2002, distributions payable over a period of more than one year shall be made only in substantially non-increasing amounts.

B. The election provided by subsection A. above must be made no later than (1) thirty days after the occurrence of a severance event, or (2) the date the payment of benefits would otherwise commence under this chapter, whichever is earlier.

C. Except as provided in subsections E. and F. of Section 3.48.130, the election made pursuant to subsection A. above shall be irrevocable.

D. Prior to January 1, 2002, if a participant postpones payments under this section, the participant must elect the method of payment no later than thirty days prior to the date the postponed payments are due to commence.

(Ords. 22419, 24071, 25991, 26540.)

3.48.133 Date of payment of benefits.

A. A participant's book account balances may continue to be invested until, in the city's sole judgment, cash is to be withdrawn for the payment of benefits.

B. Payment of benefits under Section 3.48.131 may commence thirty-one days following the occurrence of a severance event, but in no event shall commence later than sixty days after the close of the plan year in which the severance event occurred except in the case where the participant has elected a postponement of the commencement of distribution in accordance with the terms of this plan.

C. If the participant has reached normal retirement age before the occurrence of a severance event, or will reach, or would have reached normal retirement age in the plan year of the severance event, the participant or beneficiary, in case of participant's death, may elect that payments not commence until a date within sixty days after the close of the plan year in which the severance event occurred.

D. Payment of postponed benefits under Section 3.48.132.A. or 3.48.134.E. shall commence on the first day of the month following the date or age selected by the participant or beneficiary for payment of the postponed payments.

E. Payment of benefits in the event of the death of the participant may commence sixty days after satisfactory proof of death, and shall commence no later than sixty days after the close of the plan year in which death occurred, subject to satisfactory proof of the death of the participant, unless the time for payment is extended pursuant to Section 3.48.134.E.

A. After the death of a participant, the full benefits credited to the participant's book account, less any federal or state income taxes required to be withheld by law, shall be distributed to participant's beneficiaries in the manner designated by the participant's most recent participation agreement, or amendments thereto, or other designation in writing by participant.

B. Post-Retirement Death Benefits.

1. The beneficiary of a participant who has died after distribution has started may, subject to any limitation imposed by contract between participant and a plan administrator, elect to change the method of distribution to a more rapid payout within thirty days from the date of death of participant. Once such an election has been made it may not be revoked. The beneficiary must take distribution at least as rapidly as the participant had elected.

2. Benefits shall be distributed in one of the following:

a. A lump sum.

b. Monthly, quarterly, semiannually, or annual installments over a period not greater than:

i. The life expectancy of the beneficiary if the beneficiary is the surviving spouse of the participant.

ii. Fifteen years, if the beneficiary is not the surviving spouse of the participant.

iii. No installment payment shall be less than fifty dollars unless it is the entire balance remaining in the participant's book account. Life expectancy shall be actuarially determined by the city based on the date distribution to the beneficiary shall commence.

c. A partial lump sum payment followed by monthly, quarterly, semi-annual or annual installments, provided that all payments are made within a period of ten years from the initial payment.

2. If the participant dies before he or she has begun to receive the benefits provided by this plan, the beneficiary may elect to postpone distribution of some or all of the benefits payable, to a date not later than the taxable year that the participant would have attained normal retirement age. This election may only be made within thirty days from the date of death of participant and once made may not be revoked under any circumstances. If such an election to postpone is made, the beneficiary may elect a method of payment as allowed in this section no later than thirty days prior to the date when the postponed payments are to commence.

D. All distributions made under this section shall meet the requirements of Internal Revenue Code Section 457.

(Ords. 22419, 23160, 26540.)

3.48.135 Emergency withdrawals.

If a participant is faced with an unforeseeable emergency, the participant may apply to advisory committee for withdrawal of funds from the plan. Such withdrawals shall be permitted, in the advisory committee's discretion, only in circumstances of an unforeseeable emergency.

"Unforeseeable emergency" means severe financial hardship to the participant resulting from a sudden and unexpected illness or accident of the participant or of a dependent (as defined in Internal Revenue Code Section 152(a) but without regard to Sections 152(b)(1), (b)(2), and (d)(1)(B)) of the participant, loss of the participant's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the participant. The circumstances that will constitute an unforeseeable emergency will depend upon the facts of each case, but, in any case, payment may not be made to the extent that such hardship is or may be relieved by:

- A. Reimbursement or compensation by insurance or otherwise;
- B. Liquidation of the participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship; or
- C. Cessation of deferrals under the plan.

Examples of what are not considered to be an unforeseeable emergency include the need to send a participant's child to college or the desire to purchase a home.

Withdrawal from account due to an unforeseeable emergency shall only be permitted to the extent reasonably needed to satisfy the emergency need.

Any amount so approved hereunder for withdrawal, less any taxes required to be withheld, shall be paid to the participant in a lump sum. The withdrawal shall be effective at the later of the dates specified in the participant's application, or the date approved by the city.

(Ords. 22419, 26540, 28995.)

3.48.136 Other distributions.

Notwithstanding any other provisions of this plan, the city may change the time or methods of benefit payments pursuant to this plan.

(Ords. 22419, 26540.)

3.48.137 De minimus accounts.

A. Voluntary Liquidation.

1. A participant may elect to withdraw the entire deferred compensation account balance in a lump sum if all of the following conditions are satisfied:

- a. The total balance in the account does not exceed the amount set forth in subsection B.; and
- b. There have been no deferrals under the plan with respect to the participant during the two-year period ending on the date of the distribution; and
- c. There has been no prior distribution from the plan to the participant.

2. A participant may not withdraw the account balance pursuant to this section unless the total account balance does not exceed the following amount:

- a. For withdrawals on or after January 1, 1997, but before January 1, 1998, the sum of three thousand five hundred dollars; or
- b. For withdrawals on or after January 1, 1998, the dollar limit set forth in Section 457(e)(9) of the Internal Revenue Code. On or after January 1, 2002, the value of the participant's account shall be determined without factoring in any amounts attributable to rollovers under Section 3.48.058 from eligible retirement plans other than eligible deferred compensation plans.

B. **Mandatory Liquidations.** Notwithstanding any other provision of this chapter, if the value of a participant's account upon the occurrence of a severance event is less than one thousand dollars, the participant's account shall be paid to the participant in a lump sum.

(Ords. 22614, 23160, 25198, 25466, 26540.)

3.48.140 Loans.

A. A participant who is an active employee may apply for and receive a loan from the balance of his or her account as provided in this Section 3.48.140. Any such loan may not be for an amount less than one thousand dollars (\$1,000.00).

B. No loan to a participant hereunder may exceed the lesser of:

1. Fifty thousand dollars (\$50,000.00), reduced by the excess (if any) of the highest outstanding balance on loans from the plan to the participant during the one-year period ending on the day before the date the loan is approved (not taking into account any payments made during such one-year period), over the outstanding balance of any loans from the plan to the participant on the date the loan is made; or
2. One-half of the value of the participant's vested account balance as of the day immediately preceding the date on which such loan is approved.

C. For purposes of subsection B. above:

1. Any loan from any other plan maintained by the city shall be treated as if it were a loan made from the plan and the balance of all loans under all plans maintained by the city shall be aggregated in determining the maximum loan available; and
2. The amount of any loan fee shall be deducted from the participant's account balance before the determination of the maximum loan amount available.

D. The terms of the loan shall:

1. Require level amortization with payments not less frequently than biweekly throughout the repayment period, except that, to the extent permitted by the Internal Revenue Code and the applicable treasury regulations:
 - a. A borrower who is on a bona fide unpaid leave of absence may elect to suspend payments during the unpaid leave of absence, provided that the suspension of payments shall be for a period not to exceed one year, and further provided that the term of the loan shall not be extended and the borrower must repay the loan within the term of the loan.
 - b. A borrower who is on a leave of absence for the performance of uniformed service within the meaning of Section 414(u) of the Internal Revenue Code may elect to suspend payment for the period of uniformed service. If the borrower so elects, then upon the borrower's return from uniformed service, the loan repayment period shall be extended by a period equal to the length of the uniformed service.

2. Require that the loan be repaid within five years unless the participant certifies in writing to the loan administrator that the loan is to be used to acquire a dwelling unit which within a reasonable time is to be used (determined at the time the loan is made) as a principal residence of the participant; and

3. Provide for interest at a reasonable rate, as determined by the loan administrator, commensurate with interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

E. **Security for loan; default.**

1. **Security.** Any loan to a participant under the plan shall be secured by the pledge of the portion of the participant's interest in the plan invested in such loan.

2. **Default.** In the event that a participant fails to make a loan payment by the last business day of the calendar quarter following the calendar quarter in which the payment is due, a default on the loan shall occur. In the event of such

default:

- a. All remaining payments on the loan shall be immediately due and payable;
 - b. The participant shall not be allowed to initiate another loan from the plan until the defaulted amount is repaid.
3. In the case of any default on a loan to a participant, the loan administrator shall apply the portion of the participant's interest in the plan held as security for the loan in satisfaction of the loan on the date of severance from employment.
4. Notwithstanding anything elsewhere in this chapter to the contrary, in the event a loan is outstanding on the date of a participant's death, his or her estate shall be his or her beneficiary as to the portion of the interest in the plan invested in such loan (with the beneficiary or beneficiaries as to the remainder of his or her interest in the plan to be determined in accordance with otherwise applicable provisions of the plan).

Repayment.

1. The participant shall be required, as a condition to receiving a loan, to enter into an irrevocable agreement authorizing the city to make payroll deductions from the participant's compensation as long as the participant is an employee and to transfer such payroll deduction amounts to the loan administrator in payment of such loan plus interest. Repayments of a loan shall be made by payroll deduction of equal amounts (comprised of both principal and interest) from each paycheck, with the first such deduction to be made as soon as practicable after the loan funds are disbursed.
 2. Notwithstanding paragraph 1., a participant may prepay the entire outstanding balance of his loan at any time, in whole or in part, provided that a partial prepayment shall not change the payment schedule or the interest rate on the loan.
 3. If any payroll deductions cannot be made in full because a participant is on an unpaid leave of absence and the loan suspension provision is not in effect or the participant's paycheck is insufficient for any other reason, the participant shall pay directly to the loan administrator the full amount that would have been deducted from the participant's paycheck, with such payment to be made by the last business day of the calendar month in which the amount would have been deducted.
- F. *Severance from city employment.* In the event a participant has a severance event, the outstanding balance of any loan shall be due and payable no later than the last day of the month immediately following the month in which the participant receives his or her final compensation from the city. For the purpose of this paragraph, "final compensation" includes any payments for unused accrued leave for which the participant may be eligible.
- G. *Loan fee.* The loan administrator, with the approval of the committee, may charge a loan fee for any loan made pursuant to this Section 3.48.140. The loan fee will be deducted from the participant's account balance.
- H. For the purpose of this Section 3.48.140, "loan administrator" means the person or entity authorized by the committee to administer the loan program for the plan. The committee may change the loan administrator at any time.
- I. The committee may establish such rules with respect to the loan program as the committee deems advisable, including without limitation, rules regarding the maximum number of loans that may be outstanding for any participant at any time.

(Ord. 28057.)

3.48.150 Nonassignability.

To the fullest extent permitted by law, the interest of a participant in the contractual obligation of the city, established by the plan, shall not be assignable in whole or in part, directly or by operation of law or otherwise, in any manner, and no right or interest of a participant in the city's contractual obligation shall be liable for, or subject to, any obligation or liability of such participant.

(Prior code § 2915.9; Ords. 19953, 21404, 26540.)

3.48.160 Amendment or termination of plan.

A. The city may, at any time, terminate this plan for all participants. Upon such termination, each participant in the plan will be deemed to have terminated his service as of the date of such termination, and the value of each participant's book account, less any taxes required to be withheld, shall be distributed to the participants or their beneficiaries no later than sixty days after the termination of the plan.

B. The city may also amend the provisions of this plan at any time; provided, however, that no amendment shall affect the rights of the participants or their beneficiaries to the receipt of payment of benefits, to the extent of any compensation deferred at the time of the amendment as adjusted for income attributable to such deferred compensation prior to and subsequent to the amendment.

C. This plan is intended to qualify as an eligible state deferred compensation plan under Section 457 of the Internal Revenue Code, and shall be interpreted and administered in a manner consistent with such qualification. The city reserves the right to amend the plan to the extent that may be necessary to conform the plan to the requirements of Section 457 and any other applicable law, regulation or ruling, including amendments that are retroactive to the effective date of the plan. In the event that the plan is deemed by the Internal Revenue Service to be administered in a manner inconsistent with Section 457, city shall correct such administration within the period provided in Section 457(b). The city reserves the right to take such action and do such things as are required to make the plan, as administered, consistent with Section 457.

(Prior code §§ 2915.12, 3.48.170; Ords. 19953, 21404, 26540.)

3.48.170 Limitation on city responsibility.

A. The city may, but is not required to, invest funds held pursuant to agreements between participants and city in accordance with the requests made by each participant at the time of enrollment or change in enrollment, prospectively only.

B. The city shall retain the right to approve or disapprove such investment requests. Any action by the city or the advisory committee in investing funds, or approving of any such investment of funds, shall not be considered to be either an endorsement or guarantee of any investment, nor shall it be considered to attest to the financial soundness or the suitability of any investment for the purpose of meeting future obligations as provided in Section 3.48.130. Neither city nor the advisory committee shall be liable to any participant, or to any participant's beneficiaries or heirs, or to any other person for any losses resulting from investments or funding made under the plan.

C. The city hereby establishes this deferred compensation plan on the terms and conditions set forth herein.

(Prior code §§ 2915.14, 3.48.180; Ords. 19953, 21404, 26540.)

3.48.180 Administrative costs.

The advisory committee may determine fair and equitable cost to the city in withholding deferred compensation pursuant to this plan or in making investments or otherwise administering or implementing the plan. The advisory committee may withhold or collect, or have withheld or collected such costs, in such manner as it deems equitable either (1) from the compensation deferred pursuant to the plan, the income produced from any investment with respect thereto, or from principal return from any investment, whether or not augmented, or (2) from the organization receiving such investments, where required by law to collect therefrom, or if not so required, where mutually satisfactory to such organization and the advisory committee, or (3) by direct charge to the participants or any combination of the above.

(Ords. 21404, 26540.)

3.48.181 Conforming domestic relations orders.

A. A domestic relations order means any judgment, decree or order, including approval of a property settlement agreement or separation agreement issued by a court of competent jurisdiction which relates to the provision of marital property rights of a participant and is made pursuant to the state domestic relations law of the state where the marital dissolution or separation occurred.

B. The plan shall only recognize domestic relations orders that the advisory committee, in accordance with its authority under Section 3.48.060, determines are conforming domestic relations orders.

C. A conforming domestic relations order is a domestic relations order that the advisory committee determines

conforms with the following guidelines:

1. The order may provide for the establishment of a separate account for the nonparticipant spouse under the plan. For purposes of this section, "nonparticipant spouse" equally refers to current or former spouse of a participant.
2. The order may provide, with respect to any separate account established for the nonparticipant spouse, that the nonparticipant spouse shall have the right:
 - a. To direct the investment of the account in accordance with the provisions of the plan;
 - b. To elect the time and form of distribution from the options available under the plan, provided that distributions shall not commence earlier than provided in paragraph 3. below;
 - c. To designate beneficiaries of the separate account in the event of the nonparticipant spouse's death, in accordance with the procedures provided under the plan;
 - d. To have all distributions from the account of the nonparticipant spouse made directly to the nonparticipant spouse or his or her beneficiary.
3. To conform, the order:
 - a. May not accelerate or increase any benefit provided under the plan or create any rights greater than the participant's rights under the plan and under Section 457 of the Internal Revenue Code of 1986, and may not conflict in any other way with the plan's distribution provisions or the requirements and limitations of Sections 401(a)(9), and 457 (d) of the Internal Revenue Code of 1986 as amended; provided that after December 31, 2001, the nonparticipant spouse who has been awarded a separate account may elect to commence distribution of the nonparticipant spouse's separate account prior to the occurrence of a severance event for the participant.
 - b. May not allow the nonparticipant spouse to defer compensation under the plan except to the extent the nonparticipant spouse is an employee otherwise authorized to become a participant under the plan; and
 - c. May provide that all distributions made to the nonparticipant spouse shall be made directly to the nonparticipant spouse or beneficiary, as applicable.
4. The order shall also conform with such additional guidelines as the advisory committee shall establish from time to time including, with regard to the following:
 - a. Provision for the withholding of taxes required by applicable law;
 - b. Provision that the participant and/or the nonparticipant spouse be required to pay any expenses incurred by the city in connection with the order including, without limitation, the costs of any legal action taken by the city relating to the order;
 - c. Any requirement that the nonparticipant spouse provide the advisory committee with such written requests, consents or instructions as the advisory committee may require in accordance with the provisions of the plan; and
 - d. Provision expressly acknowledging that the city's obligation to the participant is reduced to the extent that payments are to be made to the nonparticipant spouse.

(Ords. 24404, 25787, 26540.)

3.48.185 Repeal.

The amendments to the plan made by the urgency ordinance adopted December 18, 2001, were made to implement provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA). In the event the EGTRRA provisions implemented by the urgency ordinance terminate, expire or are repealed, the amendments made by the urgency ordinance shall be deemed terminated, expired or repealed to the extent necessary to conform this plan to the requirements of Internal Revenue Code Section 457.

Exhibit B

ARTICLE XV-A RETIREMENT

PUBLIC EMPLOYEE PENSION PLAN AMENDMENTS - TO ENSURE FAIR AND SUSTAINABLE RETIREMENT BENEFITS WHILE PRESERVING ESSENTIAL CITY SERVICES

The Citizens of the City of San Jose do hereby enact the following amendments to the City Charter which may be referred to as:
"The Sustainable Retirement Benefits and Compensation Act."

Section 1501-A: FINDINGS

The following services are essential to the health, safety, quality of life and well-being of San Jose residents: police protection; fire protection; street maintenance; libraries; and community centers (hereafter "Essential City Services").

The City's ability to provide its citizens with Essential City Services has been and continues to be threatened by budget cuts caused mainly by the climbing costs of employee benefit programs, and exacerbated by the economic crisis. The employer cost of the City's retirement plans is expected to continue to increase in the near future. In addition, the City's costs for other post employment benefits – primarily health benefits – are increasing. To adequately fund these costs, the City would be required to make additional cuts to Essential City Services.

By any measure, current and projected reductions in service levels are unacceptable, and will endanger the health, safety and well-being of the residents of San Jose.

February 8, 2011

Without the reasonable cost containment provided in this Act, the economic viability of the City, and hence, the City's employment benefit programs, will be placed at an imminent risk.

The City and its residents always intended that post employment benefits be fair, reasonable and subject to the City's ability to pay without jeopardizing City services. At the same time, the City is and must remain committed to preserving the health, safety and well-being of its residents.

By this Act, the voters find and declare that post employment benefits must be adjusted in a manner that protects the City's viability and public safety, at the same time allowing for the continuation of fair post-employment benefits for its workers.

The Charter currently provides that the City retains the authority to amend or otherwise change any of its retirement plans, subject to other provisions of the Charter.

This Act is intended to strengthen the finances of the City to ensure the City's sustained ability to fund a reasonable level of benefits as contemplated at the time of the voters' initial adoption of the City's retirement programs. It is further designed to ensure that future retirement benefit increases be approved by the voters.

Section 1502-A: INTENT

This Act is intended to ensure the City can provide reasonable and sustainable post employment benefits while at the same time delivering Essential City Services to the residents of San Jose.

February 8, 2012

The City reaffirms its plenary authority as a charter city to control and manage all compensation provided to its employees as a municipal affair under the California Constitution.

The City reaffirms its inherent right to act responsibly to preserve the health, welfare and well-being of its residents.

This Act is not intended to deprive any current or former employees of benefits earned and accrued for prior service as of the time of the Act's effective date; rather, the Act is intended to preserve earned benefits as of the effective date of the Act.

This Act is not intended to reduce the pension amounts received by any retiree or to take away any cost of living increases paid to retirees as of the effective date of the Act.

The City expressly retains its authority existing as of January 1, 2012, to amend, change or terminate any retirement or other post employment benefit program provided by the City pursuant to Charter Sections 1500 and 1503.

Section 1503-A. Act Supersedes All Conflicting Provisions

The provisions of this Act shall prevail over all other conflicting or inconsistent wage, pension or post employment benefit provisions in the Charter, ordinances, resolutions or other enactments.

The City Council shall adopt ordinances as appropriate to implement and effectuate the provisions of this Act. The goal is that such ordinances shall become effective no later than September 30, 2012.

February 8, 20

Section 1504-A. Reservation of Voter Authority

The voters expressly reserve the right to consider any change in matters related to pension and other post employment benefits. Neither the City Council, nor any arbitrator appointed pursuant to Charter Section 1111, shall have authority to agree to or provide any increase in pension and/or retiree healthcare benefits without voter approval, except that the Council shall have the authority to adopt Tier 2 pension benefit plans within the limits set forth herein.

Section 1505-A. Reservation of Rights to City Council

Subject to the limitations set forth in this Act, the City Council retains its authority to take all actions necessary to effectuate the terms of this Act, to make any and all changes to retirement plans necessary to ensure the preservation of the tax status of the plans, and at any time, or from time to time, to amend or otherwise change any retirement plan or plans or establish new or different plan or plans for all or any officers or employees subject to the terms of this Act.

Section 1506-A. Current Employees

(a) "Current Employees" means employees of the City of San Jose as of the effective date of this Act and who are not covered under the Tier 2 Plan (Section 8).

(b) Unless they voluntarily opt in to the Voluntary Election Program ("VEP," described herein), Current Employees shall have their compensation adjusted through additional retirement contributions in increments of 4% of pensionable pay per year, up to a maximum of 16%, but no more than 50% of the costs to

February 8, 2013

amortize any pension unfunded liabilities, except for any pension unfunded liabilities that may exist due to Tier 2 benefits in the future. These contributions shall be in addition to employees' normal pension contributions and contributions towards retiree healthcare benefits.

(c) The starting date for an employee's compensation adjustment under this Section shall be June 23, 2013, regardless of whether the VEP has been implemented. If the VEP has not been implemented for any reason, the compensation adjustments shall apply to all Current Employees.

(d) The compensation adjustment through additional employee contributions for Current Employees shall be calculated separately for employees in the Police and Fire Department Retirement Plan and employees in the Federated City Employees' Retirement System.

(e) The compensation adjustment shall be treated in the same manner as any other employee contributions. Accordingly, the voters intend these additional payments to be made on a pre-tax basis through payroll deductions pursuant to applicable Internal Revenue Code Sections. The additional contributions shall be subject to withdrawal, return and redeposit in the same manner as any other employee contributions.

Section 1507-A: One Time Voluntary Election Program ("VEP")

The City Council shall adopt a Voluntary Election Program ("VEP") for all Current Employees who are members of the existing retirement plans of the City as of the effective date of this Act. The implementation of the VEP is contingent upon receipt of

February 8, 20

IRS approval. The VEP shall permit Current Employees a one time limited period to enroll in an alternative retirement program which, as described herein, shall preserve an employee's earned benefit accrual; the change in benefit accrual will apply only to the employee's future City service. Employees who opt into the VEP will be required to sign an irrevocable election waiver (as well as their spouse or domestic partner, former spouse or former domestic partner, if legally required) acknowledging that the employee irrevocably relinquishes his or her existing level of retirement benefits and has voluntarily chosen reduced benefits, as specified below.

The VEP shall have the following features and limitations:

(a) The plan shall not deprive any Current Employee who chooses to enroll in the VEP of the accrual rate (e.g. 2.5%) earned and accrued for service prior to the VEP's effective date; thus, the benefit accrual rate earned and accrued by individual employees for that prior service shall be preserved for payment at the time of retirement.

(b) Pension benefits under the VEP shall be based on the following limitations:

- (i) The accrual rate shall be 2.0% of "final compensation", hereinafter defined, per year of service for future years of service only.
- (ii) The maximum benefit shall remain the same as the maximum benefit for Current Employees.
- (iii) The current age of eligibility for service retirement under the existing plan as approved by the City

Council as of the effective date of the Act for all years of service shall increase by six months annually on July 1 of each year until the retirement age reaches the age of 57 for employees in the Police and Fire Department Retirement Plan and the age of 62 for employees in the Federated City Employees' Retirement System. Earlier retirement shall be permitted with reduced payments that do not exceed the actuarial value of full retirement. For service retirement, an employee may not retire any earlier than the age of 55 in the Federated City Employees' Retirement System and the age of 50 in the Police and Fire Department Retirement Plan.

- (iv) The eligibility to retire at thirty (30) years of service regardless of age shall increase by 6 months annually on July 1 of each year starting July 1, 2017.
- (v) Cost of living adjustments shall be limited to the increase in the consumer price index, (San Jose – San Francisco – Oakland U.S. Bureau of Labor Statistics index, CPI-U, December to December), capped at 1.5% per fiscal year. The first COLA adjustment following the effective date of the Act will be prorated based on the number of remaining months in the year after retirement of the employee.
- (vi) "Final compensation" shall mean the average annual pensionable pay of the highest three consecutive years of service.
- (vii) An employee will be eligible for a full year of service credit upon reaching 2080 hours of regular time

February 8, 2011

worked (including paid leave, but not including overtime).

(c) The cost sharing for the VEP for current service or current service benefits ("Normal Cost") shall not exceed the ratio of 3 for employees and 8 for the City, as presently set forth in the Charter. Employees who opt into the VEP will not be responsible for the payment of any pension unfunded liabilities of the system or plan.

(d) VEP Survivorship Benefits.

(i) Survivorship benefits for a death before retirement shall remain the same as the survivorship benefits for Current Employees in each plan.

(ii) Survivorship benefits for a spouse or domestic partner and/or child(ren) designated at the time of retirement for death after retirement shall be 50% of the pension benefit that the retiree was receiving. At the time of retirement, retirees can at their own cost elect additional survivorship benefits by taking an actuarially equivalent reduced benefit.

(e) VEP Disability Retirement Benefits.

(i) A service connected disability retirement benefit, as hereinafter defined, shall be as follows:

The employee or former employee shall receive an annual benefit based on 50% of the average annual pensionable pay of the highest three consecutive years of service.

- (ii) A non-service connected disability retirement benefit shall be as follows:

The employee or former employee shall receive 2.0% times years of City Service (minimum 20% and maximum of 50%) based on the average annual pensionable pay of the highest three consecutive years of service. Employees shall not be eligible for a non-service connected disability retirement unless they have 5 years of service with the City.

- (iii) Cost of Living Adjustment ("COLA") provisions will be the same as for the service retirement benefit in the VEP.

Section 1508-A: Future Employees - Limitation on Retirement Benefits - Tier 2

To the extent not already enacted, the City shall adopt a retirement program for employees hired on or after the ordinance enacting Tier 2 is adopted. This retirement program - for new employees - shall be referred to as "Tier 2."

The Tier 2 program shall be limited as follows:

- (a) The program may be designed as a "hybrid plan" consisting of a combination of Social Security, a defined benefit plan and/or a defined contribution plan. If the City provides a defined benefit plan, the City's cost of such plan shall not exceed 50% of the total cost of the Tier 2 defined benefit plan (both normal cost and unfunded liabilities). The City may contribute to a defined contribution or other retirement plan only when and to the extent

February 8, 2011

the total City contribution does not exceed 9%. If the City's share of a Tier 2 defined benefit plan is less than 9%, the City may, but shall not be required to, contribute the difference to a defined contribution plan.

(b) For any defined benefit plan, the age of eligibility for payment of accrued service retirement benefits shall be 65, except for sworn police officers and firefighters, whose service retirement age shall be 60. Earlier retirement may be permitted with reduced payments that do not exceed the actuarial value of full retirement. For service retirement, an employee may not retire any earlier than the age of 55 in the Federated City Employees' Retirement System and the age of 50 in the Police and Fire Department Retirement Plan.

(c) For any defined benefit plan, cost of living adjustments shall be limited to the increase in the consumer price index (San Jose - San Francisco - Oakland U.S. Bureau of Labor Statistics index, CPI-U, December to December), capped at 1.5% per fiscal year. The first COLA adjustment will be prorated based on the number of months retired.

(d) For any defined benefit plan, "final compensation" shall mean the average annual earned pay of the highest three consecutive years of service. Final compensation shall be base pay only, excluding premium pays or other additional compensation.

(e) For any defined benefit plan, benefits shall accrue at a rate not to exceed 2% per year of service, not to exceed 65% of final compensation.

February 8, 2011

(f) For any defined benefit plan, an employee will be eligible for a full year of service credit upon reaching 2080 hours of regular time worked (including paid leave, but not including overtime).

(g) Employees who leave or have left City service and are subsequently rehired or reinstated shall be placed into the second tier of benefits (Tier 2). Employees who have at least five (5) years of service credit in the Federated City Employees' Retirement System or at least ten (10) years of service credit in the Police and Fire Department Retirement Plan on the date of separation and who have not obtained a return of contributions will have their benefit accrual rate preserved for the years of service prior to their leaving City service.

(h) Any plan adopted by the City Council is subject to termination or amendment in the Council's discretion. No plan subject to this section shall create a vested right to any benefit.

Section 1509-A: Disability Retirements

(a) To receive any disability retirement benefit under any pension plan, City employees must be incapable of engaging in any gainful employment for the City, but not yet eligible to retire (in terms of age and years of service). The determination of qualification for a disability retirement shall be made regardless of whether there are other positions available at the time a determination is made.

(b) An employee is considered "disabled" for purposes of qualifying for a disability retirement, if all of the following is met:

(i) An employee cannot do work that they did before; and

February 8, 2011

(ii) It is determined that

1) an employee in the Federated City Employees' Retirement System cannot perform any other jobs described in the City's classification plan because of his or her medical condition(s); or

2) an employee in the Police and Fire Department Retirement Plan cannot perform any other jobs described in the City's classification plan in the employee's department because of his or her medical condition(s); and

(iii) The employee's disability has lasted or is expected to last for at least one year or to result in death.

(c) Determinations of disability shall be made by an independent panel of medical experts, appointed by the City Council. The independent panel shall serve to make disability determinations for both plans. Employees and the City shall have a right of appeal to an administrative law judge.

(d) The City may provide matching funds to obtain long term disability insurance for employees who do not qualify for a disability retirement but incur long term reductions in compensation as the result of work related injuries.

(e) The City shall not pay workers' compensation benefits for disability on top of disability retirement benefits without an offset to the service connected disability retirement allowance to eliminate duplication of benefits for the same cause of disability, consistent with the current provisions in the Federated City Employees' Retirement System.

Section 1510-A: Emergency Measures to Contain Retiree Cost of Living Adjustments

If the City Council adopts a resolution declaring a fiscal and service level emergency, with a finding that it is necessary to suspend increases in cost of living payments to retirees the City may adopt the following emergency measures, applicable to retirees (current and future retirees employed as of the effective date of this Act):

(a) Cost of living adjustments ("COLAs") shall be temporarily suspended for all retirees in whole or in part for up to five years. The City Council shall restore COLAs prospectively (in whole or in part), if it determines that the fiscal emergency has eased sufficiently to permit the City to provide essential services protecting the health and well-being of City residents while paying the cost of such COLAs.

(b) In the event the City Council restores all or part of the COLA, it shall not exceed 3% for Current Retirees and Current Employees who did not opt into the VEP and 1.5% for Current Employees who opted into the VEP and 1.5% for employees in Tier 2.

Section 1511-A: Supplemental Payments to Retirees

The Supplemental Retiree Benefit Reserve ("SRBR") shall be discontinued, and the assets returned to the appropriate retirement trust fund. Any supplemental payments to retirees in addition to the benefits authorized herein shall not be funded from plan assets.

Section 1512-A: Retiree Healthcare

(a) **Minimum Contributions.** Existing and new employees must contribute a minimum of 50% of the cost of retiree healthcare, including both normal cost and unfunded liabilities.

(b) **Reservation of Rights.** No retiree healthcare plan or benefit shall grant any vested right, as the City retains its power to amend, change or terminate any plan provision.

(c) **Low Cost Plan.** For purposes of retiree healthcare benefits, "low cost plan" shall be defined as the medical plan which has the lowest monthly premium available to any active employee in either the Police and Fire Department Retirement Plan or Federated City Employees' Retirement System.

Section 1513-A: Actuarial Soundness (for both pension and retiree healthcare plans)

(a) All plans adopted pursuant to the Act shall be subject to an actuarial analysis publicly disclosed before adoption by the City Council, and pursuant to an independent valuation using standards set by the Government Accounting Standards Board and the Actuarial Standards Board, as may be amended from time to time. All plans adopted pursuant to the Act shall: (i) be actuarially sound; (ii) minimize any risk to the City and its residents; and (iii) be prudent and reasonable in light of the economic climate. The employees covered under the plans must share in the investment, mortality, and other risks and expenses of the plans.

(b) All of the City's pension and retiree healthcare plans must be actuarially sound, with unfunded liabilities determined annually

through an independent audit using standards set by the Government Accounting Standards Board and the Actuarial Standards Board. No benefit or expense may be paid from the plans without being actuarially funded and explicitly recognized in determining the annual City and employee contributions into the plans.

(c) In setting the actuarial assumptions for the plans, valuing the liabilities of the plans, and determining the contributions required to fund the plans, the objectives of the City's retirement boards shall be to:

(i) achieve and maintain full funding of the plans using at least a median economic planning scenario. The likelihood of favorable plan experience should be greater than the likelihood of unfavorable plan experience; and

(ii) ensure fair and equitable treatment for current and future plan members and taxpayers with respect to the costs of the plans, and minimize any intergenerational transfer of costs.

(d) When investing the assets of the plans, the objective of the City's retirement boards shall be to maximize the rate of return without undue risk of loss while having proper regard to:

(i) the funding objectives and actuarial assumptions of the plans; and

(ii) the need to minimize the volatility of the plans' surplus or deficit and, by extension, the impact on the volatility of contributions required to be made by the City or employees.

Section 1514-A: Savings

In the event Section 6 (b) is determined to be illegal, invalid or unenforceable as to Current Employees (using the definition in Section 6(a)), then, to the maximum extent permitted by law, an equivalent amount of savings shall be obtained through pay reductions. Any pay reductions implemented pursuant to this section shall not exceed 4% of compensation each year, capped at a maximum of 16% of pay.

Section 1515-A: Severability

(a) This Act shall be interpreted so as to be consistent with all federal and state laws, rules and regulations. The provisions of this Act are severable. If any section, sub-section, sentence or clause ("portion") of this Act is held to be invalid or unconstitutional by a final judgment of a court, such decision shall not affect the validity of the remaining portions of this amendment. The voters hereby declare that this Act, and each portion, would have been adopted irrespective of whether any one or more portions of the Act are found invalid. If any portion of this Act is held invalid as applied to any person or circumstance, such invalidity shall not affect any application of this Act which can be given effect. In particular, if any portion of this Act is held invalid as to Current Retirees, this shall not affect the application to Current Employees. If any portion of this Act is held invalid as to Current Employees, this shall not affect the application to New Employees. This Act shall be broadly construed to achieve its stated purposes. It is the intent of the voters that the provisions of this Act be interpreted or implemented by the City, courts and others in a manner that facilitates the purposes set forth herein.

(b) If any ordinance adopted pursuant to the Act is held to be invalid, unconstitutional or otherwise unenforceable by a final judgment, the matter shall be referred to the City Council for determination as to whether to amend the ordinance consistent with the judgment, or whether to determine the section severable and ineffective.
